# FISK

Cords

Fabrics

REDUCTION in Fisk prices does not mean a lowered quality.

Every Fisk Tire, large or small, is a standard Fisk Tire.

Present low prices are on tires which have made the name Fisk famous for quality and mileage.

There is no better tire value in the world than a Fisk Tire at the present price.

# New Prices on Titan and International Tractors Now Lowest Ever Quoted.

EFFECTIVE immediately, we make another big reduction in the prices of Titan and International tractors. These reductions wipe out all former advances and place *Titan and International tractors at the lowest prices at which they have ever been sold.*

International 8-16  
\$900

This price is about one-fourth less than the price at which the 8-16 sold prior to March of this year. The new figure is the lowest at which it was ever sold. The new price includes all the necessary equipment—platform, fenders, governor, belt pulley—features which must be paid for extra on some tractors.

Titan 10-20  
\$900

This is the lowest price ever quoted on the Titan, considering the equipment now included (formerly sold extra). Up to March of this year the price was \$1,200—today it is \$900. At this figure the Titan 3-plow tractor is the best value in the farm power field.

The International 15-30 has been reduced to \$1,750—lower than it has ever been before. The man who needs a 4-plow tractor cannot find a better investment than the 15-30 at this price. (All prices f. o. b. Chicago.)

Considering quality, power, equipment, and the service which follows every machine, *Titan and International tractors at these new low prices are unquestionably the best buy in the tractor market.*

As these prices have been made regardless of manufacturing costs, we do not guarantee to maintain them.

These prices certainly justify the immediate purchase of a tractor. Put it at the horse-killing work of hot weather plowing, and your fall and winter belt work.

See our tractor dealer for full information on deliveries and terms.
