Two tablespoons of grape juice added to a grapefruit after it has been cut gives a delicious flavor and a pretty color.

Milk should always be kept clean, covered and cool. Never mix new and old milk unless it is to be used at once.

Add a teaspoon of cornstarch to each cup of sugar when making fudge. This makes it smoother and creamier.

Two coats of thin shellac give a hardwood floor a much better finish than one thick one. First coat must be thoroughly dried before second is applied.
