

**THE RIDGE REPUBLICAN TO MEET IN ASHEVILLE**

Republican, a party in the interest will make its play, September announced from

Asheville by Hubert F. Lee, Asheville Newspaperman, who will be editor and publisher. The new publication will take an active part in the Congressional and county elections in the Tenth District during the next two months and for this purpose will establish its offices temporarily in the Tenth District Headquarters over Scruggs' Drug Store in Asheville. The organ will also take a large part in activities of the Ninth District in a few counties of the Eighth. Plans for the publication have been quietly going on for some time.

Leaders of the Republican party in Western North Carolina were practically unanimous in the belief that this organ will fill a long-felt need of the party and will urge all individuals in the G. O. P. to support it, it is said. The paper will be of standard size, eight pages of eight columns each and will be published every Friday from Asheville. Mr. Lee himself is heavily interested financially and states that the new venture is amply financed to become a permanent institution. After the November elections a permanent office will be established in one of Asheville's office buildings. It will not only be a clearing house for Republican information and propaganda in Western North Carolina Mr. Lee declared, but will also keep alive the state and national policies and issues of the G. O. P. in the territory which it will serve.

**GREEN'S CREEK**

The revival series of meetings is in progress at Green's Creek Baptist church. The regular monthly conference meeting was held Saturday afternoon, with the new pastor, Rev. H. G. Melton in charge, followed by the Sunday morning service and the evening preaching service both of which were well attended. There will be preaching each morning and each evening throughout the week.

The revival meetings at Sandy Springs and Green River have both closed. There were a large number of additions to each of these churches. The new members were baptized at a joint services at Green's pond Sunday afternoon.

While driving his truck Saturday afternoon, Mr. B. L. White had the misfortune to collide with another truck, or car, driven by a negro. Mr. White sustained several severe bruises, while his truck was completely demolished. The one driven by the negro received damages to the windshield and one wheel.

ASHEVILLE, N. C., Aug. 19—With approximately twenty thousand dollars subscribed in the campaign for building of the Bryan Memorial University at Dayton, Tenn., now being conducted in Asheville territory, leaders in the movement are pushing on to the goal of fifty thousand dollars in twenty-five western North Carolina counties, very much encouraged over the prospects of securing the full amount asked for, Galatin Roberts, chairman for this section of the state, said today.

"This is the fourth week of the campaign here," Roberts said, "and we felt in the beginning that our task here would take about eight weeks to complete. The friends and admirers of William Jennings Bryan, and the things for which he stood so valiantly are warm friends and will gladly have a part in this enterprise to honor him, as it is presented to them."

There have been about three hundred subscribers to the campaign here so far according to Malcolm Lockhart, director of the campaign, the subscriptions averaging about sixty-five dollars each, though many are subscribing the campaign unit of one hundred dollars. The movement is growing rapidly in its national aspect, Mr. Lockhart said, editorially commending the project having recently appeared in many papers over the country, ranging from Palm Beach, Fla., to Cleveland, Ohio. Most of the subscriptions here have come from Buncombe County, Mr. Lockhart said, though Marshall, Canton, Hot Springs, Brevard and Hendersonville, have all shown splendid interest. Every effort will be made to complete the campaign here by September first, when the enterprise will be presented in Ohio.

**The New ESSEX "6" COACH**

With All-Steel, Bolted and Riveted, Clear Vision Body  
The Product of Essex' New \$10,000,000 Body Plant

Many of these advantages you will recognize at a glance. But you will have a better appreciation of their meaning when you know that a plant of 18 acres which with equipment approximated a cost of \$10,000,000, was first built and that special machinery had to be designed, to make possible the New Coach your dealer is now showing.

It is all steel, bolted and riveted, and so rigid that squeaks, rattles and distortions, are as unlikely as in a steel building. Doors are so hung that a man may hang on an open door while the car is being driven over rough roads, without springing it out of true.

And it is so designed and constructed as to permit the use in a totally new manner of a high baked enamel, most lustrous and lasting finish.

There has been constant improvement in the chassis from the first Essex shipped. And only by the accumulation of the resources, the information, experience, and the skill that have resulted from the building of 350,000 Essex "Sixes" was it possible to create this car which we ask you to inspect and to drive as the best looking, best value, best Essex ever built.
