## A PLEASANT VISIT

Last Thursday the College of St. Genevieve-of-the-Pines entertained a large number of students at a picnic in Tryon given in honor of the graduates, Miss Elma Wilson of Asheville, N. C., and Miss Margaret Pike of Ambridge, Penn.

A motor trip over the winding roads near Tryon proved an attractive feature of the days entertainment. The visitors were visibly impressed with the splendid views of the mountains and the laurel bordered driveways which make the highways of this section things of real beauty.

Luncheon was served at Pine Crest Inn and the Seniors were toasted by Miss Mabel Lee Dooley. The "Will" was read by Miss Dolly Rutledge and both were heartily applauded by those present.

After luncheon the party visited the Tryon Toymakers The Blue Ridge Weavers, and The Tryon Homespun Factory, where the arts and crafts of the mountain people were explained in detail to an interested audience.

In the evening a picnic supper was served and the party returned to Asheville, with pleasant memories of Tryon and of the kind friends who

had welcomed them with such generous hospitality.—ONE OF THE PARTY.

## Costs More—Worth It

Dairy Tuxedo is not a cheap feed, but it is worth every cent of what it costs. It contains 24% protein, the maximum that a cow can readily assimilate, combined with all the other food elements necessary to high milk production, in just the right proportions.

The proof of a feed is in the milk pail. That's where Dairy Tuxedo proves itself—in actual increased production.
