**Unnecessary Noises.**  
The attention of the Mayor and the town Commissioners has been called by a great many residents recently to the noise made by automobiles and automobile trucks.

There is an ordinance on the Town books against any such unnecessary noise. It has not been enforced as rigidly as it should be, but hereafter notice is given that the law will be enforced.

Also the noise made by whistlings of locomotives passing through Tryon has been complained of as being very objectionable. This matter has been taken up with the railroad officials and it is sincerely hoped that they will cooperate with the town in abating this nuisance.

Any definite and specific complaints along the lines to the Mayor and commissioners will have attention.

The cooperation of the public is earnestly desired.  
F. P. BACON, Mayor.
