Jim Kinloch and George Holmes left Tryon Monday, September 6th, for Chattanooga, Tenn., where they will enroll in the Baylor University school.  
Mrs. Alice Missildine is to be a guest at the Baylor school Chattanooga, for a short time, but expects to return to Tryon to resume her school duties the last of September.  
Found:—Republic 34x4 smooth tread tire on rim. Found August 17th, between Tryon and Columbus. Owner can get same by calling at Lambright's store Columbus and paying for this ad.  
Ed K. Smith, interior decorator is in Tryon decorating the home of Mrs. M. O. Kelley. He did some very satisfactorily work for W. T. Lindsey of this city last June. He is in a position to show prospective patrons an excellent line of wall papers and wall furnishings and at very reasonable prices. Mr. Smith is a mechanic of 30 years experience, does all of his own work thereby reducing the overhead expenses of the middle man's profits and would be pleased to have anyone wishing to have any paper hanging or wall finishing done phone him, for the next few days only. Phone 94.  
**Reception to Be Given.**  
At the Lanier Library, on Friday, September 9th, at 8:30 p. m. the Parents-Teachers Association will hold a reception in honor of the faculty of the Tryon Graded School. A cordial invitation is extended to all patrons of the school, the residents of Tryon and all visitors.  
Mrs. F. C. POPPE.  
Chairman Parent-Teachers Association.

**Our Public School.**

The good people of Tryon showed by their presence Tuesday morning that they were really interested in the education of their children. I was told that the number of friends and patrons present was the largest in the history of the school.

The enthusiasm of the student body has been highly commendable, and although many have been debarred from attendance because of their very recent operations, still our attendance has already reached 171. This should be especially gratifying to everybody in the community. However, it should merely stimulate us to nobler action, because there are still many more who need to attend school.

The piano came just a little too late to be installed in time for enjoyment of the friends at the opening, nevertheless a number of friends came over on Tuesday to assist in its initiation. I think all were delighted with its tone as well as outward beauty. We the teachers and student body feel truly grateful to all those who have contributed to this fund.

Another donation of an excellent map of North Carolina was made by Mr. R. T. McFee. This will be very useful indeed. We assure him as well as others who are disposed to make donations that much more benefit will be derived from them, than might be realized by the casual observer.

We ask very earnestly that these parents and friends keep up their interest by visiting the school and helping to arouse more lasting enthusiasm. Let our motto be "Put every boy and girl of school age in school"  
D. W. SIMMONS.

**Tonsil Clinic**

Wealth alone cannot make a community or state, but the uses to which that wealth is put depends the future of the community, state, or nation. We are all familiar with the fact that for two years North Carolina has held fourth place in the United States in point of value of all agriculture, but many of us are not familiar with the use of taxes derived from this wealth.

During the past week Polk County has had shown in a very forceful way how a part of this income of the state is being used.

We refer to the wonderful, yes very wonderful, medical clinic conducted in the school house of Tryon for every part of Polk County and also from neighboring sections in a few instances.

A clinic of this kind could be very successful from a medical standpoint and yet fail in another, but vital, respect. Every operation could have been successful and yet the patient and parents, could have derived no other benefit than the mere treatment of the child. But this clinic was conducted by members of the medical profession and graduate nurses whose sympathy and great kindnesses shown in every case endeared them to every one with whom they came in contact in any way. Although 90 children were operated on for tonsils and adenoids, every operation was treated as a special case and there was never the feeling that there was a wholesome job to be performed in a certain length of time. Instead, every child was apparently considered as a life at stake and a future citizen of North Carolina to be benefitted if it was in the power of the nurse and doctor to do so. Also, that that child's parents should be considered and encouraged over a big forward step for any parent.

The educational advantages derived from this clinic conducted by such an efficient organization are without limit and cannot be estimated in figures. It will suffice to say that the county quickly recognized the very human side of those in charge and brought the children in

greater numbers than could be cared for, feeling, as many expressed themselves, that real talent was there to look after the little ones.

We feel that we are expressing the heartfelt thanks of all Polk County when we say that we appreciate more than we can put in writing the great work done by this clinic. Miss Dunn has reached the most needy cases as well as others, and with the skilful operating of Doctor Gibson and his corps of assistants, we will not list them by name for all were excellent, we feel that Polk County has been greatly blessed. We trust that all connected with this clinic will understand that we appreciate the great work they have done for us.

KATHERINE C. BEATSON.  
NELSON JACKSON JR.

The following letter has been received by the NEWS from Miss Dunn:

Tryon, N. C.,  
Sept. 6, 1921.

Dear Mr. Bush:—

I should like, through your paper, to express one very sincere appreciation for the splendid co-operation and the many attentions and courtesies shown the representatives of the State Health Department by officials and citizen of Tryon during our clinic here.

The response to the service offered here has been most gratifying and I hope this demonstration made by one Department may cause such an awakening of the conscience of general public that full-time health workers may be the next scheme in your plans for better citizenship.

Health education, and this is one main objective, should be recognized as fundamental—and I trust that Polk County may not take a back-step but that this may give impetus to something permanent and constructive along health lines.

Thanking you for your interest and for the generous contribution of space in your columns for publicity.

Yours very sincerely,  
B. DUNN,  
State School Nurse.

**Celebrates Eighth Birthday**

Ruth, the bright little daughter, of Leroy Williams and wife, was eight years old Monday, September 5th, and celebrated the occasion with a birthday party from 1 to 6 o'clock in the afternoon.

The little folks played various games and had a fine time. Delightful refreshments were served. The afternoon was one of much pleasure for all present.

**THE SINFULNESS OF HOARDING.**

Cash kept around the house is dead money. Cash deposited in the bank is live money. A dollar of cash deposited in the bank serves as a source of from \$5.00 to \$10 of credit. The man who keeps \$1,000 around the house is, in effect preventing five to ten men from borrowing \$1,000 each from the bank. We suspect there is at least \$5,000,000 in the State of Iowa being kept out of circulation by timid hoarders. This \$5,000,000 if it were put in the bank would serve as a source of from \$25,000,000 to 50,000,000 of credit, and would go a long way toward relieving the present critical situation.

Never keep more than \$50 in cash around the house, and if you can get along with as little as \$10, by all means do so. If you have large quantities of money on hand there is always danger of loosing it by robbery and fire. But the biggest reason why all surplus money should find its way into the bank as promptly as possible is that the banks are credit factories, and the raw material of the credit which they manufacture is hard cash. Remember that the bank makes out of every dollar of cash which you deposit, from \$5 to \$10 worth of credit. We are satisfied that if only one-half of the money which at present is being hoarded in the United States were deposited with the banks that credit could be increased to such an extent that prices would rise by from 5 to 10 per cent. The man who keeps his money about the house is helping to hold prices down.—Wallace's Farmer.

This Strong Bank Will Welcome Small Accounts as Well as Large Ones.

**PEOPLES BANK & TRUST COMPANY**  
Tryon, North Carolina.

**Columbus**

We are glad that the phone line from here to Tryon is now completed, and we have connection with other towns of the county.

Plans are on foot to organize a Farmers Supply Co., to be at Columbus. It is understood that about \$5,000 has been subscribed for stock in the new enterprise; and that the paid in stock is to be \$10,000 to commence with. This will enable the farmers to buy their fertilizers here in the county and also buy other supplies on time. This will be a great help to many farmers in this section.

A large crowd was here first Monday. It was reported that the State Highway Commission is seriously considering taking over the road from Columbus to the South Carolina line via Sandy Plains and through Greens Creek. Mr. Miller, the road commissioner for Columbus and Greens Creek township was instructed to proceed to get the road in better condition so the State could take over the road. Go to it Mr. Miller.  
Prof. W. D. Loy spent last week-end in Shelby.

**THE BANK OF TRYON**  
"Polk County's Oldest Banking Institution"

Mr. T. M. Lynch has returned from a week's stay among old friends and relatives at Chimney Rock.

Tom Lynch Jr., is spending a few days in Shelby.

Claude Mills, of Gaffney, spent a few days here last week with his parents, N. T. Mills and wife.

Miss Margaret Rucker, who is teaching expression in Fruitland Institute, Hendersonville, spent the week-end with Miss Minnie Arledge.

Austin Newman arrived Tuesday from Winston-Salem to spend a few days.

**"Fanchon" the flour of quality**

**Fishtop.**

It seems to hot to live but it might be hotter if dead.

Look out for rattlers hot weather seems to suit them to travel in the fodder fields. By the way brother Lynn everything confirms the fear that they are migrating south as another one has been killed in Holbert Cove and eight on the "Ricks Haven" place. When they get turned over the top it will be an easy as well as a short trip down to Lynn.

Posey Henderson, E. J. and T. W. Bradley and Clayton Pace went to Saluda Saturday.

Most all are drawing off the fodder and well they may, for this hot weather will soon burn it up.

Joe and Robert Price went to Saluda Saturday.

The community fair will soon be here September 16th. Let's all take something and as many different things as we reasonably can and be sure to go to the community fair and take something as we want to send it to the

state fair and show what we have; and let the world know that there is a place on the map called Polk that will some day be the foremost in the state in the way of churches, schools, highways and fruits.

Sunday was T. W. Bradley's day to sing for the Silver Creek church.

T. W. and E. J. Bradley and Jesse Case went to Columbus Monday in the interest of a public highway from Saluda through the Cove on through Cooper Gap township. This road would do more to build up Polk county than anything of the same cost.

Mrs. Lelia Newman probably has the best hogs in the township.

Vanie Shields and Birch Arledge, of Greenville, S. C., are in this section squirrel hunting. Buy your nursery stock of E. J. Bradley, Saluda, N. C., agent for the old reliable J. Van Lindley Company, of Pomona, N. C.

For Sale:—House, 5 rooms and bath, electric lights and city water; 3 1-2 acres; 1-2 mile from depot, young fruit trees. Inquire Box 363, Tryon.

For Sale:—Six room two story house on Melrose Ave; 5 minutes walk from station near churches, bath and electric lights. \$3000. Will give terms. M. G. BLAKE.

For Rent:—Nice 8 room house with sleeping porch. Nicely located, with all modern conveniences. Unfurnished, price reasonable. Apply box 105.

Poultry For Sale:—Crystal White Wyandotte, young stock. This stock is from the pens of a premium breeder the very best in the United States, they are first class layers and splendid table fowls. I am offering them very low to introduce them I paid \$35 for my original Trio and will sell a Trio for \$9. Single cockerels for \$5 and pulets for \$3 each F O B Saluda.
