

**LUCKIEST MAN IN ARKANSAS**

"I'm the luckiest man in Arkansas," writes H. L. Stanley, of Bruno, "since the restoration of my wife's health, after five years of continuous coughing and bleeding from both lungs; and I owe my good fortune to the world's greatest medicine, Dr. King's New Discovery for Consumption, which I know from experience will cure consumption if taken in time. My wife improved with first bottle and twelve bottles completed the cure." Cures the worst coughs and colds or money refunded. At all druggists. 50c. and \$1.00. Trial bottle free.

**Watson Magazine—Increase in Price.**

Beginning with the February (1906) number, our Magazine will be called Watson's Magazine. It will have a handsomer cover. Several new features will be added. The price at book-stores and news-stands will be 15 cents.

To be just to our present subscribers, we have decided to receive renewals and new subscriptions at \$1.00 a year up to March 31, 1906. After that the subscription price will be \$1.50 per year.

This is a golden opportunity for those who are not within easy reach of news-stands. If you have never seen the magazine, ask for sample copy, mentioning this paper and address,

**The Farmers and the Trusts**

Of all producers the farmer is hit hardest by the trusts. They catch him coming and going. And the trust lives and grows because of railroad rebates, the "protective" tariff, and national bank control of our money system. Evidently the remedy is to cut off these special favors which build up and perpetuate the trust.

**Tom Watson's Magazine.**

"The Magazine with a purpose back of it," was established to teach the best way of abolishing these special privileges, and, hence, of rendering the trusts powerless to rob the public. It is a big monthly magazine of 128 pages, with illustrations, cartoons, Mr. Watson's brilliant editorials, special articles, a serial story, novelettes, short stories and poems, by the world's best writers. Regular price, \$1.00 per year; 10 cents the copy, at all news stands. Every farmer is interested in knowing the best way to cure the trust evil and how to bring it about. Now in its second volume, Tom Watson's Magazine is firmly established, and its circulation is growing rapidly; but we want to add a hundred thousand subscribers to our list in the next month or two.
