*********** Mary Browne Owner of New Coast Mark

Miss Mary K. Browne, former national tenals champion, broke the course record at the Brenwood Country club at Los Angeles in winning the qualifying medal of the California golf championship. A score of 78 was two points lower than the best previous women's mark for the course. The former queen of the courts, already regarded as one of the strongest woman golfers in the country, is said to be playing the best game of her career this season.

EX-TEXAS LEAGUERS. GAINING PROMINENCE

Former Players From Lone Star State Are Active.

Former Texas league baseball players are rapidly coming to the front in the major circuits. Just the other day several ex-Texas leaguers figured prominently in the final scores of different games.

Ray Blades, former Houston outfielder, smacked out a home run, put his team, the Cardinals, out in front, and then in the ninth inning, to the midst of a Cub rally, dropped an easy tly that let in the winning run.

Lil Stoner pitched and wen his second game of the season for Detroit. Cleveland was the victim on this occasion. Topper Rigney, also a former Panther, played what is believed to be a record game at short for the Tigers. He played up to the ninth inning without a fielding chance. Thea Homer Summa, a former Wichita Falls outfielder, now playing for Tris Speaker, hit the only ball of the day that went to short-and Rigney muffed it. Glenn Myatt, former Buff, caught the game for Cleveland and knicked Stoner for three hits.

Ike Boone hit another home run for the Boston Red Sox and maintained his place at the top of the batting average list. Ike weighted down right field for San Antonio last year. Dutch Sperber, who played in a Houston uniform last season, played a less promineat part in the Phillies-Braves contest.

Joe Martina, Texas league veteran, twirled his second victory of the season for the Washington Senators. He subdued Connie Mack's Athletics, 4 to 3. Lester Bell hit a double that figured in the St. Louis scoring, although the game was dropped to the Cubs as aforementioned on Blades' untimely error. Adams, former Spudder, played at short for the Cubs, mide two hits and scored one run. Jim Bottomley went hitless and Gene Bailey played a few uneventful innings for the Brooklyn Trolley Dodgers.

Athletics Aid Beauty

Miss Lillfan Duncan, holds the New England record for the 60-yard run. Athletic activity is a help to beauty, judging from Miss Duncan's charm.

New Cricket Record Is

Set in Australian Game

A new record for cricket in Australia was established recently in the match between Victoria and Queensland at Melbourne, when W. H. Pensford and E. R. Mayne, batting for the Victorians, scored 456 points at the first wicket. The best previous wicket partnership was made by Hobbes and Rhodes in 1911, when they batted in 323 runs.

Ponsford made 248 runs and was at the wicket nearly seven hours. Mayne scored 208 and was at the wicket nearly seven and one-half hours. The fielding of the Queensland players is said to have been unusually good and they used no less than seven bowlers in an attempt to break the winning streak of the formidable Victorian pair. Victoria won the match, which was for the interstate championship.

No Longer Dearth of

Eight-Oared Crews

Not so many years ago, one could count on the fingers of one hand all the really formidable eight-oared shell crews in the country. It's not that way any more, This rowing season looks like the best one in history. At least a dozen crews consider themselves good enough to enter the Olympie tryouts at which America's representatives at the great international games will be picked. The entrants to date include Yale, Harvard, Princeton, Pennsylvania, Syracuse, Washington, Dulyth Union Boat club, Bachclors' Barge club and West Philadelphia Boat club. There will be several others.

BASEBALL SQUIBS

Only rain saves some teams from being snowed under.

The chief trouble with the Browns to date seems to be the club has only one Sisler.

John H. Williams, the Indian southpaw, has been sold by Rochester to Pittsfield of the Eastern league.

Miller Huggins intends to carry five catchers this year if it is possible to prume the rest of his players down to permit It. Dick Hoblitzel, of Reading, is the

first player to get six hits in as many times at bat. He performed the feat against, Toronto. So acute is the baseball fan's hear-

ing that in spring he can detect the

flapping of a pennant that won't be unfurled for 12 months. George Fisher, outfielder of the Washington Senators, has been traded to the Minneapolis American associa-

tion club for Carl Last. Roger Peckinpangh, who was somewhat slow in rounding into fielding form this season, is doing some great

shortstopping for the Nationals.

The American league has not announced the offer of a cash prize to the best player of the year, but a medal or diploma will be awarded.

Jack Roche, veteran catcher, with Oklahoma City last season, has been signed by the Denver club of the Western league and is slated to play first

Duke Meredith, Chicago, who starred as an outfielder with several Illinois semi-pro clubs last season, has signed with the Dubuque Mississippi Valley league team.

The modern (since 1900) record for the greatest number of games in which a pitcher has participated during a season is 66, made by Ed Walsh

they are, going to retire. Sure they will-when there is no more fun and, also, no more money in their respective games. Tom Pyle, outfielder, who was sold

Tyrus Cobb and Luis Firpo say that

to Little Rock by the Sherman Texas association club, has been turned over to Muskogee of the Western association by the Travelers. Pyle hit .359' ast year.

Pitcher Charley Root, obtained from the St. Louis Browns in the deal whereby Los Angeles sent Pitcher Lyons and Catcher Tony Rego to American league teams, is the pitching sensation of the Coast league.

Manager Tristram Speaker's statement at the opening of the season that Cleveland would try to win the pennant by hitting the hardest is all very well if there is at least one pitcher who can be relied upon to win consistently without the hitters.

Paddock Fastest Runner

Charlie Paddock, the fastest runner of them all, is on his own private cinder path in Los Angeles daily working out and getting into condition for the coming Olympic trials. Photograph finish this season.

FOUNDATION STOCK OF FUTURE EGG LAYERS

(Prepared by the United States Department of Agriculture.)

The buying of baby chicks is a far more important problem than most purchasers realize. Baby chicks constitute the foundation stock of the future layers and breeders and, therefore, too much care cannot be exercised in deciding upon the hatchery from which to buy.

Officials of the United States Department of Agriculture have observed that practical poultry raisers and farmers are relying upon the hatcheries more and more each succeeding year as a source of supply for their new crop of chicks. In other words, each year sees fewer and fewer chicks hatched under hens and the mammoth hatcheries are taking the place, to a certain extent, of the smaller incubators which are commonly operated on the farms. It is because of the fact that farmers are buying baby chicks from the commercial hatcheries in such large numbers that the officials of the department feel the necessity of urging them to exercise great care in deciding upon where to buy this year's supply of chicks.

At the same time it should be pointed out that many farmers, perhaps the majority, will still find it more economical to do their own hatching. This is especially the case where the farm flock is of good standard quality and has been bred for egg production. A farmer hatching his own chicks knows the quality of chicks he can expect.

The commercial hatchery business has developed to a very remarkable extent in the United States in the last two years. Some of the hatchery men have estimated that practically double the number of baby chicks will be hatched in mammoth hatcheries this year compared with last. There is a great increase in the number of hatcheries, each varying in capacity from a few thousand to several hundred thousand chicks.

The question of importance to a purchaser of baby chicks is the source of supply of eggs for the hatcheries. Many of the hatcheries have their own business well organized, and are able to guarantee the quality of the chicks. Some of the hatcheries, however, are not so particular where they purchase the eggs they use and are not able to guarantee high-quality chicks. Purchasers of baby chicks would be

well advised, officials of the department say, to make sure of purchasing from a reliable hatchery. Only pure bred chicks should be bought, and in addition to this ,the purchaser should insist upon a satisfactory statement from the hatchery man as to the quality of eggs used. Were the eggs from a standard-bred flock with trap-nest records, and was the flock in good breeding condition? Purchase baby chicks with great care. It is better to pay a few cents more for good quality chicks that can be guaranteed.

High Value of Milk for Increasing Yield of Eggs

Milk fed to laying hens brings better returns than when fed to hogs, according to Purdue university. Returns at that station show that the increase in egg production gives a returns of \$1.82 to \$5 per hundred pounds of milk fed to hens. Feeding of protein to hens will usually increase the egg production of a hen about 100 eggs per year as compared to hens that do not receive a protein supplement.

Milk cannot be compared with other forms of animal protein such as meat scraps and tankage wholly on the protein basis, since its palatability, ease of digestibility, and general availability on the farm must be given consideration.

For chicks, milk is almost a necessity since most people can raise chicks easier and better and with less mortality when given as a liquid diet.

***************** Poultry Notes

The wise poultry raiser knows that early hatching catches the best profits.

Young goslings should be kept out

of the sun on hot days or they will suffer from the heat. Gather eggs to be set often and keep them in a cool, dustless place,

turning them twice daily. " The best cure for a hen with the egg-eating habit is to give her a dose

of iron-applied just back of the ears.

You can count your chickens before they hatch if you observe carefully the correct principles of egg selection and incubation, cliebana , study 4/8000

Milk is a very valuable feed for baby chicks, since it contains the vitamines so essential to growth and also protein required in a ration.

The thermometer used in the incupator should be tested to determine whether or not it is recording the temperature accurately.

The more ventilation allowed the shows Paddock at the finish of a 100- more the egg evaporates. Skill in runyard dash. Experts claim that Pad- ning the incubator consists in balancdock is somewhat faster with his ing these two factors so the eggs de not smother or dry out.

Developed Into Systemic Recommends PE-RUA

Mr. A. R. Wilson, LaFollette, Tenn.

The letter written a short the by Mr. A. R. Wilson of land Tenn., brings some more direct dence of the value of Pe-ru-na treatment of catarrhal diseases.

It reads as follows :- "While the ing Billy Sunday's great reing Knoxville, Tenn., last February tracted a cold which weakened tire system. I have taken only bottles of Pe-ru-na and feel new man. It is a great system by as well as a great catarrh rement

To attempt to even estimate thousands who, in the last half tury, have come to know and an ciate the merits of Pe-ru-na work worse than useless. The number astonishing and increasing daily

Your nearest dealer has Pen in both tablet and liquid form h upon having Pe-ru-na, the orin treatment for catarrh.

And Then? They sat silently for a long to

then he spoke, a little nervousix "What are you thinking allows asked her presently. He knew by to say something. It seemed exert of him.

She blushed and moved uneasing her chair.

"Never mind!" she at last answer sharply. "It's your business to p pose, not mine!"-Minneapolis Tri
