If the people who insist on talking
at the movies would say something
worth hearing the audience would not
miss the music so much.

The way prices on almost everything
eatable are dropping without changing
costs to consumers is one of the fine
points of the "inside game."

With sugar down to 15 cents, the
people who stocked up heavily at 30
cents will see further evidence of the
injustice of things in general.

With Europe seething as it is, the
tourist of the day must be something
of a hero as well. At least, he will
be booked for a lively time.

Finding the timbers of the original
Mayflower is one of the brightest
stunts the tercentenary celebration
officials have pulled thus far.

A man has brought suit on the
ground that a bottle of hair tonic
caused his head to swell. Did he ap-
ply it externally or internally?

It will be no consolation to a freez-
ing family or a stricken industry to
know next winter that there is an
abundance of coal at the mines.

If it be the Syrian custom to pay
\$3,000 for a wife the Syrian custom
looks as if it ought to be pretty ef-
fective in keeping down bigamy.

A woman for the first time has pre-
sided, for a few minutes, over a na-
tional convention. Calling men to or-
der, however, is a natural prerogative
of the sex.

The ex-kaizer says he is unable to
pay the rents demanded of him. He
and the younger men of his family
might organize with a view to boost-
ing the wages for wood sawing.

The department of justice has de-
cided that women's hats are neces-
sities, and now if the women can con-
vince their husbands of the same
thing everything will be lovely.

Those enthusiasts who are organiz-
ing a barefoot children movement in
order to bring down the price of
shoes might prudently inquire into the
cost of anti-tetanus serum before they
go too far.

MICKIE SAYS:

"TH' BIRD I HAPTA LAUGH
AT IS TH' UNREASONABLE POOR
FISH WHAT EITS MAD AN' COMES
IN AN' STOPS ME PAPER AND
THEN CASTS A MEAN LOOK ALL
'ROUND TH' OFFIS AT TH' REST
OF US, 'S MUCH AS TO SAY,
"NOW STARVE!"

Apple Show.

I wish to call the attention of
the people of Polk Co., to the
Western North Carolina Apple
Show at Asheville, Oct. 27-29.
As chairman for the county, I
desire to impress on every citizen
the importance of the show in an
apple way also as a means of ad-
vertising to the world its oppor-

tunities for fruit growing, stock
raising, and general farming.
Each county will have space for
a booth to advertise its advan-
tages, the best things grown in
the county, lands for sale, etc.
It will take some work to get
the full benefit from this chance
to advertise and suggestions are
in order as to how we shall
handle this opportunity. One
thing many of us can do is to
talk it and go and see the show
when it comes off. Let us get
up auto parties and go for one
day at least. It is planned to
have the U. S. Secretary of Agri-
culture leading horticulturists
and those interested in developing
our country or county present.
We must not forget our local
fairs but this opportunity must
be used to thoroughly advertise
our county I ask every citizen to
give his support by suggestion,
attendance and by sending good
specimens of apples or other fruits
for exhibit HENRY P. CORWITH.
