Boy Scout News

Two years ago the greatest war in history ended, you all know how glad we were. Tryon troop No 1 Boy Scouts of America called the roll and found there were two of our scouts who had given their lives for us, not being able to build marble monuments to their memory, yet wanting to have some lasting memorial to their sacred memory, we decided to plant a small tree for each.

This was done, we all remember the Sunday afternoon out at the school house when the scouts gave the trees to Tryon and promised to care for them.

The two trees first planted died and were replaced by two others one of which got broken and was likewise replaced. They were growing nicely until last Thursday night some dirty low-down less-than-nothing vandal, cut one of them completely down and haggled the other one all over with a knife or other sharp instrument completely ruining both fine trees. On Saturday the scouts went to the woods, found two other nice trees and planted them. We know not who was mean enough to do such a thing as this we only wish we did. We do know we would give a good sum of money for information leading to the arrest of the vile wretch.

We only know this for a certainty. So long as there are any trees growing in Polk county, we will continue to replant the trees until we do get permanent ones. We love all trees but more especially these two, help us look out for their welfare. They belong to all of us and are

real living monuments.—SCOUT MASTER.

Horace G. Miller Passes

Horace G. Miller, father of Mrs. J. F. Black and Grant C. Miller of this place, who had reached the ripe old age of 94 years and 7 months died at the home of his daughter Mrs. J. F. Black on Sunday morning Nov. 7th. Brief services were held at the home conducted by Rev. W. A. Black, pastor of the Congregational church. The body was taken by his own son Grant Miller, on the Sunday evening train to Mt. Vernon, Iowa, for interment by the side of his wife and one of his daughters.

He was born in Mt. Morris, N. J., went west with his parents to Rockford, Ill., by steamboat and team before the days of railroads in the west, passing thru Chicago when it was but a very small village.

His father became a state representative of Ill., which post he held for a number of years.

Mr. Miller was married twice had three children by his first wife all of whom are living. George Everett Miller, a dentist in Sacramento Cal., Wm Lawrence Miller a traveling salesman of Aurora, Ill., and Mrs. Martha King, of Birmingham, Ala.

By his second wife he had five children three daughters and two sons. The living are: Mrs. J. F. Black and Grant C. Miller of Tryon, and Horace A. Miller professor of music in Cornwell college, A. W. Vernon, Iowa.

Mr. Miller was an unselfish and sacrificing man lived for his children and passed peacefully to his reward at a ripe old age one of the citizens of Tryon.

It may be of interest to know that Mr. Miller owned and tilled almost the entire ground near Rockford, Ill., on which the famous Camp Grant is now situated.

Morality and Religion.
Morality without religion is only a kind of dead reckoning—an endeavor to find our place on a cloudy sea by measuring the distance we have run, but without any observation of the heavenly bodies.—Longfellow.

Kill That Cold With

Neglected Colds are Dangerous
Take no chances. Keep this standard remedy handy for the first sneeze.
Breaks up a cold in 24 hours—Relieves Grippe in 3 days—Excellent for Headache
Quinine in this form does not affect the head—Cascara is best Tonic Laxative—No Opiate in Hill's.
ALL DRUGGISTS SELL IT

Their Occupation.
A little five-year-old miss was visiting in the country, and was sent to the barn, where some men were shearing sheep, to look for her brother. She soon returned without him and said: 'He ain't there; ain't nobody there only some men peelin' sheep.'

London's Fine Public Buildings.
The most expensive of all London's public buildings are the law courts, covering seven acres. They cost more than \$12,000,000.

Excellence.
All excellence of every kind is but variety of truth.—Washington Allston

Hammett Mills Inc.

Soon to be located at Lynn, will be larger than first suggested and will cost over one hundred and fifty thousand dollars. It is the first cotton mill to come into this county, and the people of the county are taking an interest in it. On account of the election and other matters, no real effort has been made to get the people of the county to subscribe for stock. But now for the next two weeks the opportunity is given.

W. T. Hammett, J. R. Pentuff, George H. Holmes and J. R. Sams have been appointed to push the campaign for stock.

Just as soon as sufficient amount of stock is subscribed contracts will be made for building material and the work will begin.

What is needed just now is a number of men in the county to take one hundred shares each,

and a larger number to take fifty shares each, and many to take ten shares and five shares each. A share is \$100 worth of stock.

About half the full amount needed has been subscribed and this fact ought to stir every man and every woman in the county to take stock at once and roll up the full amount.

Do not wait to be seen by a member of the committee, but call on Mr. Holmes or Mr. Hammett and put your name down for the number of shares you want.

HOGS PAY BIG MONEY

Mr. Pete Wing of Hawk Point, Mo., made a lot of money out of hogs. He says: 'I feed them Dr. LeGear's Hog Prescription. It has given wonderful results in putting gains on them with less feed. They were on heavy feed for only a month; averaged a gain of 2 1-2 pounds daily, and were only 7 months, 10 days old when sold.'

Mr. Wing profited by the advice of Dr. LeGear, Graduate Veterinarian and Expert Poultry Breeder of 28 years' standing.

Dr. LeGear's Hog Prescription will put weight on your hogs also, because it expels worms, purifies the blood and conditions them so that they gain flesh on less feed.

It makes no difference what
