K. W. C. Meeting
On last Thursday afternoon at 3:30 in the club rooms, the regular monthly meeting of the Kenansville Woman's Club was held. The president, Miss Lula Hinson, presided over the meeting, which opened with the Club Woman's Hymn, followed by the Collect. After the roll call and minutes an interesting business session followed. A rising vote of thanks was given to the year Book committee, composed of Mesdames N. B. Boney, J. B. Wallace and G. V. Gooding. The books are unusually attractive this time and are quite full of important information necessary to active club women. A special feature which makes it different from the previous year books is the fact that they are dedicated to the Masons of Warren Lodge, No. 101, who have cooperated so beautifully with the club women in making their club rooms possible. There were nineteen ladies present. The club was glad to welcome Miss Jamey Martin, our new Home Demonstration Agent, who was also present. Plans were also made to serve the Masons another supper. The hostesses served tempting refreshments consisting of home-made peach ice-cream and angel food cake.

Bridge Party
Miss Lula Hinson was a charming hostess on last Fri-

day afternoon at her old-fashioned home here where she entertained at bridge from 3:30 to 6:00 o'clock. Five tables were in play. Attractive tallies seated the guests. After several interesting progressions scores were tallied and Mrs. W. J. Pickett was presented a lovely tea-pot for high score.

Mrs. J. E. Jerritt received novelty salt and pepper shakers for low score. Mrs. Albert Dixon carried home the traveling prize, an attractive candy jar.

Mrs. C. B. Sitterson was also remembered with an attractive gift as it was her birthday. The hostess was assisted by Mrs. J. E. Jussely and Miss Isabelle Jussely in serving ice cream and cake, followed by coffee and home made mints. Bowls and baskets of Zinnias and marigolds lent color in the rooms for the occasion. Among the out of town guests present were Mesdames Ben Bowden, George Bennett and Glen Brown of Warsaw, also Mrs. Noble Martin of Norfolk, Va.

Mrs. William Pickett was hostess to the E. M. G. Sewing Club on last Tuesday afternoon from 4:00 to 6:00 o'clock. A goodly number of members were present, also two visitors, namely, Miss Lula Hinson of this place and Mrs. Gertrude Cooper of Wallace. Prior to adjournment the hostess served delicious home made peach ice cream with pound cake. This was followed by mints and salted peanuts.

Last Tuesday evening the Sub Debs entertained the Boys of Kenansville. Dancing was enjoyed from 8:00 to 12:00, after which delicious refreshments were served, consisting of lemonade and a variety of sandwiches. Chaperons were Miss Margaret Williams, Mrs. J. B. Wallace, Mrs. I. C. Burch and Miss Erma Williams.

The parents of the local P. T. A. of the Kenansville consolidated schools entertained the teachers on Monday night at 6:30 o'clock in the school lunch room at an old fashioned picnic supper. The teachers and a goodly number of the patrons of the school were present. Supper was spread by the following committee: Mesdames N. B. Boney, D. S. Williamson, F. W. McGowan and G. V. Gooding, assisted by several other friends and neighbors. There was a plenty to eat and iced tea to drink, so a general good time was had by all.

LAST RITES SATURDAY FOR MRS. VANN

(Continued from Page 1)

Mrs. Vann is survived by her husband, three sisters, Mrs. Abram Blanchard, Mrs. A. B. Cochran and Mrs. J. R. Clements and four brothers, Messrs. Ludie, Charlie, Paul and Hugh James. Her parents, Mr. and Mrs. Robert James, who were natives of Sampson county, preceded her in death by several years.

Mrs. Vann, who was a prominent figure in her community and county, numbered her friends by her acquaintances. She was an active member of several organizations in her community, which tended to the betterment and uplift of those with whom she came in contact. The floral offerings, placed upon her grave, attested in a small way to her popularity.

Active pallbearers were Stephen Wilkins, Thomas Barden, Horace Ward, T. C. Wilkins, Paul Owens and Earl Matthews. Honorary; Messrs. Bob Ward, Oscar Ward, Geo. Ward,

investigate and advocate the allotment to the State of a lump sum of adequate proportion for the needs already "submitted to the end that the high public service sought in the state shall be accomplished and the funds used adequately to furnish employment to North Carolinians on the relief rolls in conformance with the major purpose of the Act of Congress appropriating these funds."

Others serving on the resolutions committee along with Dr. Robinson were Capus Waynick, who acted as Chairman; E. L. Travis, of Halifax County, B. L. Fentress, of Guilford, A. A. Hicks, of Granville and Daniel Bell of Chatham.

WEATHER BALKS TOBACCO MARKET

(Continued from Page 1)

Throughout this week medium and better grades of tobacco have shown an increase, while poor quality weed, which seems to be slacking here, has brought fair receipts. From the opening day when good quality weed sold for as high as 45 cents the local warehousemen have maintained proportionate prices for tobacco worthy of such receipts. A large amount of low grade tips have been put on the floors of the warehouse here this week, but offerings as a whole were improved in quality and it appeared that all types were in demand.

Rains slowed down the sales considerably here Tuesday and Wednesday, and it is believed that when the bad weather is over more tobacco and better quality weed will dominate the floors in place of the poor grade offerings thus far.

LOCAL SCHOOL OPENS

is no possibility, he remarked further, of an additional teacher being allowed in the elementary grades. Whether or not another teacher is allowed by the authorities depends upon the average attendance during the first two weeks.

Beginning next week the schools will start on the regular schedule as that of last year. Classes will convene at 8:45, and school will close at 3:20. Everyone will stay on the grounds during the lunch period this year as last. This procedure is necessitated by reason of the fact that the busses have to serve the Willard and Teachey elementary schools also. Some of these busses have to make double trips, the principal stated.

The school cafeteria will open next Wednesday, and will be operated as usual by the home economics department.

It was stated that Mrs. W. F. Murphy has some textbooks available for both high school and elementary students. Some delay in getting classes started has been experienced due to the lack of necessary books as the State has not yet begun their distribution.

GRADYS AND OUTLAWS HOLD ANNUAL REUNION

Despite the fact that the weather was very unfavorable for the occasion approximately 700 people were on hand at Outlaw's Bridge school house last Friday when the Gradys and Outlaws held their annual reunion, an event which is eagerly looked forward to by members of both families.

Due to the unfavorable weather in the morning part of the day the program did not get under way until afternoon when claring skies brought the kinsmen out in large numbers. A bountiful picnic dinner was spread on the grounds at 1:00 and immediately after Judge Henry A. Grady, of Clinton, president of the organization, called the meeting to order and all joined in singing the clan song which was composed by a member of the Outlaw clan, Mrs. Louise Outlaw McMillan. Next in order was the introduction of distinguished guests which included I. M. Bailey of Raleigh, president of the State Bar Association; Dr. Ralph McDonald of Winston-Salem, candidate for Governor; Paul D. Grady of Kenly, candidate for Lieutenant Governor; Allen Wooten Grady of Durham; Franklin Grady of New York City; and Dr. C. B. Grady of Wilson all of whom made short talks. The principal speech of the day was delivered by J. Gilbert Jones of Spartanburg, South Carolina.

The next meeting of the clan will be held at the B. F. Grady school house on the last Thursday in August, 1936, it being agreed when the organization was perfected that the meetings would alternate between the two places.

Demonstrations, Contests To Be Field Day Features

(Continued from Page 1)

testants representing the various cities of southeastern North Carolina will pull against other contestants representing the rural sections from southeastern North Carolina.

The next contest will be a log chopping contest open to everyone who wishes to enter before the contest starts. This contest is being supervised by R. W. Graeber, Extension Forester. Following this contest Peter McLaren, the world champion wood chopper, will give a demonstration under the auspices of the manufacturers of the Plumb Axe. In connection with this he will issue his famous challenge to chop against any other parties.

Next there will be the horse shoe pitching contest the same as in previous years. County Agricultural Agent L. L. McLendon of Duplin County is the superintendent of this contest.

Then, too, there will be a contest of more or less educational value rather than physical skill. This contest will consist of judging certain specimens of seed and identifying various crop and weed seed which are common in this section.

Finally, as a part of the woman's program in the afternoon, there will be the singing contest in which women from the various counties of southeastern North Carolina will participate. A handsome silver loving cup donated by George Hutaff of Wilmington will be awarded to the successful county, this cup to be held for the county by its home demonstration agent one year as a county trophy. A county winning the cup three years in succession will be allowed to keep it permanently. Cumberland won the cup last year.

There will also be a checker table arranged by the Barrett Company where those so inclined can challenge each other to games of checkers.

It is hoped that as usual the

people of the section will take interest in these contests and help to make them successful and interesting. W. H. Robbins, County Agricultural Agent for Pender County, has been designated to serve as the general superintendent of all contests.

ANNUAL DANCE

(Continued from Page One)

gregation before it returns to Chicago for the winter season.

From all advance indications the dance will be a grand success. A list of numerous sponsors composed of the most popular girls of North Carolina have been invited to attend and reign on the dance floor, which will be extensively decorated in colors typifying the harvest season. No point has slipped by, and it is expected that all those dancing here next Thursday night will have a grand time.

COUNTY ENTERS TWO

rural or urban, are the best pullers. For this county Mayor J. E. Jerritt of Kenansville and Carlisle Williams of Wallace have been asked to represent the urban population of the county, with probably someone from Warsaw as alternate. For the rural sections R. C. and J. H. Moore of Bowden do the pulling and grunting, with P. W. Carter of Wallace named as alternate.

This tug of war will be just a part of the entertainment and it is believed that it will be worth the trip to the station on that date.

flying hours to his credit and has never scratched a passenger, D. S. Chappell, advance agent for the flying company revealed.

The transport plane, together with several smaller ships, will be piloted by Capt. Newkirk and other licensed aviators. He is recognized as being one of the smoothest and most graceful pilots, as well as being a daring stunt flyer. Sunday, in a specially constructed biplane he will give an exhibition of stunting. It was stated that some time next spring Capt. Newkirk would attempt to break the world's record of 663 consecutive loops.
