MILL SPRING ROUTE 1

Everyone enjoyed the surprise dinner at Rev. W. W. Womack's last Sunday. It was prepared by his children and grand children. Most all the Womack relatives were present.

Mr. and Mrs. W. E. Elliott and children accompanied by Miss Minnie Womack called at the Hyder home Sunday afternoon.

Miss Creola Taylor from route 2 spent Thursday night with her school mate, Valma Hyder.

Messrs. Pharoah and John Grant Lynch from route 2 were in this section Sunday.

Miss Mildred Womack called on her friend, Miss Vernie Hyder, who has been sick.

Mr. and Mrs. Brown from West Asheville have made their home on the property recently sold by Mr. A. A. Edwards to Mr. T. G. Eberton.

We are glad to say, Mrs. V. B. Hyder who has been so seriously ill, is fast improving.

Mrs. T. F. Mills is ill at this writing. Hope she will soon recover.

Congratulations to Mill Spring route 2! We are glad indeed to hear from you. Come again.

Mrs. Caroline Pritchard of Landrum, is spending a few days with her daughter, Mrs. Fowler this week.

Mr. and Mrs. A. Mills Camp motored to Landrum, S. C. Saturday.

SALUDA

A large crowd of folk were attracted to the North-East end of town on Sunday at noon, when the house owned by Mr. P. A. Bishop and occupied by Mr. Harry Gilreath and family was burned to the ground in just a few minutes time. The owner of the house had some insurance on the building but Mr. Gilreath lost everything except one or two pieces of furniture which were of small value and while sympathy through words gives but little relief in a case like this, we hope the people will look after the welfare of Mr. Gilreath's family in some way. The fire originated on the roof from flying sparks blown against dry pine shingles, and while there is some insurance on the building, we learn there was only about half enough to cover the loss.

We are sorry to learn that Mr. Wiley Goforth, one of the communities very best citizens, had the misfortune of losing two of his toes last Thursday while chopping wood. Mr. Goforth had emergency treatment at the Tryon Infirmary, and we hope that he will soon be able to be around.

Saluda High School and Tryon High School boys played a very good game of baseball last Friday afternoon on the Saluda grounds, the score being 11 and 8 in favor of Saluda. This game brought Saluda boys even with Tryon in the contest. On Tuesday the 21st, a baseball game was played between Green's Creek High School boys and High School boys, the game being scored similar to the National League games the score being 1 to 0 in favor of Saluda, this game making Saluda one game ahead in the contest.

Miss Clementine Douglas, her mother and some friends motored through Saluda and Tryon for a few days visit to the Weave Shop at Saluda with which concern she was formerly connected, and they visited many friends in Tryon before their return to Asheville, where Miss Douglas has management of the weave shop known as the Spinning Wheel.

Mr. G. X. Thompson, of Hendersonville, N. C. was visiting relatives in and around Saluda Sunday.

Mrs. Roy Thompson has returned home after some two weeks visit in Mill Spring with her sister, Mrs. Thomas Holbert.

Mother Held

Mrs. David Cunningham, 47, of Gary, Ind., is held pending an investigation of five deaths in her family by poison. Look at her eyes. Does she look as though she would poison her own children?

Whether you burn coal in furnace, stove or grate, we have just what you need. Egg, nut or lump in good clean anthracite.

Wood, both oak and pine. Cut to meet your requirements for stove or fireplace.

COTTON IS KING, BUT—

Cotton is the leading money crop of the South, and it is the true king of agricultural products of this section; but the prosperity of his kingdom depends upon the wisdom displayed through an economic rule. "The life is more than meat," Grain and hay, pastures and livestock, butter and milk, poultry and eggs, are necessary to a successful reign of any king of crops.

In order to enjoy the greatest independence and prosperity the farmer must raise his own provisions, at least so far as climate will permit, and in the Southeastern states we may grow almost anything that does not properly belong to the tropics. —Farming.

MISS MCGOWAN TO MARBLEHEAD

It is authentically reported, much to the regret of those who enjoy tasty tea parties and delicious luncheons, that Miss Marie McGowan who has operated Mountain Industries Tea Room for the past four months, is leaving Tryon at the close of the season here to accept a very desirable position in charge of a tea room at Marblehead, just outside of Boston. Evidently her ability as a "cuisinist" is becoming widely known judging from a series of four similar offers which have rained upon her in the past two days. Anyone who has eaten food prepared under her direction will fully appreciate the reason for her many offers, and will feel that Tryon is temporarily losing an artist in the realm of cookery. Her many friends wish her much success in her new venture.

MILL SPRING VILLAGE

Miss Edith Rose of Mitchell, Ind. is the guest of Mrs. A. M. Voorhels.

Will the members of the Mill Spring Baptist Church come Saturday May 9th to clean off the cemetery for the Memorial exercises?

Quite a number of books have been received for the school library and any donation from the outside would be appreciated.

Prof. and Mrs. J. W. Brown came very near having a serious accident on their return from Asheville Saturday night. When they were just outside of Lynn, the lights went out suddenly and the car ran down an embankment and turned over. Fortunately neither were injured although the car was pretty badly damaged.

Mrs. Elmer Simpson has returned from Virginia, where she attended the funeral of her sister.

Little Miss Margaret Brown was hostess to a number of small friends Saturday afternoon, celebrating her sixth birthday.

PEA RIDGE NEWS

Well, I guess all are about done planting this fine weather.
