We won't be back to normalcy until we can again get a slice of pie for five cents in a restaurant.

A widower doesn't wait until the spring time to let his fancy lightly turn to thoughts of love.

If you haven't taken 'em off yet you might just as well keep them on for the rest of the summer.

When a woman says all men are alike you know right off what kind of an opinion she has of her husband.

The modern girl, as compared to her old-fashioned sister, probably regards herself as an edition de looks.

Once upon a time a woman was turned into a pillar of salt for looking back. But it hasn't happened since.

Why should a baseball club strive so hard to win the pennant? The thing isn't worth forty cents after they win it.

The female of species may be deadlier than the male, but you hardly ever hear of a woman killing her husband and committing suicide.

If the truth were known there is many a wife in this country who could have her husband indicted on the charge of peonage.

Luke McLuke says one should never argue with a fool. Remind your neighbor of this when he tries to start an argument with you.

Things go from one extreme to another, you know. The girls are covering their ears with their hair this season, and by next year they may be having their scalps shaved.

The Hendersonville News is now a semi-weekly paper, being issued on Tuesdays and Fridays. If we are to judge by the first issue the venture will be more than a success. The business men of Hendersonville, by their liberal patronage, show that they are awake and know a good thing when they see it. The columns are full of advertisements and the paper has a prosperous appearance. Bro. Hollowell is giving his people a good paper and deserves the support of every man, woman and child in Henderson county.

Sunny View.

The Sunday school convention that was held at Big Level was a success. Everyone enjoyed the beautiful singing and the wonderful talks which were given. A large crowd present. Maggie Jackson spent Saturday and Sunday with home folks. Hobert Whiteside motored to Pea Ridge Sunday. The little son, Claude, of J. J. Jackson, is ill with pneumonia at this writing. Hope he will soon recover.

Lone Brown from Morristown, Tenn., is visiting friends and relatives here. Mr. Hall will talk to the Sunday school at Coopers Gap Sunday. Everybody is invited to come.

James Carpenter and family, of Greenville, visited old home brother and sister recently.

Misses Pearl and Essie Edwards were given a surprise Saturday evening after their recent arrival from Brevard. All enjoyed the occasion even if the room was overflowing with merry young folks and the two girls donned caught with house aprons.

Ford Producing 4,000 A Day.

Present production greater than for same period last year.

Ford is building cars at full speed. And, according to an official statement from the factory at Detroit, the demand for Ford cars and trucks still exceed the output, despite the fact that new high level of production has been reached.

By the first of May the figures representing daily production, were in the neighborhood of 4,000 a day, so the May schedule was set at 101,125 cars and trucks, not including the output mounted daily: May 12th, brought forth 4,092, the greatest number that have been produced in one day so far this year. Since the month has 25 working days, present indications point to a new high record.

A comparison of Ford production figures for 1920 and 1921 discloses the fact that for April 1921 the output was greater by 34,514 than for the corresponding month of a year ago. The output for May 1921 will probably overshadow May 1920 by between fifteen and twenty thousand cars and trucks.

Approximately 43,000 men are at work in the Detroit plant of the Ford Motor Company. The factory is operating on full time, six days a week and three shifts a day.

"We were never in a better condition than we are right now", said Henry Ford recently.

J. P. ARLEDGE,
Clerk Superior Court of Polk County.

American Shrub Appreciated.

One American shrub which has been received with great appreciation in England, and which grows well there, is the gorgeous flame azalea, called by the botanists azalea calendulaceum. This plant was sent to Europe many years ago, and perhaps is not grown so widely now as it has been in the past, owing to the great influx of rhododendron varieties.

For Curtain Rod.

In inserting a rod in curtains it is a thimble is placed over the end of the rod it will run easily through the heading. This eliminates the possibility of tearing and saves a great deal of time and patience.
