EDUCATION OFFICIALS TO CONFER IN WILMINGTON

School superintendents, principals and social science teachers of the Southeastern North Carolina district will meet with members of the State high school text book commission, the committee on curriculum revision and Clyde A. Erwin, State superintendent of public instruction in Wilmington at 3 o'clock on the afternoon of Monday, October 14.

The purpose of the meeting is to ask a more thorough teaching in the schools of the principles of local government. Albert Coates, director of the North Carolina Institute of Government, will take part in the deliberations.

The southeastern district is composed of Duplin, Pender, Sampson, Cumberland, New Hanover, Bladen, Robeson, Columbus and Hoke counties.

PHONE COMPANY TO START WORK SOON

(Continued from Page One) month, the same rate now in effect on a private commercial telephone. Residence phones on a private line will be charged \$2.25 per month, and two-party lines will be \$1.75 per month.

New equipment, including a switchboard of the type now used in the larger cities, will be used throughout the whole system at a contemplated expenditure of \$11,000. Many of the materials for rebuilding the lines in and around Wallace are already here and work is slated to begin early next week. Clinton, Kenansville, Warsaw and Rose Hill are among the neighboring towns taking advantage of this new development in communication.

WALLACE GRID TEAM TO

(Continued from Page 1) game the local boys have played, and will present a sparkling new backfield combination which it is hoped will pull the boys out of the rut. Tight-Eye Wood, O. C. Blanchard, Jr., Buddy Hall and E. Wells make up the ball-toting combination. Tight-Eye and O. C. have been doing some nifty ball-carrying in practice sessions, and the other luggers have shown some proficiency at blocking.

Wilmington has an unusually strong team this year, and the second string is said to be no fluke. The New Hanover boys are being coached by Elmer Tarrall, star end on Duke's team of last year.

Automobile Accident

Three unidentified young men, from Ayden were involved in an automobile accident Monday afternoon at the intersection of highways 41 and 60 at Harrells Store. One of the youths was seriously injured, suffering numerous abrasions and a severe cut on his head.

Details of the accident were scanty but it was understood that the driver of the automobile was taking the turn he crashed the car into trees on the side of the highway.

AGENT ADVISES ON

(Continued from Page One) average less than 12 cents he will get adjustment payments, but in no case will those payments exceed 2 cents.

In case the cotton is not sold by July 31, 1936, but is on that date under the ten cent loan, a similar adjustment payment will be made, but in no case will these payments exceed 2 cents.

Cotton growers should insist upon getting from buyers the premiums due them on cotton which is above the average in grade and staple length, the Agent suggested as they will lose if they sell premium cotton for the price paid for 7-8 inch cotton in the belief that the price adjustment payment will compensate them.

To facilitate payment it is proposed that the price adjustment payment be made in not more than three installments.

It is planned that the first payment will be made about Dec. 15, 1935, another about March 15, 1936, and the final payment about August 15, 1936.

Application blanks for adjustment payments have not yet been received, Mr. McLendon added, but warned all growers against losing or destroying their sales tickets.

DUPLIN COLLEGIATES

Lucille Johnson, Rose Hill; Geo. Kelly, Jr., Magnolia; and James Teachey, Rose Hill, are other members of the club.

George Kelly, Jr., is the son of a missionary to China, whose four children, all boys, are in school in North Carolina. George has been at Magnolia since 1933, completing his high school work begun at the British school at Hongkong on Victoria Island, 300 miles from where his parents served as missionaries. His mother died in China several years ago. One brother is in the freshman class at Wake Forest and the other two in the sixth and seventh grades, respectively, at Magnolia, where he has relatives.

Jr. Members Rockfish Club Entertains Elders

Friday evening, Sept. 27, the home of Mrs. W. B. Register was the scene of a delightful and enjoyable reception when the Junior members of the Rockfish Club entertained the Charter members. Approximately 22 years ago in the same home the Rockfish Club was organized, but under the name of "Farm Women's Community Club," when Mrs. Register gave a quilting party. From that date years ago this club has stood steadfast to the principles of its members and the guardianship of home demonstration agents.

The home was profusely decorated with native flowers—dahlias, roses, ferns, lilies, and zinnias.

Guests were met at the door by Mrs. Daniel Williams and Mrs. Clarence Murphy, who registered them in the guest book. Mrs. Margaret Usher and Mrs. Royce Ward invited them into the living room where Mrs. Hayden Turner introduced them to the receiving line composed of the following honor guests: Mesdames W. B. Register, L. W. Register, Berta Ward, A. J. Ward, Norma Stanfield, Mary Rouse, Hubert Boney, and Miss Jayme Martin.

Mrs. Geddy Dixon and Mrs. Register Brice then showed the guests into the sun parlor where they were served punch and cake by Misses Lola Mae Owens, Aleene Register, Ruby Dixon and Edith Ward.

After refreshments they assembled in the living room where the program, presided over by Mrs. Fab Newkirk, was then presented. The meeting opened with "America," followed by the club invocation. Mrs. Paul Owens, vice-president of the Rockfish Club, extended greetings, and Mrs. Pearl Blanchard, president of the Tommie Williams club, gave the response.

Miss Elva Herring, of Rose Hill, rendered a solo, and Mrs. Berta Ward, one of the charter members of the "Farm Women's Community Club," reviewed the history of the Rockfish Club.

Mrs. David Williams, secretary, called the roll, and members answered by giving a short impression of "what my club means to me." Mrs. Heman Hall, of Rose Hill, then gave a solo.

Splendid talks were made by Mesdames Hubert Boney, Henry Middleton, Stokes Williams and Miss Jayme Martin. Music was in charge of Mrs. L. K. Alderman, assisted by Mrs. Heman Hall, Miss Elva Herring, all of Rose Hill, and Mrs. Clarence Boone, of Magnolia.

Prior to the closing song, "Blest be the Tie that Binds," Mrs. L. W. Register graciously thanked the Junior members for the reception tendered the pioneer members of the oldest farm women's club in Duplin County.

COUNTY POLICE, SHERIFFS

(Continued from Page 1) ment. Among the topics for instruction and discussion at the conference for this district are rules of evidence, arrests, searches and seizures, investigations, preparation of cases for trial, civil service, politics in law enforcement, and uniform laws and uniform enforcement of the laws.

Along with these will be featured the co-ordination of all groups of law enforcing officers in the enforcement of the motor vehicle laws, which is one phase of the larger problem of crime prevention and criminal law enforcement.

GIVES SHORT HISTORY OF THE ROCKFISH CLUB

(By MRS. BERTA WARD)

After reading and hearing of club work ladies of our community became interested in such projects and, following discussions with each other, decided to organize. One lady, who has since become one of our best and most active members, agreed to hold a quilting to which she invited her neighbors.

During the afternoon of the quilting the club was organized under the name of "Farm Women's Community Club," but after other clubs were organized in the county the name was changed to its present form: "Rockfish Club," that being the name of our township.

We are not certain about the date of organization, but we are positive that it was something like 20 years ago; perhaps 22 or 23. At any rate it was before we had advantage of such home demonstration agents as we now have to help us carry on the club work.

We appointed officers, made out programs, and had interesting and enjoyable meetings that we thought were helpful to us. We wrote to Extension headquarters in Raleigh for literature and suggestions for our programs. Girls were taken in for plays and other presentations, thereby proving of interest to us and of value to them.

We exchanged recipes, and remedies, got up papers on control of flies and various diseases, such as typhoid fever, pneumonia, cancer, and pelegra. We studied canning, and went so far as to purchase a canning outfit together with a supply of tin cans, and even had a woman experienced in canning to come down and teach us.

Then came the Demonstration Agents who proved such a great help to us and our club work.
