A Practical Test.

Dom Pedro, the last emperor of Brazil, was a man of practical turn of mind, as the following story told of him by a Spanish newspaper will illustrate:

He once gave an audience to a young engineer who came to show him a new appliance for stopping railway engines. The emperor was pleased with the idea, but wished to put it to a practical test.

"Day after to-morrow," he said, "have your engine ready. We will have it coupled to my saloon carriage, and it will start. When going at full speed I will give the signal to stop, and then we shall see how your invention works."

At the appointed time all was in readiness. The emperor entered his carriage, and the young inventor mounted his engine, and on they sped for several miles as fast as they could go. There came no signal and the engineer began to fear that the emperor had fallen asleep. Suddenly the engine came to a sharp curve around the edge of a cliff, when, to his horror, on the track directly ahead of them the engineer saw a huge boulder.

He had just sufficient presence of mind to turn the crank of his brake and pull the engine up within two yards of the fatal block.

Here the emperor put his head out of the car window and demanded to know the cause of the sudden stoppage. The engineer pointed to the rock, and, much to his surprise, Dom Pedro began to laugh.

"Push it to one side and go on," he said.

The engineer obeyed, and, kicking the stone, was still further astonished to see it crumble to dust before him.

It was nothing more or less than a block of starch which the emperor had had placed on the rails the night before. It served its intended purpose well.—Our Young Folks.

Welcome frosts have occurred in Mississippi and the yellow fever there is rapidly disappearing.

FULL OF TRAGIC MEANING are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all Drug-gists; guaranteed; 50c. and \$1.00. Trial bottle free.

Periodic Pains.

Dr. Miles' Anti-Pain Pills are a most remarkable remedy for the relief of periodic pains, backache, nervous or sick headache, or any of the distressing aches and pains that cause women so much suffering.

As pain is weakening, and leaves the system in an exhausted condition, it is wrong to suffer a moment longer than necessary, and you should take the Anti-Pain Pills on first indication of an attack.

If taken as directed you may have entire confidence in their effectiveness, as well as in the fact that they will leave no disagreeable after-effects.

They contain no morphine, opium, chloral, cocaine or other dangerous drugs.

"For a long time I have suffered greatly with spells of backache, that seem almost more than I can endure. These attacks come on every month, and last two or three days. I have never been able to get anything that would give me much relief until I began the use of Dr. Miles' Anti-Pain Pills, and they always relieve me in a short time. My sister, who suffers the same way, has used them with the same results." MRS. PARK, 721 S. Michigan St., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind
