 Christian Healing Prayer Circle, 4:00 p. m.
 Litany Service 4:30 p. m.

Severe Hail Storm.

The hail storm Wednesday afternoon did a great deal of damage over portions of Georgia, Alabama, Mississippi, Tennessee and Western North Carolina. In Polk county the hail was accompanied by a hard rain which, in places, washed badly the gardens, and instances are reported where the young growing crops are ruined.

Apples, peaches and grapes are all damaged, but at this time it is impossible to estimate the extent of the damage done.

Principal Employed.

The trustees of Tryon Graded School on last Tuesday entered into a contract with Prof. D. W. Simmons, formerly principal of the Durham schools for 2 years and for five years principal of the schools at Elizabeth City, to take charge of the Tryon Graded School for next year.

Prof. Simmons will bring his family to Tryon in June so as to familiarize himself with local conditions. He comes to us well recommended, being wanted by Raleigh and a number of other places at a larger salary than we are able to pay, but our fine climate influenced him to accept a position to head the schools of Tryon.

Notice of Reward.

As there has been considerable complaint about packages being stolen from the local postoffice, postmaster Stearns has requested us to publish the following notice of reward offered by the postal department for such offenses. Not exceeding \$200 and not less than \$50 for the arrest and conviction of any person on the charge of stealing mail matter or any valuable thing contained therein from or out of any mail, postoffice, or station thereof, or other authorized depository for mail matter, or from a letter or mail carrier.
 The same reward is offered for the arrest and conviction of any person as accessory to the above offense.

Town Council Meeting.

The newly Town Council met Monday night and organized for business. The greater part of the time was taken up in familiarizing themselves with conditions and getting a line on what to do and how to do it with the means at their disposal.
 Marshal Wilson was reappointed and instructed to do all in his power to suppress the liquor traffic and any other violations of law. Walter Jones and Dr. Earl Grady retained as Attorney and health officer, respectively. The reappointment of a Town Manager was left open to be decided

upon at a meeting to be held on next Monday night.

Considerable time was spent in discussing ways and means of extending and improving our water system and the building of permanent hard surface streets and sidewalks. While no definite action was taken along this line, it is quite likely that a survey of our streets will be ordered and estimates of the probable cost of these improvements secured, and a public meeting of our citizens called to discuss the advisability of going ahead with this work.

These meetings are held to transact public business and all citizens are extended a cordial invitation to attend all meetings of the board.

Danger in Incandescent Lamps.
 Evidence that the high power incandescent lamps now so commonly used for street lighting may not be wholly innocent as a possible source of fire was observed in southern California recently, says Popular Mechanics Magazine. A bulb hanging 20 feet above the ground suddenly burst and the white-hot particles of metal it scattered instantly ignited the dry grass at the foot of the pole. Fire wardens of the district are now advocating the use of suitable guards about the lamps.

ADMINISTRATOR'S NOTICE
 The undersigned having been duly appointed administrator of the estate of General Covill, deceased, late a resident of Polk County. All persons having claim against the said General Covill deceased, are notified to present verified statements of the same to the undersigned on or before the 22nd day of April, 1921, or this notice will be filed in bar of their recovery. All persons indebted to said estate are notified to settle same forthwith. April 22 1921
 EARL COVILL, Administrator.

NOTICE OF MORTGAGE SALE.
 By virtue of the power contained in a certain mortgage deed executed on the 4th day of December, 1919, by John A. Shields and wife, Mollie Shields, to J. T. Green to secure payment of a debt, which mortgage is of record in book No. 17 Page 86 of the mortgage records for Polk County, and default having been made in payment of a balance due, I will on Monday the 30th day of May, 1921, within the legal hours of sale, at the court house door of Polk County, offer for sale, to the highest bidder for cash the land conveyed by said mortgage, lying and being in Columbus Township, Polk County and State of North Carolina and described as follows:
 Beginning on a pine on the north side of the Spartanburg road, Wagoner's corner, and runs S. 3 W. 102 1-2 poles to a stake and pointers; thence W 113 poles to a stake on west edge of the Landrum road; thence with the road N. 37 E. 74, N. 22 3-4 E. 44 poles to an iron pin at the crossing of the Landrum and Spartanburg roads, S. 60 E. 19 poles, S. 74 1-2 E. 6 poles, N. 69 1-4 E. 20 poles, N. 75 E. 14 poles to the beginning, containing forty-nine and one fourth acres, more or less.
 This 28th day of April, 1921.
 E. B. CLOUD, J. T. GREEN
 Atty. Mortgagee.

Coloring Arc-Lamp Globes.
 The purple color of arc-lamp globes is due to the use of manganese in the glass. The manganese is used to counteract the greenish color which comes from ferrous salts in the glass, but the action of light on the manganese only substitutes a purple coloration for a greenish hue.

Do you believe in Polk?

if so subscribe for the Polk County News and help us to be able to do for the county all that should be done. We can't do it all alone, we need your help and cooperation.

SALUDA
 North Carolina

Is probably one of the smallest, if not the very smallest, of towns in this entire country employing a whole-time paid secretary to attend to the duties of its Board of Trade.

When we say "small", we have reference to the total permanent population, which is in the neighborhood of 700 people.

The word has no reference to the potential possibilities of the town for growth and development. Saluda has room for 7000 people, and grows very close to that figure during the summer months. It is being steadily developed along lines that will fit it to catch the year round to a permanent population of this size.

The town is supplied with every convenience now. It has a rich abundance of the most beautiful sites for homes to be had anywhere in this great country. It is well served by the Southern Railway. It is within easy reach of the largest enclosed body of water in The Land of Sky, Summit Lake, where splendid fishing is to be had. Living conditions, winter or summer, are ideal.

Inquiry is invited by those who desire to take up residence, and who wish to secure a building site, a farm, or an orchard, by

Saluda Board of Trade.
