Duplin Man Freezes To Death

Cold temperatures have been attributed as the cause of death for a Duplin man. Willard Phillips was found dead on the floor of his mobile home by Duplin Rescue workers early Monday morning. The report came by Phillips' neighbors who checked on the man because temperatures had dropped so cold. Dr. Corbett Quinn, medical examiner, reported Phillips had frozen "stiff" to death.

Kenansville Town Tags

Kenansville town license plates are available at the Town Hall for \$2 each. According to town ordinance, each owner of a vehicle operated in the town of Kenansville must purchase a license plate before Feb. 15. These plates do not have to be displayed on the vehicle. The penalty for failure to purchase said license plates is payment of \$5 to the town tax collector as a civil penalty in lieu of criminal prosecution. The ordinance provides for the waiver of purchase for any individuals serving as firemen or as members of emergency medical teams. No more than one motor vehicle owned by each member is to be exempted from the ordinance.

Telephone Construction

A construction project designed to expand telephone cable facilities along Secondary Road 1801 southeast of Beulaville was completed Dec. 1, 1984. The undertaking approximate cost was \$36,224. It was proposed to plow approximately 12,651 feet of 100-pair cable and to place approximately 549 feet of 100-pair cable on existing pole lines. The work was necessary to relieve existing facilities and should care for the forecast feed area requirements until 1992. This area has experienced steady growth during recent years due to re-grade activity and requests for new service.

CARD OF THANKS

These words come to mind. Life would be a much sweeter place by far if all were as nice as you are. Thank you all for everything you have done for us in our time of sorrow.
