Preaching and public worship at 11:00 a. m. W. A. BLACK, Minister.
Last Sunday was a red letter day with the Congregationalists of Tryon. The minister, Mr. Black, preached in the morning on "Christ The Great Example of Democracy." In the afternoon the selected teams braved the mud and rain, making the house to house visitation. In the evening the membership of the church met the teams at the parsonage to hear their report, and to enjoy a socially religious event. Tables were spread by some of the ladies, after a simple, though delicious luncheon, the various problems of the church were discussed in brief informal addresses by several of those present. The figures placed in the hands of the treasurer, and read to the company evoked considerable enthusiasm, as they were in excess of the expectations of many, bringing the amount aimed at within reach.

TRYON CASINO CLUB
An elaborate display of costumes, such as doubtless were never witnessed by Tryon folks, was seen at the Tryon Casino Club's Masquerade Ball last Thursday night.
A good number of the club members were present and many welcome guests.
A review of the grand march showed that much time and thought had been given to each costume. It was apparent that foreign lands from all parts of the world had sent a representative.
Two notorious convicts who had apparently made their escape, sought refuge among the dancers.
One of the attractions of the evening was an exhibition of yodling given by a colored man from the Coxe plantation.
The Entertainment Committee is arranging for a Barn Dance on the night of February 5th, announcements of which will be sent to the Club members.
The House Committee will be prepared to announce the opening of the bowling alleys at an early date. The arrival of the Trap, for clay Pigeon shooting is expected hourly.
There are but a few remaining days in which to be benefited by the Clubs reduced membership, all those who have received the Clubs form of application should take advantage of this fact.
Last night the Tryon Casino Club held another of its weekly dances and as here-to-fore proved to be a very delightful evening.

We are passing through a period that history will call the Extravagant Age. We are making more and spending more than in any period of our national existence. The following from Caryle is not only a gem in literature but is full of truth.
There is a perpetual nobleness in work. There is always hope in a man who works; in idleness alone is there perpetual despair. Blessed is he who has found his work; let him ask no other blessedness. All true work is sacred; in all true work, were it but hard hand-labor, there is something of divineness. Sweat of the brow; and up from that sweat of the brain. Sweat of the heart; this is the noblest thing yet discovered under God's sky.—
Polk County folks take pride in this, their bank for the showing it has

made by taking the lead in a little over two years time. This bank has tried in every way to live up to its opportunities and to develop the county's resources. Our ambition is not realized for we are far short of our goal. We need the help of our citizens to make this bank stand out as a reflection of this county's wonderful resources. We want a bank of such size that when Directors are consulted that this bank will make a showing to attract the necessary men of means to locate here and help us develop our opportunities. You can help by opening an account with us. We promise you the best word in service, consideration and cooperation. Come with us.
A checking account with this bank gives you standing in the community and influence abroad. Success can be influenced by being identified with the successful. We will welcome your account.
