

## Saluda Goat Ranch To Do Mail Order Business Throughout the South

Miss Belle F. Miller, formerly of Erie, Pa., where she ran La Crescenta Goat Ranch, builds up business with Nubian Goat Herd

Claiming many advantages for goat's milk as a food for babies and young children, Miss Belle F. Miller of Saluda, N. C., has recently made arrangements to ship goats milk to all parts of the south on orders from baby sanitariums and physicians.

Shipments will be made by parcel post in vacuum containers to any point which may be reached by rail within forty-eight hours.

With the exception of Dr. Payne of Greenwood, S. C. who has a herd of Swiss Toggenberg milk goats, Miss Miller is the only person in this part of the country specializing in the sale of goat milk.

Miss Miller believes that the masses are fast learning the value of goat's milk as a superior article of diet for grown-ups as well as babies because it has been found to be not only delicious drink, but easily and quickly digested and assimilated.

Goat's milk is pure white in color with a sweet creamy taste. The cream does not rise as in cow's milk, the fat globules being small and divided throughout the milk in minute particles of uniform size.

Goats milk is free from tubercular germs. During eight years, half a million goats were slaughtered under government inspection and not a single animal condemned for tuberculosis.

Dr. Chas. E. Atkins consulting specialist to the California Southern Sierras Sanatorium for diseases of the throat and lungs says in part: "I have observed so many favorable results from the use of goat's milk in tuberculosis in conquering digestive difficulties, that I am becoming more and more convinced of its large field of usefulness in the treatment of that disease"

Any one wishing further information concerning the medicinal and food value of goats milk may secure literature by writing directly to Miss Miller at Saluda.

## Saluda Citizens May Build Lake

Major Warren E. Hall To Make Survey of Proposed Sites.

The people of Saluda are actively interested in developing their resort possibilities and with this in mind have determined to build a resort in the near vicinity. Several sites have been examined, and today Major Warren E. Hall of Western North Carolina, Inc., will make a thorough survey of the several proposed sites in order that an estimated cost may be fixed.

There are several mountain streams which run through the territory, and Mr. Hall will probably decide which is best suited for the development in mind.

Saluda is admirably situated for a summer resort and with their business increasing every season the residents believe that the establishment of a large lake in the vicinity will materially increase the influx next summer. With the Highway Commission of South Carolina actively interested in paving Route 19, the Appalachian Highway through from Columbia to the line, and an assurance from the State Highway Commission that they will meet the Palmetto official at that point with a modern highway, Saluda like every other town on the route seems increased prosperity, and our mountain neighbors are not to be left asleep at the switch.

While speaking of small sums like dimes and nickels, it was interesting to read recently the Statement of a restaurant report to the National Restaurant Association gathered in convention at Chicago that because the Brazilian government controls the coffee market and limits exports to keep prices up and because restaurant expenses have advanced rapidly, people are actually being paid to drink coffee. The implication was that like five cent cigars, five cent cups of coffee may soon be only a memory.

Wheat and rye were unusually good in North Carolina this year. Winter oats had poor stands and spring oats poor growth. Wheat over the country better than last year but below the five year average. The present price for the United States is 30 per cent above a year ago, it being \$1.17 on farms last week.

## Hon. John W. Davis

C. W. Gilbert, author of "The Mirrors of Washington" evidently favors John W. Davis. In any case the reflection isn't quite as displeasing as his thumb nail sketch of the present president, Calvin Coolidge, which we ran last week.

As you look at Mr. Davis's face you guess that he has qualities that Mr. Hughes lacked, that he is not all legal mind, that he has a good knowledge of the world, that he has other tests of reality than what may be put on paper.

He calls himself a liberal. Without injustice he may be defined as a conservative with a wider outlook, that is, a wider-outlook than Mr. Coolidge's. He may also be defined as a progressive without vehemence, that is, a progressive without the vehemence of Mr. La Follette. He is reason carrying a flag of truce between the two camps. Mr. Coolidge represents instinctive conservatism, the inborn fear of change, Mr. La Follette represents radicalism, the cautious radicalism of our young nation, the will to change. Mr. Davis is liberal to both views; his reason tells him that though things change they are always the same.

We wonder if Polk County People HAVE any opinions of their own. Last week we requested our readers to give their own individual ideas concerning Mr. Coolidge's phonology. Certainly you THINK something—then tell us what you DO think. Let's hear from YOU.

## Frank Whitman With Spartanburg Agency

Former Secretary of Commerce of Asheville Lands Position as Sales Manager With Spartanburg Advertising Concern

Frank L. Whitman former, Secretary of the Asheville Chamber of Commerce and well known to Tryon business men has been appointed sales-manager of the Hewitt-Gordon Company of Spartanburg. Mr. Whitman will work the North Carolina and Florida hotels, and have charge of the branch office which the Hewitt-Gordon people will install in Asheville.

## ANOTHER BOOST

Leigh Mitchell Hodges, of the Philadelphia North American, one of the best known editorial writers of the country in a recent letter says: "I have looked over the copies of the Polk County News you have sent me, and I must say it is a hummer. I have never seen a better paper for a place the size of Tryon, and I hope the people there will appreciate it to the fullest extent"

Elbert Hubbard said something about a man building a better mouse-trap and the world beating a path to his door. The management of the NEWS is expending every effort to build a better newspaper, so that the world may know about TRYON and POLK COUNTY. You can rest assured we will tell 'em.

## Harry A. Wilkie Passes

Well Known Hotel Man Dies at His Tryon Home Sunday.

Mr. H. A. Wilkie died last Sunday after a long illness. He was born in El Paso, Illinois, and spent the greater part of his life in Chicago, coming to Tryon about five years ago. With his son-in-law and partner, Mr. Carter Brown, he brought and conducted Pine Crest Inn, one of the most noted hotels of the South. It is not too much to say of Mr. Wilkie that to know him was to believe in him, and to know him, and to know him intimately was to admire and love him.

Such friendliness, cheerfulness, kindness and helpfulness are not common in any community. They won for him the devotion of his friends, his family, and his patrons, not only here, but in his Chicago home, and at the summer resort on Lake Michigan which he assisted in developing from a stone tower built by himself, to one of the finest and most extensive systems of summer cottages in Michigan. Mrs. Wilkie and two daughters, Mrs. Wing and Mrs. Brown with two grandsons are left with precious memories of husband, father, and grand father. The youngest of these coming from his room a day or two before he passed away saying, "I told him." "What did you tell him?" "I told him that I loved him" was the reply.

## Art Exhibit At Parish House

Beautiful carvons and photographs will be shown at Parish House on October 1, 2, 3, and 4th. An educational opportunity with a two-fold advantage.

Recognizing the educational advantages to be derived from opportunities to see good art the Tryon school has arranged with the Elson Art Publication Co., for an art exhibition of two hundred pictures to be held at the Parish house, October 1, 2, 3, and 4th. This collection consists of pictures made directly from the original masterpieces, is selected by art experts and should attract large crowds.

A small admission be charged, the entire proceeds of which, after deducting the expenses of the exhibit, will be used in the purchase of pictures for wall decoration.

The purpose of the exhibit is thus two-fold: First: To give people an opportunity to see a collection of the world's famous masterpieces of painting, sculpture and architecture. Second: To make it possible for the pretty Tryon School to decorate its walls.

These pictures are of interest to both young and old, and we are looking for every person in Tryon to come to this exhibit. Some one will call on you in the next few days to give you an opportunity to purchase a ticket. Children 15 cents, Adults 25 cents.

Mr. and Mrs. Vernon Hall of Inman, S. C. announce the birth of a son, John Vernon, Jr., on September 16th.

Mrs. Miles of Charleston, S. C., has been the guest of her sister Mrs. J. J. Gentry of Bird Mountain during the past week.
