

A Bigger and Better Tryon.

This paper would be glad to lead a movement to get Tryon people to be better supporters of a bigger and better Tryon. There can never be too much of this sort of evangelism. Before we can do justice to our town and its people in boosting Tryon to the other fellow, we must first sell ourselves to Tryon—then we can sell Tryon to the other fellow.

Tryon, like all other towns, has a few citizens who can see no good in the town or in any move for its betterment in any way unless there is some money in his pocket or some other advantage to him personally. We do not think we have more of this kind of animal than other towns of our size, but we do not need any of this sort. This kind of citizen can see no good in anything, and is a walking encyclopedia of information as to his content and objection to public improvements of all kinds.

Tryon has a live Board of Trade and every member is working harmoniously, enthusiastically and unselfishly for the welfare and advancement of our beautiful town, and asks that everyone who will to join us and lend your aid. If you will do so Tryon soon will be the best town in Western North Carolina. "Sell yourself to Tryon, and you can then sell Tryon to the other fellow."

There has been a good lot of dealing of this kind, but the market is still inviting for a much larger volume of business.

Pepto-Mangan Keeps Blood Pure

Growing Children Need Plenty of Red Cells in Blood.

When the young body is growing, children frequently experience weakness. Girls and boys sometimes play too hard and and over-tax their systems. They become pale, weak, and sickly. They lose their appetites, become languid, and are not able to make progress in school work. "Growing too fast" is often true. It is most important to keep the blood of growing boys and girls in a healthy state.

Pepto-Mangan keeps the blood pure. The red cells in the blood are increased. They carry life-giving oxygen to all parts of the body, and wholesome youthfulness blooms again in clear complexions, bright eyes and buoyant spirits. Sold both in liquid and tablet form by druggists everywhere. The name "Gude's Pepto-mangan" is on the package. Advertisement.

If you think that Tryon carpenters are not busy, just try to hire one. The sound of the hammer and saw can be heard in nearly all parts to town.

The Martin Tea Room at Saluda has closed until new brick building is completed. The gift shop open all day at old stand. Auto road to door, Breeze Point Hill. New goods arriving frequently.

What Becomes of the Money You Earn?

If it goes into a bank or into an investment for your maintenance in the later years of life you are wise—also fortunate.

If it is fritted away from day to day you are unfortunate now, and you will be more unfortunate when old age overtakes you.

A savings account starts you right and keeps you going. It also gets you there.

Economy in Footwear

The man who wants to practice real economy in Footwear should get shoes that mean spending money slowly. Of course you pay for your shoes all at once; but the thing to consider is, how soon that money is actually gone, how long the shoes wear.

Our line of Men's Shoes at \$10.00 spells economy through and through. They are shoes on which we are perfectly willing to stake the reputation of this store. All Styles, all sizes, all leathers, black, tan and brown.
Mail orders solicited.
