

# Country Squire Sold To Cates & Quinn Co.

Charles F. Cates & Sons, Inc., and Quinn Wholesale Company, Inc. have purchased The Country Squire and the Vintage Inn. This includes all assets of both operations, with a fifty percent ownership in the corporation for each. William Hennessee is president, Milford Quinn vice-president, and Gerald Quinn the secretary-treasurer. An operations corporation was also formed to operate the restaurant. This is owned by Cates Quinn Corporation and Scotty and Iris Lennon. Officers of this company are Scotty Lennon, president; Milford Quinn, vice-president; and William Hennessee, secretary-treasurer. Milford Quinn said, "This new company will maintain and operate The Country Squire and the Vintage Motel in the fashion that we knew it to be in the beginning. We feel these two establishments are important and valuable contributions to Kenansville, and to Duplin County, and that this area needs the facilities badly. Our intentions are to have the most outstanding restaurant and motel in Eastern North Carolina. Both Cates and Quinn Company use these facilities for entertainment and

sleeping accommodations for most of our out-of-town guests." Quinn went on to say, "The Squire has been here for 23 years; we want to upgrade it as it was when Joe West ran it. It has run down. Hugh (Scotty) and Iris Lennon will run the operation, and Joe West will assist." Bill Hennessee stated the new company will be looking into beginning a luncheon. "We want to see what is really needed — a quick lunch for those who have only an hour, or a club luncheon for those who want to meet and eat for a couple of hours — or even both. The new company took over operations today (Monday, Oct. 1st). We are going to run a quality-class restaurant. We need to get the feel of things and we will be operating the same hours for a while." There is an agreement between Cates and Quinn that if either company sells, it must sell to the other. This was pointed out Monday night as Milford Quinn and Bill Hennessee appeared before the Kenansville town board asking for a satellite annexation. The board gave their nod of approval for the new company to begin the necessary paperwork for the annexation.

## SON OF A GUN

by Joe Lanier

It appears the Board of Trustees at James Sprunt has decided to put the new-found money from the Legislature into a new student services center on the James Sprunt campus at Kenansville. They have also entered into a contract with Duplin County schools to use the Wallace-Rose Hill High School building and some of the equipment for instruction during the off-school hours such as in the afternoon, evenings and weekends. Also in Wallace, they have entered into a lease agreement with the Wallace Recreation Department to use rooms at the building at Clement Park. Most of the use of the school will be for education, and the park building for hobby-type instruction. This, to me, seems to be a wise and sound solution at the present time. . . The next problem for James Sprunt is the naming of the Dean of Students, a position just vacated involuntarily by Gene Ballard. We are all waiting to see who won. . . Which side at the college. . . And, there still remains at least two sides on campus working to get the power. . . The weaknesses

County, since they are in the other two programs I mentioned at the beginning. We shall see in the very near future who is named to this very important position. . . This position is probably the most important position at the college. As far as benefits

received, it even ranks above the president. . . It definitely is not a job to pass on to just anybody. . .

I have been intending to say it, but seems I would run out of space before I got around to it. . . So here I will place it, near the beginning, to get it said. I have been critical of what, to me, seemed to be procrastination when winter storms come to Duplin. . . And the school buses are not stopped soon enough. . . School is not turned out soon enough. . . Parents and students are not told soon enough. . . icy roads and young drivers, or old drivers for that matter, frighten the dickens out of

me. There is no human way to control a skidding bus or auto on ice. . . But, what I wanted to say is. . . What a great job was done during the summer storm Dianna. . . School was turned out before the high winds struck. . . Luckily they did not. . . We knew in plenty of time there was no school the next day, and when it did return to normal, we thought, and we found out, water was rising to flood highways, and school was turned out again without any hesitation. . . I believe in taking no chances with these youngsters. . . If there is any doubt, stop it. Be safe. Don't be sorry. Don't let Duplin County be in the headlines with school bus fatalities. . . Son-of-a-Gun. . .

manager of B.F. Grady Elementary School cafeteria, outlined plans for the year. A major emphasis will be on participation in PIPPAN, an incentive plan sponsored by the N.C. School Food Service Association and the Department of Child Nutrition, Department of Public Instruction, which brings recognition and improvement in individual school programs. A new project will be a culinary arts and seasonal decorations contest to be held in the spring. Members of the association are employees of the food service department. The association is the

professional organization for such workers and is affiliated with the state and national organization. Membership benefits include opportunities for professional improvement and personal growth, according to Shelby M. Kilpatrick, director.

Noah Webster spent thirty-six years writing his dictionary.

## Duplin County School Food Service Assoc. Meets

At a meeting Sept. 26, members of the Duplin School Food Service Association viewed a film on the Heimlich Maneuver for relieving choking, and heard Becky Buckner of the Duplin EMT squad explain and demonstrate the procedure. The food service employees, who serve the students of Duplin County schools, learned that a knowledge of basic first aid can be useful in the event of emergencies.
