Change of Publication Date.

In order to reach our readers earlier in the week, thus enabling our farmer friends to take advantage of any special sales put on by our advertisers, and at the same time make this paper a better advertising medium for the merchant, we will, beginning with our first issue in May print the NEWS on Wednesday afternoon of each week instead of Thursday. Please bear this in mind and let us have the copy for your advertisements as early in the week as possible.

The Polk County News says: "Polk county has a growing season from three to six weeks longer than any other mountain county in the state." We are not in a position to challenge this remark but if that paper can establish this truth as an undisputed fact it has something to preach about every day in the year. It makes us glad that we are a close neighbor just over the bridge. —Hendersonville News.

We still stand by every word of the above and if the editor of the News will only come to Tryon we can soon show and convince him that with all our claims the half has not been told.

A Big Error

We hasten to congratulate Tryon, our neighbor to the south, on its progress in letting a contract for the building of paved streets and cement sidewalks but must take issue with the Polk County News in this assertion:

"This, together with the state road, the Lake Lanier and school addition will make Tryon the best residential town in this part of the country."

"Such statements cover too much territory and we can't afford to let are brother get away with them." —Hendersonville News.

We did not say the largest, but the best residential town in this part of the country. Now brother if you will only come to Tryon and look around a little and see the beauty and charm of Tryon you will agree with us that our statement is true.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

The play "Mrs Tubbs of Shanty Town" given by members of the High School at Library Hall was one of exceptional merit. Mrs. Tubbs the Sunshine of Shanty town, was delightfully personified by Eunice Sonner. Mrs. Tubbs' boarder, Clingie Vine, an old maid was well portrayed by Maud Gilbert. Mrs. Tubbs' visiting neighbor, Mrs. Ellen Hickey, a woman who hated to gossip was aptly shown by Mary Salley. The character of Tom Roideen, The census taken was well acted by Bessie Sonner. Simon Rubbles, Mrs. Tubbs stinging old landlord was well shown by Clayton Hall, Maydelle Campbell, Shanty Town's school teacher was well portrayed by Hettie Nabers, Mrs. Tubbs had four active children;—Scuffie Methusala's part was taken by Essley Hipp; Queen of Sheeba's by Julia Baumberger; Billy Blossoms by Bernard Summey and Punky Dunks, by Helen Sue Bailey. There was also Elmira Hickey a child visitor who was well played by Kathleen Garren. Mrs. Tubbs' oldest son Jimmie appeared at the close of the play. Jimmie's part was taken by Q. C. Sonner Jr.

The play was interesting from start to finish and every one was pleased with the acting of the High School pupils

Miss Burgess deserves much commendation for the way in which she trained the young actors and actresses.
