Two revivals in Magnolia this week, but there are plenty of people to give large congregations to both. Rev. G. W. W. began a revival in the Methodist Church Sunday night. Rev. C. J. Carr is preaching in his tent. Both revivals will continue through Sunday, probably longer.

Rev. T. H. Williams is holding a revival at Poplar Grove this week.

Our County Newspapers
With three good County newspapers why should anyone fail to keep up with County news. Certainly the daily papers are fine but we should not be satisfied not to have one of our own Duplin County Papers. The one printed at the "Little Big Town" of Warsaw, one at Wallace, the big Tobacco and Cotton market and one at our county seat, we have our choice. We should have one of them in every Duplin County Home. Every paper boosts our County and we should boost our papers and subscribe for them.

CHAMPION CHOPPER

CHAMPION WOOD CHOPPER COMING TO THIS COUNTY

Peter McLaren, who claims the wood chopping championship of America, will stage a log cutting contest and demonstration at the Rose Hill Hardware Co., Rose Hill, at 10 o'clock Saturday, September 14, and at noon on the same day he will repeat his performance at J. A. Smith's store in Magnolia.

Both these firms are to be congratulated on arranging the visit of this colorful champion, McLaren, whose wizardry with an axe has carried him from a poor farm lad in Australia to the peak of his profession.

The contest is open to any local man who has not previously competed against McLaren. A prize of fifty dollars will be paid to any contestant if McLaren fails to chop through a log in two thirds of the time the contestant takes.

The handicap gives all good choppers a sporting chance to win the prize money, as it is just like giving 33 yards in a hundred yard dash.

The only restriction made is that no contestant be permitted to use a Plumb Axe. This is the only axe which McLaren himself ever uses, and he refuses to chop against a Plumb Axe and also allow the handicap.

McLaren is also scheduled to stage a demonstration at the annual Field Day at the Coastal Plain Station on Sept. 12th.

Rockfish Service

WHITEVILLE MARKET HAS ANOTHER RECORD

Whiteville, Sept. 4.—Whiteville "The Money Market" is living up to its record as the fastest growing of all the large Border Belt markets. Climaxing the record breaking week ending August 23rd when 3,000,148 pounds of tobacco was sold the Whiteville market established a new record by selling 3,015,142 pounds of this money crop last week, or 14,494 pounds more than was sold during the previous week. This week's sales also brought most satisfactory prices. Even though mid week sales were dominated by common, or low grade tobacco, \$690,598.14 was paid to the farmers of Eastern North and South Carolina; an average of \$22.91 or only \$1.45 per hundred pounds less than these men received for last year's offerings during the same marketing period. It is useless to say that thousands of happy farmers left Whiteville with pay checks far in excess of the amount they expected when they came there.

Whiteville's tobacco market opened the past week by selling the largest amount of tobacco ever sold in any one day on a three sale market. Unusually large baskets enabled the buyers to bid in 1,009,368 pounds of the leaf and since Monday's offerings were by far better than was spread on the floors any other day in the week, a higher average was received for this days sale. This sale of more than 1,000,000 pounds averaged \$25.97 per hundred, however, it can be said that Monday's prices were no higher than those paid on other days of the week. The Whiteville market has been unusually steady ever since opening day and if the quality of the weeds offered each day had been the same there would have been no difference in each day's individual average.

Unless further reports are received from the Whiteville market, news of this week's sales are no available, however, on Saturday it was reported that tobacco which has been streaming into the city since late Friday afternoon was rapidly filling the six warehouses of this marketing town, and a sale near one million pounds was expected for Monday. With a season poundage of 9,493,792 after August 30th's sale and this week's sales expected to be equally as heavy in all probability as this news story is read the Whiteville market will have passed the 12,000,000 pound mark. This means that this fast growing market has sold as much tobacco during the first 20 marketing days of the present season as was sold there all of last year.

Imports in July 13 per cent above June.

District of Columbia, have received less than their quota of appointments in the apportioned departmental service at Washington, D. C.

THE "STRONGEST" PAIR IN THE WORLD!

If gasoline had muscles, two Gulf gasolines would bulge with them!

For these two gasolines—Gulf No-Nox Ethyl Aviation Grade, and That Good Gulf Gasoline—are the "strong men" among gasolines! Pick either one of them for your car, and you'll get new get-away, punch and drive.

For example:

Gulf No-Nox Aviation Grade is a gas good enough to fly planes—and

does. Put it in your tank and you won't have to imagine a difference—you'll notice it before you've gone a mile. A premium gas—but well worth the two cents extra.

And if you still want to pay the regular gas price, try That Good Gulf Gasoline. It's five good gasolines in one. Controlled refining gives it not one quality of an ideal gas—but all five!

Try either of these two gasolines—and we'll wager you'll never leave it.
