## Bluegrass Association Meets In Kinston

**By Carol Tyndall**  
The Eastern North Carolina Bluegrass Association, Inc. met at the Lenoir County Livestock Arena for the annual meeting and election of officers.

President Bob Gaddis presided. He presented certificates of appreciation to bands who have volunteered their time to play since the inception of the ENCBA in 1978. He praised those who show up each month to help set up chairs and clean up afterwards.

Officers for 1986 are: President - Bob Gaddis; Vice-President - Paul Garvey; Secretary - Joyce Garvey; Treasurer - Joan Thayer; Publicity Director - Carol D. Tyndall; and Directors - Jack Hardin, Durwood Small, Carroll Stanley and Dallas Turner.

The musical segment started at 7 p.m. with Carolina Bluegrass. Other bands during the evening were: The Hill Family Band, New Dixie Grass, Showdown, Three Plus, Gina Britt from Star, and Saltwater Grass.

The Eastern North Carolina Bluegrass Association is a non-profit organization formed to promote bluegrass music as good, clean family entertainment. All bands play on a volunteer basis and come from all over the state. ENCBA musical gatherings are held the second Saturday night of each month at the livestock arena south of Kinston on Highway 11-55. Family membership is \$15 per year and non-members pay \$2 at the door. Only accoustical instruments are allowed on stage with the exception of bass guitars. Average attendance is 450 per

month with many folks bringing folding chairs or cushions for comfort on the bleachers.

The Lenoir County 4-H clubs man the concession stand and plenty of good food is available during the night. Doors open at 6 p.m. The public is cordially invited to attend each month.

For further information, contact Bob Gaddis at 527-3760 or Carol Tyndall at 522-1066.

The Eastern NCBA is a charter member of the International BA headquartered in Nashville, Tenn.

## Selects Winners

Miss Liberty, Tina Long, pictured above, has drawn two lucky names of recipients to receive a free Christmas tree this year. Everyone who purchased a tree last year from Stroud's Christmas Tree Sales put their name in a box to register for a tree this season. Winners were Janie and Hugh Turner of Route 1, Pink Hill, winners of a Frazier fir, and Aaron Smith of Route 1, Albertson, winner of a white pine.

means dressing to keep warm and not over-dressing so that you perspire. Then you feel clammy and cold rather than toasty warm.

The secret is to wear lightweight layers of clothes you can adjust or take off when you get too warm. Select those layered-look clothes with an eye for built-in ventilation features.

For instance, winter jackets with zippers that open either direction are a good choice. The two-way zippers allow you to keep comfortable and dry without taking off the entire garment.

For indoor clothes, look for tops that can be opened at the neckline, rather than turtle or crew necks.

And there is a bonus. You will not have to sacrifice fashion for comfort. Cardigan sweaters, vests and jackets worn over other clothes offer a great winter look. If you get too warm, one or two layers can easily be taken off.

So keep warm and dry this winter by adjusting your clothes rather than by turning up the thermostat. You will look fashionable and feel cozy, and save money on utility bills.

## HOMECOMING AT HARPER SOUTHERLAND

# HOW TO BUY ELECTRICITY AT SALE PRICES.

All kilowatt-hours are not created equally.

There are off-peak times each day when they cost us less to make. And when they can cost you less to buy.

Sign up for CP&L's new Time-Of-Use Rates, and we'll install a special meter that tells us not only how much electricity you use, but when you use it.

Then, at billing time, we charge you a lower rate for the electricity used during off-peak.

Just by changing your times for things like showers and laundry, you can save up to 15%.

**CP&L**

This time of year, off-peak times weekdays are from 1 pm to 4 pm and 9 pm to 6 am and all day Saturday and Sunday
