The Tale Of Mrs. Claus

We hear alot about Good Ole Saint Nick,
But what of the lady who helps things click.
Well, Ole Mrs. Claus is sunny and bright,
She's rather a jolly and yes, wonderful sight.
You ask what she does all through the year,
Well, listen closely, yes open both ears.
She doesn't make toys, Oh heavens no,
She bakes the bread and makes all the cookie dough.
She keeps Santa, the elves, and the reindeer all fed,
And after a full day's work she puts them to bed.
She sweeps up the sawdust and picks up the pins,
She cleans up the paint at each day's end.
Then comes the night, that night of all nights,

When things at the pole get mighty uptight.
And Ole Mrs. Claus in her gentle guiding way.

Helps all the others, to load toys on the sleigh.
Then as the sleigh pulls out of sight,
She places in the window a candle-light.

To welcome him home from his Christmas Eve flight.
Merry Christmas to all and to all a good night!

Delores West, Pink Hill

Kinston Youth Wins National 4-H Scholarship

A 17-year-old North Carolina youth, who built up a flourishing lawn care business, has been named one of six national winners in the 4-H petroleum power program.

Gene Lupton Jr., of Route 4, Kinston, received a \$1,000 scholarship from the Amoco Foundation, Inc., the program sponsor.

Selected by the Cooperative Extension Service, winners were presented their awards during the 64th National 4-H Congress in Chicago, Nov. 30-Dec. 5. Awards are arranged by National 4-H Council.

Lupton, son of Mr. and Mrs. Gene Lupton Sr., is a high school senior and plans a career in mechanical engineering. He is an eight-year 4-H'er.

The Lenoir County youth started his lawn care firm with a borrowed lawn mower, then bought a push mow with a bagger. "This past year I added a lawn vacuum and then a riding mower which has helped me to take on more jobs, since I can do them in less time and with less effort," he said.

The youth said, "I really haven't cleared much money because I have been buying tools and equipment, which I consider a very worthwhile investment. I have also gained valuable experience in running a business, meeting people and making friends."

Lupton has saved hundreds of dollars by maintaining and repairing his petroleum powered engines, using knowledge gained in 4-H.

"A few of the things I have learned about a business is that it takes money to make money, it takes hard work and self-discipline to pay off, and that doing a good job is your best form of advertisement," the youth said. Nature "doesn't always work with you," he added.

LIBRARY CHRISTMAS PARTY CHANGED

Santa Claus is coming to the Pink Hill Library for the Christmas Party Wednesday, Dec. 18th at 7:30 p.m. instead of Tuesday, the 17th, due to a function at Pink Hill School.
