19th Hole

Pro. I.B. Duffer

GOLF

By Brad Edens

12-year-old Golf Champ at DCC
Do you know what an eagle is? A birdie is when you have a good score under a birdie. A birdie is good. But you have to be a good golfer like Tom Watson. There are three ways to play golf. You can play regular, two man best ball or superball. To me super ball is the funnest. I live at Duplin County Club, and the 10th hole is behind my house. There are serien things you use to play golf. The best score at D.C.C. is by Epister Johnson he made a 66 on 18 holes. He was my buddy. When I play with him he drives the green. He has been playing golf since he was a little boy. When you play golf if you try to killeit, you wont hit it no where.

There are alot of balls you can use. There are toptites, titlas, Hogan, pinocle and Others. First you go up to the tee put the ball on a tee get in you stance a swing easy. When your teeing off you use a 1 wood. It depends on were you are to decide what club to use. If you are about 20

yards away you use a pitching wedge. When you play golf you need a hat or visor. If you have never played golf it's fun. Try it!

If you want to take golf lessons call Rick Green at 296-0919 he will find someone to give you golf lessons, I think.

DCC Pro Rick Green released the following golf information that includes rank of golfer, name and honorable mention golfer. Green said, "We have a hard time picking a top ten, so we are picking 11 through 20 at DCC."

Fore.

JK Morehead Nominees

The scholarship committee of James Kenan High School announced the 1985-86 Morehead Scholarship nominees last week. Selected as Morehead nominees are James Kenan seniors Trudi Williams and Jeff Houston.

Trudi is the daughter of John and Sandra Williams of Magnolia and she served as Chief Marshal of the 1985 graduating class.

She is a current member of the James Kenan drama and pep clubs and the National Honor Society. After school hours she is employed with the Kenansville Drug Store. Trudi is also a member of the Duplin

4-H and the Magnolia Baptist Church.

Trudi is among the students selected to receive Duplin County Academic Award recognition, she was a Governor's School nominee, and participated in the East Carolina University math contest and the N.C. School of Science and Mathematics summer ventures as a junior at James Kenan. Trudi received several academic course awards and served her school as a member of the quiz bowl team last year.

Jeff Houston is the son of Roy and Anne Houston of Kenansville.

He is a current member of the James Kenan annual staff and works after school hours with the purchasing department of Duplin General Hospital in Kenansville.

Jeff served as a marshal for the 1985 graduating class and president of the high school Future Farmers of America last school year. He also participated in the 4-H learning leadership conference at Camp Eagle's Nest, lettered in varsity football, assisted in Tree Day at the Duplin Agricultural Extension Service, attended a statewide Presbyterian youth conference at Fort Caswell and was active in local radio broadcasts supporting National FFA Week during his junior year at James Kenan.

Currently Jeff is a member of the Duplin County Agribusiness Council and the Duplin County Fair Association.

Morehead Scholarship nominations begin at the high school level and continue through county, district and final state competition. Each year approximately 70 high school seniors are selected as Morehead Scholars. The scholarships to the University of North Carolina at Chapel Hill award more than \$7,000 each of the student's four years as an undergraduate.

Duplin seniors have been named among Morehead Scholarship winners each of the past two years. Named a Morehead Scholar in 1984 was Camille Grady, a graduate of East Duplin High School, and in 1985, Patrick Simpson, a North Duplin High School graduate.

Clinton At JK: W-RH Hosts White Oak East Central 2-A Football Round-Up

Clinton: Wallace-Rose Hill's Johnny Johnson scored three touchdowns, recovered a fumble and rushed for 110 yards last Friday in Clinton to lead the unbeaten Bulldogs to an impressive 32-19 win in the ECC.

The Bulldogs of Coach Jack Holley ranked second in the East in 2-A football, led 20-7 at halftime and scored on their first possession in the second half, spoiling a huge crowd

of 4,500 for the Dark Horses. Coach Holley's defense destroyed the Horses right from the start in an outstanding performance. Clinton's scoring came late in the game and was no indication of the type game the Bulldogs played.

Richlands: White Oak, the unknown power in the ECC, simply shut down the Wildcats of Richlands to the tune of 28-0. The big Vikes

used mostly reserves all night against the Cats. As you know, the ECC title is on the line this week as the Wallace-Rose Hill Bulldogs host White Oak in Wallace.

Warsaw: James Kenan, idle this past week, tangles with those same Dark Horses that Wallace-Rose Hill embarrassed last week in Clinton. The Tiger-Clinton matchup should settle another playoff berth, if three teams go into state playoff games. James Kenan and Clinton are tied for third place in the ECC with 1-1 marks.

Support your team.

Whitley Mobile Office

Congressman Whitley's third district mobile office will visit Duplin County on Oct. 24. William McPhail, field representative, will be manning the office and available to those having matters they wish brought to Whitley's attention.

Locations and times are: Wallace - 9:30-10:30 a.m., Rockfish Plaza; Kenansville - 11 - 12 noon, Old Elementary School; and Albemarle - 12:30-1:30 p.m., Post Office.

The schedule is subject to weather conditions affecting travel.

The painter, Rembrandt, created 62 Self-Portraits.

Duplin Affected By Contract

The N.C. Board of Transportation at its meeting last week approved a contract to pave four miles of Interstate 40 in Duplin and Pender counties.

The contract, awarded to Adams Construction Co. of Roanoke, Va., calls for paving I-40 from NC-41 to US-117, east of Wallace. The contract was awarded for \$3.5 million.

Board of Transportation member Tommy Pollard of Jacksonville, who represents Duplin and Pender on the board, said the board's approval of the contract was in keeping with its commitment to complete Interstate 40 between Benson and Wilmington.

Construction is scheduled to begin in November and should be complete by November, 1986.

Grant Funds May Expand Beulaville Water System

Beulaville Commissioners agreed the town needs an additional water tank and well during the October meeting of the board. Some financial help in the form of state water and sewer grants to local governments may help fund Beulaville's new tank and well.

Currently the Beulaville water system pumps from two wells on the same vein into one tank and local firemen say a large fire could drain the system. Through the North Carolina grants to local governments, Duplin has been allocated \$405,960 of which Beulaville's part is set at \$10,471. Funds must be requested at the county level by Dec. 1 and the final deadline at the state level is March 1. The grant funds are to be matched by municipalities. According to Beulaville Mayor Wilbur Hussey, the town could use the funds to connect to the Chinquapin water system and erect a tank and install a well near the Beulaville town limits where the two systems meet.

Commissioner Elvis Sumner suggested the funds be used to waterproof town sewer system manholes. A decision on the application and use of the grant funds will be made at the November meeting of the board.

Bids to survey and map the corporate limits of the town of Beulaville were presented to the Commissioners. The contract was awarded to McDavid and Associates with the low bid of \$3,820. Ten bids were submitted ranging from a high of \$8,600 to \$3,820.

Doug Clark, a Kenansville certified public accountant, ended a 12-year association with Beulaville as town auditor at the board meeting last week. Clark submitted the town audit from the budget year completed in June and a bill for work on the town's community development

FACTS & FIGURES

An important tax incentive that makes owning a home easier for typical families would be eliminated by the President's tax reform proposal. The repeal of deductions for state and local property taxes—which run between \$800 and \$1,600 a year for typical home owners—would increase the after-tax cost of homeownership for many, especially in high-tax areas.
