The land on which Overbrook Orchard was planted cost only \$10.00 per acre. When orchard was in bearing it brought \$250.00 per acre. Today it is for sale at a bargain. There are good buildings, in good repair; all the tools necessary to work it, including new Power Sprayer. It has 1,600 fruit trees in good condition. If you want a fine home and pleasant and profitable work this is the place,

Have another orchard of 2,200 trees in Buncombe county that will make as good orchard as Overbrook within 5 years. Only \$8,000.00 on easy terms.

## ON THE JOB EVERY DAY

Red Blooded Men and Women  
Seldom Sick

### WATCH YOUR BLOOD CONDITION

If You Look Pale, Feel Gloomy,  
Run-down, Take Pepto-Mangan  
and Build Up

You see men and women who are never sick. They work hard, look robust, eat heartily and enjoy life. They have plenty of rich, red blood. That is why they are never ill.

People who try to get along with weak, impoverished blood always have a struggle. They go from one sickness to another. Children the same way.

If you keep your blood rich and red you'll enjoy full vigor. Disease has little chance to develop in healthy blood. As soon as you feel run-down take Pepto-Mangan for awhile. It will feed your blood with the ingredients needed to create a good supply of red corpuscles.

Pepto-Mangan is sold in both liquid and tablet form. Take either kind you prefer. They are alike in medicinal value. But be sure you get the genuine Pepto-Mangan—"Gude's." The full name, "Gude's Pepto-Mangan," should be on the package. Advertisement.

### Embodied Wisdom

In every school and home there exists an understanding of the meaning of life which represents the highest level to which the men of that society have attained—an understanding defining the highest good at which that society aims. The religious perception of our time, in its widest application, is the consciousness that our well-being both material and spiritual, lies in the growth of brotherhood among all men—in their loving harmony one with another.—Tolstoy.

### Just Like Home.

Mother and I went into a drug store and ordered chocolate sundaes. When finished I piled up the dishes, as I had been taught to do at home, and carried them to the counter. Of course, everyone smiled and I realized what I had done. It didn't take me long to get out of the store.—Exchange.

### Queer Leap Year Belief.

In many of the rural parts of England the singular belief prevails that in leap year all field beans grow on the wrong side of the pod.
