Mr. Rowell will exhibit his Tryon paintings at the Library on Wednesday Dec. 14th, and 15, from 10:30 to 6. Many small paintings suitable for Christmas gifts will be shown.

Two poems of Tryon which Mrs. Peattie read to the Lanier Club last spring and for which there seemed to be considerable demands, have been printed separately with illustrations and are on sale at the Mountain Industries. They are "Trade Street", and "These Be the Mountains That Comfort me". They are suitable as Souvenirs and as seasonal reminders by visitors and residents of the place. It is hoped that they will serve as holiday cards also. This is the first time Tryon has been celebrated in this way and the poems have a distinct local flavor and charm.

The recently organized Christian Endeavor of the First Congregational Church of Tryon was materially encouraged and strengthened by the visit of two auto loads of Christain Endeavorers from the First Presbyterian church of Spartanburg, on Sunday afternoon. The visitors gave an interesting and instructive program illustrating various phases of Christian Endeavour activities, which was much appreciated, by local endeavourers. The following were those attending from Spartanburg: Misses Frances Clark, Maud Heffner, Louisa Walker, Louise Leonard, Nancy Lee Scruggs, Louise Ligon, Irene Hudson, Dr. Webb Thomson and T. T. Quarles and Mrs. Quarles.

Mrs. Richard Carpenter is making satisfactory progress, her physicians hoping that she can sit up this week.

Nellie Cordell To Appear At The Strand Theatre.

Nellie Cordell nine year old mind reader and mental telepathist, has been booked for an appearance here in Tryon on December 13th. At the age of three there were no distinguishing traits about her to mark her from any other child until a little later she began to voluntarily tell her father where he was going and when he would leave home. This seemed to be so extraordinary, and she was always correct in her forecast, it excited the wonder of her parents, and as she grew older this talent intensified and developed until she is now known as "The Girl with the Thousand Eyes". Specialists who have examined Nellie pronounce her a marvel and a prodigy, the character of which they cannot explain other than she is endowed with a power rarely possessed by a human.

Her demonstrations are refined and of the highest order and commend itself to any community where it may be fortunate enough to secure her presence.

Nellie will be accompanied by her father.

The Door Slams On Happiness

Poor Blood Makes Bad Health—Then Comes the "Blues."

Once the vigor of red blood be comes sapped of its strength, the door to happiness is literally slammed. Weariness of body follows and it usually follows and it unfailingly engenders depressed thoughts. To be reserved and cheerless becomes a habit. After a time there is an almost filmy dimness in the expression of the eyes and a palor to the skin. Days seem dull and dark and difficult. A sense of insufferable gloom pervades the spirit.

Then it is that Gude's Pepto-Mangan is the great help. It is a red blood builder: It puts red into the blood—increases the number of red corpuscles which makes blood rich and red. When the blood is restored to its natural healthy state, the sensation of well-being returns. Instead of shuffling along carelessly there is the firm springy step, the lusterful eyes, the clear complexion, identified with the strength and vigor of good health. The druggist has Gude's Pepto-Mangan in both liquid and tablet form.—Advertisement.

Mrs. C. J. Lynch was a Spartanburg visitor Saturday.

THIS BANK

continues to grow in spite of the hard times. At times it is a little puzzling to us how it is, but it is true nevertheless.

This bank was examined by the bank examiner last week and he was surprised at our continued growth. He was pleased with the examination and told us so. THIS BANK is in TIP TOP SHAPE. We have kept our affairs in such shape that we have been able to take care of the needs of our costumers, and a few who are not our costumers.

New accounts are opened every day. Last Saturday eleven new accounts were opened, as we closed our books last night we were the largest since we opened Oct. 31, 1919. Deposits were the largest. Total resources were largest. All this is very gratifying. It is so good we want you to know about it and if you are not among those who are making this bank grow, we invite you to join us by depositing your money here or at least a part of it. You can do business here with ease. Come to see us.
