## SALUDA DEPARTMENT.

S. A. NABERS, Editor.

### Short Paragraphs.

Russel Locke has gone back to college.

Leo Pace went to Asheville Monday.

C. C. Wilson was a visitor in Brevard Tuesday.

Mrs. Loveland went to Asheville Wednesday.

Mrs. E. W. Thompson has gone to Atlanta Ga.

Robert McKay of Sumpter, is spending a week here.

Frank Doremouse has returned to his home in Augusta, Ga.

Mrs. George Davenport of Saluda returned home last week.

Mrs. Elliott and Miss Claire, are visiting Mrs. T. W. Waters.

Mrs. Horace Bomar and children have returned to Spartanburg.

Walter Thompson and Fred Bailey visited Cowpens Sunday.

Roy Ward has gone to visit his grandfather at Chestnut Springs, S. C.

Mrs. R. K. Wilder and son Richard, returned to Sumpter last week.

Miss Edna May Capps has as her guest Miss Barber of Spartanburg.

Edward Cannon stopped at the Seminary on his way to Berea College.

Mr. Sutters and wife of Norfolk, Va., are visiting the Culliphers.

D. Frank Jenkins of Piedmont college visited Frank Stevens Tuesday.

J. C. Raines of Ricks Haven, was in town last week selling delicious peaches.

Dr. A. G. Rembent of Wofford College spent the week-end with his family here.

A. C. Bryant of Brownwood, Texas, visited his brother Brook Wilson last week.

Mrs. J. P. Anders of Hendersonville, is visiting her daughter Mrs. J. W. Pace.

Miss Jennie Thompson has moved to Mrs. White's cottage on the boulevard.

Frank B. Stevens is having his cottage near Gleen Brook dairy remodeled.

"Dr" Craig of the Saluda Pharmacy has accepted a position in Florence, S. C.

E. W. Hill from Henderson county was in town this week with some fine calves for sale.

Mrs. Ida M. Scott, has taken rooms across the street from the Seminary with the Nabers.

Mrs. W. H. Justice of Hendersonville, and Miss Alice Tanner visited Mrs. S. E. Tiner last week.

Mr. Axtell wife and daughter Virginia, after spending the summer here have returned to St. Petersburg, Fla.

Virginia Axtell gave a delightful party to a number of her friends, on the eve of her departure for Florida.

Governor Cooper spent the week end here. Mrs. Cooper and the children returned to Columbia, S. C., with him.

Rose Hackney and wife who have spent the summer at the Charles have gone to their home in Jacksonville, Fla.

Mrs. J. T. Coates is going to remodel her bungalow at Crystal Springs, and is planning an artistic dance hall for next summer.

Rule Cannon has entered Piedmont this fall. Edward Cannon has gone to Berea. Mills Nabers leaves Monday night for the Georgia Tech.

Married Monday Sept. 13th, Ollie Latticher daughter of J. W. Latticher, and J. A. Moody. The bride and groom were welcomed to Saluda Monday night.

Saluda's electric wires are now connected with the Blue Ridge Power plant, and we can have lights any time of the day or night without starting up the local motor.

## MICKIE SAYS:

There will be a meeting of the men and women living in Saluda school district at the Odd Fellow's Hall, Sept. 25 at 3 p. m. School matters will be discussed.

R. M. Hall, District Deputy Grand Master announces that the 30th, District Masonic Meeting will be held at Hendersonville, N. C., this year on Tuesday, Oct. 17 at 5 p. m.

Mr. Greer and wife on Sunset Hill have as their guests: Misses Mary Link of Abbeville, S. C. Annie Greer of Spartanburg and May Rhett and family of Camp McPhearson.

North Carolina has the reputation of having done more community fair work than any other state in the union. Help keep up the record by getting your exhibits ready for the Saluda fair October the 8th.

Saluda has had as her guests this week thirty Presbyterian ministers and elders attending the Presbytery. This is the first Presbytery ever held in Saluda, and the meetings were enjoyed alike by both the town's people and the delegates.

Some have been trying to enumerate the summer residents and the visitors of Saluda. If everybody will leave a slip of paper with his or her name and the number of visitors this summer at either bank, we probably can get a census of our town.

Among the guests at the Carolina House are: Arthur R. Keith of Wilmington, N. C., J. H. Caw Swannanoa, N. C., S. J. Johnson Sylvester, Ga., Oliver Riddle Greenville, S. C., Mrs. E. I. Mason and Miss Alice Gaspue, of Mullins, S. C.

Rev. R. M. Pickard will fill the Methodist pulpit next Sunday morning. His subject will be "The church as an asset, or the Benefits of Christianity in a community" Rev. Pickard is a member of the California M. E. conference and has been pastor of some large city churches. Special music will also be given.

The Clergy house association met with Mrs. McKee Sept. 6th. The following officers were elected: president; Mrs. H. H. McKee, vice president; Miss Howe, secretary; Mrs. Lockwood Jones, cor. secretary; Miss Rosa Box, treasure; Mrs. Frank Doremus. There is renewed interest in the work of this association. The membership has been increased, and the Clergy house has been well-filled this summer. The Clergymen greatly enjoyed their vacation here.

### Some Fine Apple Orchards.

We have some unusual bargains in apple orchards and orchard lands. Apply to the Pickard Land Company, Saluda office.

**Old Friend Returns.**  
Our old celluloid collar friend has been exhumed again, this time by Raphael. "He wears sleeve garters; uses a mustache coffee cup, a cigar cutter and a change purse; his name, in gold letters, is old English on his shaving mug; and he carries his watch in a chamote bag."—New York Tribune.

## B. Y. P. U. at Friendship.

Everyone is invited to attend the B. Y. P. U. at Friendship Baptist church every Sunday night at 8 o'clock. On next Sunday night the subject for discussion is love. We will be glad to see as many out as possible, also we will be glad of talks from any one interested on the subject.

The B. Y. P. U. will entertain at an ice cream supper at Mrs. Ed. Thompson's on Saturday night September 18, for the benefit of the Friendship Baptist church. Everyone is cordially invited to attend. Boys, bring your girls and your pocket book packed with money.

### Community Fair.

October 8th is to be a big day in Saluda, as the Community Fair is to be held at that time, and all hands, in town and out are determined that it shall be the best community fair in the county. The following officers have been elected: Pres. P. H. Bailey, Sec. A. DeVere Turner, Treas. Miss Lane. Financial committee, H. P. Corwith, J. A. Bishop, W. C. Robertson, Dr. Little, Miss Rosa Box. Executive committee, Mrs. A. DeVere Turner, Tom Pace, Fishtop, Ed. Thomson, Joe Forrester, J. A. Bishop, J. E. Pearson, Mimosa, Zeb. Rhodes, Mimosa.

The ladies of the community are taking up the work with greater enthusiasm, a special meeting of the civic league was called Monday the thirteenth, and the whole afternoon was given up to the consideration of the work for the fair.

While the fair last year was a splendid success, considering that it was our first, we realize that this year we need more interest from a greater number of people, and we are very much encouraged by the responses we have received. We understand that the original plan was for the people of the township of Saluda, but we are very glad to welcome the friends from other counties, whose interest are here with ours.

### GOOD ROADS AND DRIVEWAYS

As Essential on Farms as Public Highways to Enable Farmer to Handle Produce.

A well-ordered farm should have well-ordered roads and driveways to and around the buildings. In other words, private roads on the farm are as important to the interests they serve as the public roads over which the farmer's produce is marketed. A good road from the farmer's gate to his marketing place should not be depreciated by a poor road from the gate to the barn or packing house.

### FEDERAL AID FOR MISSOURI

Bureau of Roads Approves Forty-Nine Projects at an Estimated Cost of \$5,948,910.

Forty-nine federal aid road projects, an aggregate of 469.29 miles at an estimated construction cost of \$5,948,910, have been approved by the federal bureau of roads. This announcement was made by the state highway board here today. The federal government is to pay \$2,606,975, and the state and counties the remainder.

### IMPROVED ROADS AID FARMER

Make It Possible to Produce Vegetables and Fruits for Canning and City Markets.

Rich agricultural land limited to cereal crops on unimproved roads may be made to yield a much higher return where with an improved road it is practicable to produce vegetables and fruits for canneries and city markets.

### Badness Carries Disqualification.

I never knew a man that was bad, fit for any service that was good. There was always some disqualifying ingredient mixing with the compound, and spoiling it. The accomplishment of anything good is a physical impossibility in such a man. He could not if he would, and it is not more certain that he would not if he could, do a good and virtuous action.—Burke.

### Think Before You Adventure.

It is said that the most beautiful women in the world are the women of the Tehuantepec tribe of Mexican Indians. In addition to this fact we might say that these women are carefully guarded by the men of the tribe, that the journey is a long one, and traveling, especially in winter, is precarious.

**Punctuality Valuable Asset.**  
Many of young men have failed of promotion or lost good positions because of the lack of punctuality. There is no more desirable business qualification than this and no other so indispensable to a man of affairs, time and that of others. "If a man has no regard for the time of other men," said Horace Greeley, "why should he have for their money? What is the difference between taking a man's hour and taking his \$5? There are many men to whom each hour of the business day is worth many times \$5."—Chicago Daily News.

**To Preserve Furs.**  
Insects dislike pennyroyal; the smell of it destroys some, and drives others away. Take oil of pennyroyal, pour some into a saucer, steep it in small pieces of new cotton or wadding, and place where required. It is also well to place some between the mattresses, etc. When putting furs aside for the summer, fold carefully, with a little pennyroyal, and then wrap thoroughly in newspapers, gumming down the edges. Place in closely shutting drawers with a little camphor.

**Indians Made Salt.**  
The Delaware Indians made salt from brine springs in New York state and sold it to settlers as early as 1670, making probably the first commercial production of salt in this country. The manufacture of salt by white people in the United States was begun near Syracuse, N. Y., about 1788. Salt is the most commonly used mineral in the world, and no useful mineral except coal, perhaps, occurs in greater abundance or is more widely distributed in the United States.

**The Universal Color.**  
The professional mixer of paints knows that fierce color discord can easily be created by a misplacing of green. But Nature never misplaces it. Even blue stands without tying, cheek by cheek with Nature's greens. Large spurs and lobellias go quietly arm in arm with their respective foliage. Any rose of any tint or color is best set off by a green rose leaf. Every spring of fall color, pale or florid, will shade pleasantly into green on the very same leaf.

**Oil Creaking Shoes.**  
Have you a pair of shoes that take creaking spells much too frequently for your comfort and pleasure? If you have, simply put a small quantity of linseed oil in a shallow dish or pan and stand the shoe in it for a few hours. This treatment will not only effectually prevent the shoes from continuing in their creaking ways, but it will also make the soles last longer.

**Timely Advice.**  
If you would keep the wolf from the door don't inveigle him into the front yard with titbits of extravagance.
