

ERWIN PLEASSED WITH TEACHERS' HIGHER PAY

Raleigh, August 13.—"I am highly pleased at the action of the State Board of Education and the State School Commission in fixing teachers' salaries at a 20 percent increase over last year's schedule for the full eight months term," stated Supt. Clyde A. Erwin after the School Commission had concurred in the action of the State Board of Education of the week before.

"I take peculiar pleasure in the fact that every road is now left open to provide a 20 percent increase in Teachers' salaries. I believe we will have sufficient money from some source to operate the schools and pay the teachers on this basis for the full eight months," said Mr. Erwin.

"In this connection I might say that from the beginning I stood for a \$22,000,000 appropriation providing for a 25 percent increase in salaries. I appeared before the joint appropriation committee for this program, and in this request I had the support of the Parent-Teacher Associations, the N. C. Education Association, the State Federation of Woman's Clubs, Junior Order United American Mechanics, civic organizations and almost the entire press. Both the chairman of the House Appropriations Committee, Mr. Bryant, and the Senate Committee, Mr. Gravely, and other members of the Legislature in public statements emphasized the fact that I never did recede from my request.

"When it was found that only a 20 percent interest could be made under the estimate of revenue, I still stood out for the \$22,000,000 for the schools. On the occasion of the debate in the House on the school appropriation it was stated that I favored a smaller appropriation. To this Chairman Bryant replied: "I have been further quoted as saying that these figures (appropriations for schools) were satisfactory to the better school men of the State, including Mr. Erwin, State Superintendent of Public Instruction. These statements are untrue, and I have never made them."

"When the appropriations bill was being considered in the Senate, Senator Gravely said that Superintendent Erwin had appeared before the committee in behalf of his request for \$22,000,000 for each year of the biennium. Insofar as my knowledge goes, he has never receded from that position. The suggestion which has recently been made that the Superintendent of Public Instruction has been in any way disloyal to the schools or to the teachers is to my certain knowledge unwarranted, unfair, unjust and untrue."

CMT CAMP CELEBRATES IN HONOR OF VISITORS

Fort Bragg, Aug. 14.—Saturday, August 17, has been set aside as "Visitors' Day" at the CMT Camp at the army post. Parents and families of the approximately 800 candidates from the two Carolinas are extended special invitations from Maj. Charles M. Busbee, camp commander, to be guests of the day.

The program of the day begins with an inspection of batteries, quarters, mess hall, and general camp area at 7:30 a. m. Following inspection, visitors will be received by officers of the camp.

A greater part of the morning will be devoted to a Gymkhana of group and mass athletics for the particular benefit of the visitors. A large number of candidates will take part in these events.

At 1:30 p. m., the battalion will stage a parade. "Blue" candidates, seniors in the four-year course, will conduct the ceremony, the first in which they have been given this honor. Music for the parade will be furnished by the 17th Field Artillery Band.

The following candidates were honored during the first week of camp by being appointed as battery commanders: L. C. Neville, Leaksville, Battery "A"; R. L. Battle, Raleigh, Battery "B"; E. W. Gibson, Mt. Creghan, S. C., Battery "C"; Buck Reynolds, Lamar, S. C., Battery "D"; H. P. Collins, Ft. Benning Ga., Battery "E"; and R. E. Foster, Union, S. C., Battery "F".

With the first third of the

30-day schedule completed, the camp officials have expressed satisfaction over the development of the individual candidates and their progress in training. Regular habits are being formed, erect carriage are developing, and several pounds have been added to the weight of the average enrollee.
