USE **MUSTANG**
—the SURE REMEDY for Plague, Swelled Head, Cough, Cholera, Worms, Cholera, Frozen Combs, etc.

Says Thos. F. Rigg, Iowa Falls, Ia.: "I have used Mexican Mustang Liniment in my yards for 24 years. My father, Dr. James Rigg, who founded the Rigg strain of Houdans, used it in his yards and always recommended it to the fraternity. It is a positive cure for Croup, Bumblefoot and Swelled Head. I would not undertake to keep fowls without having a bottle of Mustang handy by me."

Lesson for April 6

THE KINGDOM RENT ASUNDER

LESSON TEXT—1 Kings 12:1-33.
GOLDEN TEXT—"Friede goeth before destruction, and an haughty spirit before a fall."—Prov. 16:18.
PRIMARY TOPIC—The Story of a Foolish King.
JUNIOR TOPIC—Rehoboam's Folly.
INTERMEDIATE AND SENIOR TOPIC—The Division of the Kingdom.
YOUNG PEOPLE AND ADULT TOPIC—Why the Kingdom Was Divided.

The kingdom so gloriously administered in David's time reached its climax in the time of Solomon. Solomon was led astray through the influence of his heathen wives, and the kingdom had begun to wane. God had expressed his indignation toward him and made known the fact that the kingdom was to be rent from him, yet not in his time, but in the time of Rehoboam (1 Kings 11:9-13).

I. The Demand of the People (vv. 1-4).
This was occasioned by the burden of excessive taxation and enforced labor, which was required by Solomon in order to build costly houses and temples for his heathen wives. Owing to the multiplicity of his wives, this became very burdensome. They promised loyalty to him on the condition of lightened burdens.

II. Rehoboam's Foolish Decision (vv. 5-15).
1. Rehoboam Consulted With the Old Men (vv. 5-7). These were men of experience who had been Solomon's advisers. They advised that the people's request be granted.
2. Rehoboam Consulted the Young Men (vv. 8-11). These young men had grown up with him, possibly were his half-brothers, sons of Solomon's many wives. Being thus brought up in the luxury of the harem, they were ignorant of the legal right of the people. Therefore, they advised even that the burdens be increased.

3. Rehoboam Followed the Advice of the Young Men (vv. 12-15). At the appointed time he announced his purpose to the people. He even answered them roughly, asserting his purpose to increase their burdens and sorrows.

III. The Revolt of the Ten Tribes (vv. 16-24).
Upon Rehoboam's announcement of his rash purpose, all Israel cried out, "What portion have we in David? . . . to your tents, O Israel."

1. Rehoboam's Attempt to Collect Tribute (vv. 18, 19). Adoram, his tribute gatherer, was stoned to death. So violent was the opposition on the part of the people that Rehoboam had to flee to Jerusalem to save his life.
2. Jeroboam Made King Over Israel (v. 20). They seemed to have lost no time in selecting a head so as to be strong in their opposition to Rehoboam.

3. Rehoboam's Attempt to Compel the Ten Tribes to Return to David (vv. 21-24). To effect this, he assembled his army of 180,000 men. Through the prophecy of Shemaiah, which forbade them to go against their brethren they were persuaded to return.

IV. Jeroboam's Scheme to Unify the Ten Tribes (vv. 25-33).
1. He Established Calf Worship (vv. 25-30). His pretext for this worship was his fear lest the religious unity should heal the political separation. His fear was that the people would go back to Jerusalem to worship and therefore would gradually be led to acknowledge allegiance to Rehoboam and his own life would be taken. He was too shrewd a politician to do away with religion. He knew that religion was a powerful factor in man's life. The prevailing religion of the world today is a political one. It is used as a sort of cement to hold together people and political interests.

2. His Scheme of Worship (vv. 31-33).
(1) He built houses and high places (v. 31). This was against the direct command of God. God had directed His people to destroy the high places, to break down the idolatrous centers.
(2) He made priests of the lowest of the people (v. 31). God had set aside the tribe of Levi to fill the office of priesthood. In this again he disobeyed God.

(3) He changed the day of the Feast of the Tabernacle (v. 32). The time of this feast was set by the Lord (Lev. 23:33, 34). Jeroboam argued that the change in the time would be better suited to their northern climate, but God who made the climate ordained the time of the feast. It was his business, therefore, to obey God.
(4) Jeroboam himself intrudes into the priest's office. This act of presumption on his part was the climax of his godless acts, which all grew out of his wicked heart.

A Good Policy
For this is my maxim. I hold that the party receiving an obligation should ever remember it, the party conferring it should forget it immediately, if one is to act with honesty, the other without meanness.—Demosthenes.

Are Found Together
Propriety of thought, and propriety of diction are commonly found together. Obscurity and affectation are the two great faults of style.—Macaulay.

MAKE DELICIOUS BRAN MUFFINS MORE OFTEN

Muffins Made With One-Third Boiled Potato and Two-Thirds Wheat Flour.

(Prepared by the United States Department of Agriculture.)
Bran muffins are frequently recommended to persons who suffer from constipation. They may be made with either sweet or sour milk, according to what is on hand. Raisins or nuts may be included in either case. The United States Department of Agriculture gives these directions for making bran muffins in batches of twelve.

Bran Muffins.
1 cupful flour 1/2 cupfuls seeded raisins or chopped nuts
1 teaspoonful salt 1 tablespoonful bran
2 cupfuls clean 1/2 cupful sweetening
1 egg 1 1/2 to 2 cupfuls sour milk

Sift together the flour, salt and soda and mix with this the bran. Add together the sweetening, melted shortening and part of the milk; then mix with the dry materials. Add the raisins,

dusted with flour and enough more sour milk to form a batter of such consistency that it will drop but not pour from the spoon, but be as wet as possible otherwise. Bake in greased muffin pans for about one-half hour.

MAKE OLD-FASHIONED CREAM RICE PUDDING

(Prepared by the United States Department of Agriculture.)

Wash one tablespoonful of uncooked rice and add one quart milk, one-third cupful of sugar, one-eighth teaspoonful nutmeg or cinnamon and one teaspoonful of salt. Pour the mixture into a good-sized baking dish, and cook in the oven slowly for about two or three hours, stirring it frequently. If allowed to cook slowly, the milk thickens

Baking Rice Pudding.

to a creamy consistency and the rice swells to several times its original size. If double the quantity of rice is used, the mixture does not require such long cooking, as the rice in swelling thickens the liquid more rapidly, but the product is not so creamy. Often a half cupful of raisins is added to the pudding and allowed to cook down with the milk.

Demonstration Club Make Horsehide Coat

An excellent coat was recently made of a horsehide by a member of a home demonstration club in Oklahoma, according to a report received by the United States Department of Agriculture. All the members of the club consulted and planned with her when the coat was cut out, so that her work was a valuable demonstration to all the members.

When cutting out the coat she first laid the pattern down on the outside of the skin so as to be able to tell how the hair lay and make it all go in one direction. When the pattern had been marked at the corners with coarse needles she turned the inside up to do the cutting. A sharp razor was used for cutting the skin, as scissors will cut the hair. A five-inch border of skin was used on the bottom. The hair ran differently on this strip and the color varied slightly so that, with a turn-back collar and lapels of the fur, the coat, which she considered worth at least \$50, was very attractive. The expense for tanning was \$9, and there was a slight expense for sateen lining.

Veal, lamb, and goat skins can be made into very useful, attractive, and marketable articles. Veal or cowhide tanned smooth without the hair is made up effectively into coats or sleeveless jumpers with hats to match.

A Simple Cement
A cement for mending a cracked stove is made of wood ashes and salt in equal proportions, reduced to a paste with cold water. Fill in the cracks when the stove is cool. It will soon harden and may then be polished over.

Easy Way With Eggs
Eggs covered with boiling water and allowed to stand for five minutes are more nourishing and easier digested than eggs placed in boiling water and allowed to boil furiously for three and a half minutes.

Thoroughly Cook an Omelet
To thoroughly cook an omelet keep shaking the pan gently and raise the cooked portions to allow the uncooked mixture to run over the hot pan.

Your New Home
should be made artistic, sanitary and livable.

These walls should be Alabastined in the latest, up-to-the-minute nature color tints. Each room should reflect your own individuality and the treatment throughout be a complete perfect harmony in colors.

The walls of the old home, whether mansion or cottage, can be made just as attractive, just as sanitary, through the intelligent use of

Alabastine
Instead of kalsomine or wallpaper

It is absolutely necessary if you expect Alabastine results that you ask for and secure Alabastine.

Avoid kalsomines under various names and insist on the package with the cross and circle printed in red. That is the only way to be sure you are getting the genuine Alabastine.

Alabastine is easy to mix and apply, lasting in its results, and absolutely sanitary.

Alabastine is a dry powder, put up in five-pound packages, white and beautiful tints, ready to mix and use by the addition of cold water, and with full directions on each package. Every package of genuine Alabastine has cross and circle printed in red.

Land Granted to Lafayette
In 1803 Lafayette was given ten different grants of land along the Mississippi river, and in 1824 he was granted one township which comprised 11,520 acres of land in west Florida. Tallahassee is now located on this site. It is impossible to give the locations of the other grants, as the land was not surveyed at that time except by special surveys, which were indicated by special landmarks.

Where Speed Makes Beauty
Wherever crystals form rapidly their shapes will be more beautiful in all likelihood than when they form slowly. When they form rapidly they assume fantastic branching forms in some instances, but where they take a leisurely course of freezing or solidifying they tend to become more solid. This is one explanation of the beauty of the snowflake, which is a form of crystal.

Golden Spike
On May 10, 1869, the last spike of the railroad connecting the Union Pacific and the Central Pacific was driven. It was made of gold. The spike was first tapped by President Leland Sanford of the Central Pacific, governor of California, next by Vice President T. C. Durant of the Union Pacific, and the rest of the driving was done of the chief engineers of both roads.
