"Long May It Wave."

Aren't you glad that Tryon and Saluda are both in Polk county?

—W. S. S.—
"Over the Top," says Tryon. "You can't lose me," says plucky little Saluda.

—W. S. S.—
After it is all over let's have one big, rousing county meeting and jollify.

—W. S. S.—
To Mrs. J. L. Washburn: Polk county needs you more than Minnesota. Make your stays longer.

—W. S. S.—
We may not have a county full of golden tongued orators, but we have a bunch of fellows who sure know how to tell the story and how to do things.

—W. S. S.—
To brave John Beveridge: Polk county repays in part the debt of gratitude she owes you in going "Over the Top" in the Third Liberty Loan.

—W. S. S.—
That little fellow Little may be little in name and little in size, but great Jehosephat, isn't he filling a sure enough man's size job to perfection?

—W. S. S.—
Tryon and Saluda are both "Over the Top." Come on Columbus, White Oak, Cooper Gap and Greens Creek. There is much more room there than in the trenches.

—W. S. S.—
If you think that the towns and country districts are not working together in this fight, just go out and make a speech. They sure give you the "Glad Hand."

—W. S. S.—
To Mrs. J. B. Hester and her hard working ladies: We haven't a bouquet large enough for you. If we did it would be so heavy that we couldn't throw it to you.

—W. S. S.—
Don't you know that every Polk county boy in the service will feel much prouder of Polk county when the news is flashed to him that we have gone "Over the Top?"

—W. S. S.—
Don't you know that that other brave Canadian soldier, Mr. Kilpin, will take pride in telling where he spent his furlough when he learns that little old Polk has gone "Over the Top?"

—W. S. S.—
Women from all parts of Polk county are calling for Liberty Loan meetings, and it will be to their efforts, in a great measure that we go "Over the Top." Why, we wouldn't want to go to Heaven if we didn't know that it would be full of women.

—W. S. S.—
From all indications as we go to press with this issue Polk county will be "Over the Top" before we again have the pleasure as well as the duty of preaching "Buy Bonds" to you. From all parts of the county the most reassuring reports are piling in, and it is now a race as to which will be the next township to report that its quota has been filled. Next Sunday there will be a meeting at Mill Spring at 11 a. m., and at Green Creek church at 3 p. m. It would be the best thing for every auto owner in Tryon to arrange to go to these two meetings, and fill your machines with those who are less fortunate than you. The country districts are begging for speakers and workers from Tryon to lend them aid. Can you refuse such a request? There has never been a time when the people of Tryon could do so much for the country folks as now. This is a fight of country as well as town. Don't think that the country people don't want you. Just go and see, and you will receive such a rousing reception that you will wonder why you have never cultivated the acquaintance of the farming element before. A delegation of two or three hundred from Tryon to these two meetings next Sunday would just about settle the fight in Polk county, and make us a 100 per cent county. Get out your old "flivver," put it in good running shape, call up some one and tell them to join you in a trip to Mill Spring and Greens Creek next Sunday.

BLOOD or BREAD

Others are giving their blood
You will shorten the war—
save life if you eat only what
you need and waste nothing.

UNITED STATES FOOD ADMINISTRATION

AMERICAN NAVY ELIMINATES WASTE

SLICING BACON ON BATTLESHIP

JACKIES in the American navy are classed as the best fed body of men in the world. In the ship's galleys every effort is made to eliminate waste.

In the upper photo one of the cooks on the North Dakota is operating a meat slicer that cuts bacon with the least possible wastage.

Fat is fuel for fighters. Bacon is badly needed in the allied armies and navies. The allied needs in pork products are 150,000,000 pounds monthly, three times as much as before the war.

Another waste eliminator on the North Dakota is the potato peeler, shown in the lower photo. Nothing is lost except the actual potato skin.

There is a sufficient quantity of po-

HOW THEY PEEL POTATOES FLOORED SHIP

tatoes in America for greater use in every home and for all needs of army and navy. Eat more potatoes, eat less wheat.

Plan Your War Garden Now; Save Time and Money.

HELP INCREASE OUR EXPORT FOOD STOCKS

LITTLE CITY and country more war gardens are needed this year than ever before. Patriotism prompted 2,000,000 Americans to plant gardens last year, according to estimates of the United States Department of Agriculture. Transportation facilities of the nation will be strained this year hauling munitions of war and foods for the Allies. The surplus food created by home gardens will help in the railroad problem. And the nation will eat less of the goods we must export—wheat, meat, fats and sugar. Every boy and girl that helps with the garden is helping win the war. Leaflets of instruction in garden making may be secured from the Department of Agriculture at Washington, upon request, without charge.

EVERYONE MUST HELP.

Wars cannot be fought without money, and upon the Treasury centers every financial demand upon the Nation.

The rich of this country cannot alone meet the needs of the Nation; the men of the country cannot do it alone; the women of the country cannot do it alone; but all of us, the people of the United States, disregarding partisanship, forgetting selfish interests, thinking only of the supremacy of right and determining to vindicate the majesty of American ideals and secure the safety of America and civilization, can do the great and splendid work which God has called upon us to do.

W. G. McADOO,
Secretary of the Treasury.

AN ORDINANCE.

To Provide for the Issuance of Water Works Bonds for the Town of Saluda, and for the Payment of the Principal and Interest Thereof.

Whereas, the water supply of the Town of Saluda is inadequate for the needs of the Town and in summer when the Town is filled with tourists there is danger of some epidemic because of insufficient water for sewage purposes; and whereas, there is immediate need and urgent necessity that more adequate provision be made to increase the supply of water before the coming summer; and whereas there are not sufficient funds available for such purpose, the cost of which has been estimated at Three Thousand Dollars; and whereas a resolution has been passed authorizing an issue of bonds for said purpose.

Now, Therefore, the Board of Commissioners of the Town of Saluda do ordain:

Section 1. That for the purpose of providing funds for the payment of the cost of enlarging and increasing the water supply for the Town of Saluda, including the purchase of such lands as may be necessary for such purpose for water sheds, springs, etc., and for all machinery, material, labor and other necessary things, and for extension of said water supply and water works system in and for said Town as may be necessary, negotiable, serial coupon bonds of the Town of Saluda, to be designated as Water Works Bonds, be issued in a sum not exceeding Three Thousand Dollars, bearing interest at a rate not to exceed six per cent. per annum, and maturing within the maximum period of 20 years.

Section 2. That the probable unexpired usefulness of the above mentioned improvement is forty years.

Section 3. That in each year while any of said bonds shall be outstanding, a tax shall be levied and collected, or a sufficient fund of the revenue of said town shall be set aside, in accordance with law, to pay the principal and interest on said bonds, as the same shall fall due.

Section 4. That a statement of the debt of the Town of Saluda has been filed with the Clerk of said Town, pursuant to the Municipal Finance Act of 1917 and is now open to inspection.

Section 5. That the average assessed valuation of property subject to taxation by the Town of Saluda for the three fiscal years in which taxes were levied, being the years of 1915, 1916, 1917, as shown by the statement filed with said Clerk, is \$272,775.67.

Section 6. That the amount of municipal debt of said Municipality, authorized or to be authorized, as shown by said statement, is \$24,005.50 of which indebtedness \$10,000.00 is for bonds issued and outstanding, and to be issued, for construction, enlargement and improvement of the Water Works System of the Town, the revenue from said Water Works system being sufficient to pay the interest on said bonds and create a sinking fund for the retirement of same at maturity without resorting to taxation for such purposes.

Section 7. That the Bonds, when issued, shall be signed by the Mayor and Clerk of said Town and shall be issued in such denominations as the Board of Commissioners shall by ordinance provide.

Section 8. That this ordinance shall be passed at three separate readings, on three separate days, and shall be in effect upon its passage, and shall not be submitted to the voters of the Town.

I, M. A. Pace, propose the adoption of the foregoing ordinance, this 25th day of January, 1918.

M. A. PACE, Commissioner.

The foregoing ordinance was proposed by M. A. Pace on the 25th day of January, 1918, at a meeting of the Board of Commissioners of the Town of Saluda on said date, present, John Pace, Mayor, and M. A. Pace, G. R. Little, Fred Robinson and J. O. Hooper, Commissioners, and unanimously adopted by the Board of Commissioners of the Town of Saluda at three separate readings, the first on the 25th day of January, 1918, the second on the 26th day of January, 1918, and the third on the 1st day of February, 1918, the following voting in the affirmative, M. A. Pace, G. R. Little, Fred Robinson and J. O. Hooper; in the negative none.

Notice of the passage of this ordinance having been published in the Polk County News for four successive weeks, beginning with the issue published April 5, 1918.

Any action of proceeding questioning the validity of this ordinance must be commenced within thirty days after its last publication.

Approved: John Pace, Mayor.
M. A. Pace Clerk.

—W. S. S.—

WHEATLESS BISCUITS.

Parched cornmeal is the feature of these excellent wheatless biscuits. First, the cornmeal—one-half a cup—is put in a shallow pan placed in the oven and stirred frequently until it is a delicate brown. The other ingredients are a teaspoon of salt, a cup of peanut butter and one and a half cups of water. Mix the peanut butter, water and salt and heat. While this mixture is hot stir in the meal which should also be hot. Beat thoroughly. The dough should be of such consistency that it can be dropped from a spoon. Bake in small cakes in an ungreased pan. This makes 16 biscuits, each of which contains one-sixth of an ounce of protein.

J. B. HESTER Cashier.

Never Say "Enough"

An Irishman who was getting the worst of it in a fight was asked if he would say "enough?" He replied: "If I had strength left to say that, I wouldn't be licked."

That's the proper spirit. Never give up. A quitter never gets any where. If hard luck strikes you; brace up and go on just as bravely as you can. However, a little savings account at the bank has carried many a man through a tight place. Better begin now before hard luck strikes, and open a little savings account with us.
