Names to Live Up To

Two youngsters will be in

the Southern league this spring

who will try to perpetuate the

great names of their fathers in

baseball. One is Frank Bower-

man, Jr., son of the old rough-

and-ready catcher of the Giants,

who gets a trial with ('hatta-

nooga, and the other Howard

Burkett, son of Jess Burkett, the

old Cleveland and St. Louis player, who is now manager of

the Worcester Eastern league

club. There is no little senti-

ment connected with young

Bowerman's going to Chatta-

nooga. Strang Nicklin, who

runs that club, played with the

old Giants under the name of

Strang. In sending his boy to

Nicklin, the veteran Bowerman

## marque Home!

Home building is the most worthy effort in all of man's activities. It's an unselfish building of shelter, a haven, comforts, luxury---for others--hose held most dear. The home builders are in buth the backbone of all nations, states, towns or

Building a home calls for vision---courage and faith. Every man who resolves to build and own home of his own is deserving of encourgement and support of all the community.

It is an established fact that 95 per cent of the nomes built are financed through loans. Even when interest rates on loans are highest it is infity to buy and build. Interest rates are low

This bank is in position to help home builders in Tryon carry out their plans.

Nine Jaunts to the Pan Sam Rice, veteran outfielder of the Washington Nationals, is believed to be the holder of the record for the greatest number of times "at bat" in a single baseball game. Rice was at bat nine times in a game July 19, between the Senators and Browns which went 16 innings, with the Browns victors 10 to 9.

Checking over the 1924 American league records revealed that the Washington fly catcher smashed out four hits, two of which were triples, in his nine trips to the plate. The only records available are for games of nine innings. The National league records show a number of players who were at but eight times, while American league records show several who have been at bat seven times in a game.

The Browns used Urban Shocker and Dave Danforth on the mound during the game, 76 Nationals facing them in the afternoon. Four of these drew bases on balls, but Rice was not one

Incidentally, Rice carried off the season's record for the greatest number of times at bat for the season. Playing in 154 games. Sam was charged with 646 times at bat. In addition, he made 16 sacrifice hits, drew 46 bases on balls and was hit four times by pitched balls.

The St. Louis Browns have sent infielder Sylvester Simon to Tulsa of the Western league. He will be expected to fill a vacancy at third base.

St. Louis Cards used no less than four men at short in 1924. They were Cooney, Thevenow, Toporcer and Bell. Cooney played the most games-99.

No doubt "Big" Munn, the wrestler who picks the opposition up and throws it on the floor, sees nothing especially comical in jokes about train windows that stick.

Putt Mosman, Eldora, Iowa, succeeded himself as national horseshoe pitching champion, winning the national tournament at Lake Worth, Texas, from a field of 12.

University of Oklahoma's memorial stadium is to cost \$1,000,000 and include a double-decked steel grandstand to seat 43,000. A new gymnasium also is being considered.

Jimmy Welsh, the young outfielder, sold recently by Seattle to the Boston Braves, for a reputed sum of \$35,000, is trying to force the Seattle club to give him a part of the purchase money

New Haven has signed Gene Suggs, an infielder, who was with Beatrice of the Tri-State league until the loop blew up last year. Suggs is twentyone years o'- weighs 150 pounds and hits left-h: ...

Chattanooga has obtained Tom Rogers, veteran Memphis pitcher, on waivers. Rogers, who has been in the Southern league many years, pitched a no-hit, no-run game against Chattanooga in 1918. He was then with Nashville.

Outfielder Walter Oberc of Spring field of the Eastern league, believes is better than a Class A player and declares he will retire from organized baseball if a deal is not made where by he will be given a chance to make good higher up.

## FARMS Partners

The successful farm is as closely allied with a bank as with

the stock or seed it proposes to increase to a profit.

As an example, take sheep. It has been many years since the British learned from the Romans the art of spinning wool. It was in 1609 that the first sheep into the U.S. were landed

ai Jamestown, Va., and almost two centuries later, 1792, that the first carding machine was invented.

Progress has been fast since then. Today---one of the biggest woolen manufacturers produces 70,000,000 yards of fabrics each year, and its assets are \$130,000,000. When that much money is involved --- banking is a part of it.

In our humble way, this bank is vital in the industrial and agricultural progress of the world---and you---Mr. Stockman or Farmer---have a hand, no matter what commodity you cultivate or produce.

To keep wheels turning, we should work together, whether it be savings, checking, loans or investments.

Capital \$15,000 Surplus and Profits \$7,500 Resources over \$1.75,000
