

Brown Haired Harlow And Spencer Tracy At Wanoca

A vivid, sparkling new Jean Harlow comes to the Wanoca screen Thursday and Friday with the opening of "Riffraff". Given the most dramatic role of her career in a vital story of stormy love against a waterfront setting, Miss Harlow has adopted soft, silky brown hair in place of her famous platinum blonde tresses to more aptly fit the part. It is a revelation. She has never been more lovely, for the new hair, christened "brownette," acts as a frame for her face and the real Jean Harlow is to be seen for the first time.

Miss Harlow is teamed with Spencer Tracy who, as her lover, gives one of his finest characterizations.

The story is the chronicle of a great love that survives every test. Both Miss Harlow and Tracy have taken full advantage of its pathos, its laughs, its swift flowing action, to produce a picture which stands out as entertainment above the ordinary.

Surrounding the team is a notable cast. Una Merkel, whose recent hits in "Broadway Melody of 1936" and "It's in the Air" have established her more firmly than ever as one of the screen's foremost comedienne.

As Nick Lewis, wealthy, domineering cannery owner, Joseph Calleia plays a difficult role with unusual power. In this picture he makes good all the promises of "Public Hero", but in a more sympathetic part, which gives him the opportunity to display his skill as a comedian as well as an actor of dramatic parts.

Many Duplin Communities For Rural Electrification

"The Farmers Club" Secretary Does Great Service For Franklin Section.

By JAMIE MARTIN, Duplin County Home Agent

During the month of January there were some changes in Home Demonstration work in Duplin County. Two inactive clubs were joined with other clubs nearby and one new club was organized. 241 women attended 14 club meetings (two meetings were rained out).

At the meeting of the Outlaw Bridge Club the agent was asked to help organize a community band. At 8:30 one cold morning she met with ten women in the church near the school to start the band. Much enthusiasm was manifested and real work was begun.

In Franklin community they have a new organization that is called "The Farmers Club", to which both men and women belong which meets every two weeks. The meetings during January were centered around the Rural Electrification Program as they are interested in getting a line through their community. The Home and Farm agents were asked to go to one of the meetings to tell them how to go about getting their line. One outstanding thing this organization has formed is a medium of exchange through the secretary of the organization. He keeps a list of things for sale and purchase in the community. For instance when a person in the community wishes to buy a cow he goes to the secretary to find who has one instead of traveling all over the community. Through this organization the community building has been greatly improved. The club women in that community have this motto: "Get the men interested".

The Home Agent and assistant Farm Agent attended six 4-H Club meetings with an attendance of 378 and organized a new club at Teachey, which

will meet at night. The subject discussed at these meetings was "Correct Dress". Most of the clubs staged fashion shows which proved very interesting.

726 miles were traveled by the agent in conducting the work. Twenty homes were visited and 42 people called at the office for information. 185 letters were written and 200 bulletins distributed.

The subject for discussion during January was "Home Lighting". As many of the communities are interested in securing rural lines this proved interesting. During the Agent's demonstration these points were demonstrated: 1. Have sufficient light no matter what the source. 2. Have all lights shaded. 3. Have more than one light source so work will not have to be done in shadows. 4. The agent showed how attractive table lamps could be made from old oil lamps and pottery. 5. A plaited lamp shade was made which could be used for lamps or electric lights. 6. At the close of the demonstration caution in wiring the house, placing lamps, etc., were insisted upon as "an ounce of prevention is worth a pound of cure".

The program for February is as follows: Meeting called to order by club president, song, collect or invocation, roll call, minutes of last meeting, business, Agent's demonstration: Accessories that we can make.

The leader's program is concerned with food: a new way to serve potatoes, garden: read garden noted for February, yard: read article on improving the appearance of yard, clothing: the value of the bought pattern, housefurnishing: each member should tell of some improvement she wishes to make in her home during 1936, child development: short talk on the "Problem Child", health: each member should give a "Health Saying", education: short talk on the value of high school education and club score.

NEAR CENTENARIAN DIES AT HOME IN MAGNOLIA (Continued from Page One)

noon. A son, several relatives and a host of white friends mourn her passing.

Aunt Dinah's exact age is not known, but it is estimated she neared the century mark. For over a year she had suffered from cancer and recently fell into a fire and was seriously burned in a manner aggravat-

ing her illness.

She was a loyal member of Saint James A. M. E. Church which she attended regularly until ill health prevented. Her religious fervor often the cause of comment as she became so imbued with sanctification that she would run up and down the aisles into the church yard, shouting as she went. "Room to praise the Lord" was the reason she gave.
