Champion Walkers.
 British women are noted for being untiring walkers, and it is not unusual for a woman in that country to travel on foot a distance of 52 miles and back in one day.

Prefer Ice Packs.
 Physicians today are making use of ice-packs in the treatment of pneumonia and other pulmonary maladies, whereas 25 years ago hot applications were prescribed exclusively.

American Ideas in China.
 Many a rich Chinese merchant of today is waked up by an American alarm clock, talks over an American telephone, and rides in an American motor car.

Thought for the Day.

OAK GROVE COMMUNITY

A number of boys and girls of Oak Grove enjoyed themselves very much at Mr. Watson's Sunday, at his birthday dinner.

Everybody is very sorry to know that Mr. Robert Parker is very ill.

Mr. Roy Lockhart and sister, Ida, spent Saturday and Sunday at Landrum with their aunt.

Description That Was Art.

Whistler once described himself as "an artist whose work is without the pale of gross popularity and whose purse is consequently not heavy with ill-gotten gold."

Oak Grove School was playing basket ball Monday afternoon and Miss Ruth Brian fell down and some of the small boys said she hurt her stocking.

A real good basket ball player of Greenville helped the Oak Grove School Monday afternoon.

Mr. Luther Shields, of Landrum visited Oak Grove church with friends last Sunday night.

The teachers of Oak school deeply regret that do not have as large attendance as usual on account of measles. We hope each sick child will have speedy recovery.

The president and officers are planning a B. U. social at an early date for the benefit of the public.

The farmers of this county are appreciating this weather and are making use of it by tilling the soil getting ready for planting. They "count that day" whose low descending views from their hands worthy action done.
