

**Anti-Railroad Mania.**

(From the New York Tribune.)

North Carolina seems to be afflicted with an anti-railroad mania. It went about passing its fare law with just as much unseemly passion as it now shows in enforcing it. The legislative discussion of fares provoked such violent outbursts that the moderate and cool-headed Charlotte Observer denounced the Legislature as a "menace." In the hearing before the Railroad Committee President Finley, of the Southern Railway, was treated so discourteously as to create almost a State scandal and to alienate for a time public support from the radical fare reducers. There was no examination into the financial effects of a reduced fare. The committee asked figures from the railroads bearing on this question and gave the railroads four days to furnish them! The railroads explained that it would take months to complete the information. Before the bill was passed Governor Glenn, who is an old attorney for the Southern Railway, was a conservative and was counseling moderation. He advised that the rate be made 2½ cents. The whole agitation is said by a writer in the Richmond (Va.) Times-Dispatch to be pure politics. Every demagogue is endeavoring to outbid every other demagogue for the support of the rabble. Perhaps Governor Glenn in his present course is trying to atone for his conservatism of last winter. His record as a railroad lawyer and advocate of moderation would seem to need burnishing up, considering the present temper of North Carolina. Fighting the Federal Courts gives him his chance to outdo the other demagogues.

**GOOD NEWS FOR RALEIGH.**

**Science at Last Discovers a Real Cure for Rheumatism.**

After years of experiment a new scientific remedy has been found that not only relieves, but absolutely cures Rheumatism and kindred diseases, to stay cured. Rheumatism is caused by an excess of poisonous acids in the blood. The new discovery RHEUMACIDE, though purely vegetable, and acting through nature's channels, neutralizes these acids and sweeps all poisons and harmful germs out of the blood. At the same time it tones up the stomach and regulates the liver and kidneys.

RHEUMACIDE, therefore, cures the disease permanently, because it removes the cause. It has cured hundreds of cases after the most noted doctors and hospitals have failed. RHEUMACIDE cured James Wilkes, of Dillon, S. C., after he had been held in bed by rheumatism for three years and his feet were drawn up almost to his back. This is only one of the many marvelous cures RHEUMACIDE has already performed. RHEUMACIDE is curing many cases of Rheumatism, Sciatica, Lumbago, Gout, Kidney Trouble, Indigestion, and Constipation, right in this community to-day.

Because it has cured so many others, we believe it will cure you. All the leading druggists in this place sell and recommend RHEUMACIDE.
