

Gaiety, Garcia, Gambling On Next Wanoca Program

Charlie Chaplin in "Modern Times", the comedian's long-awaited new comedy comes to the Wanoca Theatre Monday and Tuesday.

Almost two years in production, Chaplin's first picture in almost five years is without dialogue, but boasts some novel sound effects. Chaplin wrote, directed and produced the story and also wrote the music.

The comedy, which introduces the familiar little figure in the big shoes and baggy trousers into the relatively complex environment of a big industrial city, casts Charlie as a factory worker with a talent for getting out of jobs and into jail, and who subsequently finds employment in such widely divergent capacities as shipyard worker, night watchman and singing waiter. The story is said to involve him in the most hilarious situations of his entire career.

The girl, a gamine of the waterfront to whom Charlie plays knight errant, is played by Chaplin's lovely new leading lady, Paulette Goddard, who has been pronounced a genuine screen find.

Wallace Beery, Barbara Stanwyck, John Boles. These three

great stars, together for the first time, enact their greatest roles in the roistering, romantic "A Message to Garcia".

Boles is the man who carries the message to Garcia in the jungle interior. For a companion, he takes Beery, an amusing rogue who is half traitor, half hero.

About the perilous adventures the picture unfolds its story, leads up to a climax in which Beery gives his life so that those of his friends may be spared.

A gay and charming romantic comedy, starring the screen's ablest player of suave, debonair roles is "The Man Who Broke the Bank at Monte Carlo" and the star is Ronald Colman.

Colman enacts the role of an impoverished Russian Prince who runs up his meager savings as a taxi driver into 10,000,000 francs at the Sporting Club in Monte Carlo.

Having met and fallen in love with Joan Bennett, he uses his fortune in pursuit of her. She leads him a merry chase through the gay centers of Europe and in a setting of moonlight and romance, she falls in love with her victim.

Rose Hill-News

Miss Annie Louise Herring was hostess on Tuesday evening, April 7, at a World Cruise party. The guests secured passport pictures and tested their "sea legs" before embarking. Miss Virginia Alderman and Thurman Denning won the contest in which visits were made to world countries. The hostess served refreshments at the close.

Mrs. D. B. Herring and Miss Annie Louise Herring made a motor trip to Red Springs Friday. They were accompanied on their return by Misses Sudie and Rachel Herring, students in Flora MacDonald College, who spent the week-end at home.

Dr. R. L. Carr, County Health Officer, has completed a course in public health, which he has been taking at Chapel Hill and has returned to his home.

Alfred Harrell, the infant son of Mr. and Mrs. Fred Harrell, is recovering from an attack of pneumonia.

Mrs. Melbourne Cavenaugh is recovering from a recent operation in Duke Hospital.

Mrs. C. Leuwenburg, who has spent several weeks with her mother here, has returned to her home near Wilmington.

Miss Yvonne Alderman was a contestant in the recent State music contest in Fayetteville. She was accompanied by Mrs. L. K. Alderman, Mrs. H. C. Marshall, and Mrs. Harvey Boney.

Those from here attending the Federation meeting of Duplin clubs in Kenansville Friday were Dr. R. L. Carr and Mrs. L. K. Alderman.

College students, who were home for the Easter season were Dallas Herring of Davidson; James Rogers and Thomas Craft, Atlantic Christian College; Miss Margaret Blanchard, Meredith College; Bruce Teachey, Jr., and Miss Ethel James Young, Louisville; Jas. Teachey, Campbell; Miss Electra Johnson, Greenville.

Miss Nannie Ward of Rock Mount is visiting her parents.

Misses Sallie and Mary Lou Wilkins had as their guest for Easter Miss Louise McNeill of Franklin high school faculty.

Bandy-Herring
The marriage of Miss Rachel Elva Herring, daughter of Mr. and Mrs. W. B. Herring, of Rose Hill, and John Glen Bandy, son of Mr. and Mrs. C. W. Bandy, of Four Oaks, was solemnized at the home of the bride's parents Friday afternoon with Rev. W. P. M. Currie, Wallace, former pastor of the bride, officiating.

The bride entered with her father and was met at the improvised altar by the bridegroom with S. E. Lawhorn of Benson as best man. Miss Audrey Weiss Farrior, cousin of the bride, played "Traumerli" and McDowell's "To a Wild Rose" during the ceremony. The "Bridal March" from Lohengrin was played also. The

matching accessories. Her flowers were a shoulder corsage of pink roses and valley lilies.

The bride is a graduate of Flora MacDonald College, and for the past three years she has been a teacher in the Four Oaks school. Mr. Bandy has a position with the Plymouth agency in Smithfield.

Following the ceremony a reception was given. Out-of-town guests included Mrs. C. W. Bandy, Miss Florence Bandy, Blake Bandy, Mrs. Ella Quinn, Miss Katherine Noel, Herbert Massengil, of Four Oaks; Mr. and Mrs. B. B. Lawhorn of Benson, and Miss Louise McRaney of Red Springs.

STENOGRAPHY EXAMS AT WASHINGTON ANNOUNCED

The United States Civil Service Commission has announced an examination for the positions of senior and junior stenographer and senior and junior typist.

This examination is being held for appointment in Washington, D. C., only.

Applicants must be at least 18 but under 53. For positions in the apportioned service at Washington, D. C., they must show actual and bona fide residence in the State or Territory claimed for at least 6 months next preceding the closing date for receipt of applications.

All States except Maryland, Massachusetts, Nebraska, South Dakota, Vermont, Virginia, and the District of Columbia have received less than their quota of appointments in the apportioned departmental service at Washington, D. C.

SPRING TONIC FOR CAR AFFORDS RENEWED LIFE

A spring cleaning is a spring tonic to an automobile, giving it renewed life and liveliness, and fitting it for the summer's season of heavy duty use, according to C. W. Wood, national service director of the Chevrolet Motor Company.

"One of the most important operations when freezing weather is no longer to be expected is a complete cleansing of the engine cooling system, and the installation of new rubber radiator connections in place of flabby old ones to prevent overheating. The radiator is likely to be partly clogged with sludge and scale, caused by the action of anti-freeze solutions on the metal of the engine block, and the rubber radiator connections possibly have deteriorated sufficiently to obstruct water circulation.

"As soon as the weather warms, heaters should be disconnected from the cooling system and the fittings, valves and hose connections should be removed and stored. The heater itself should be emptied by removing the drain plug at the

THE MAGIC BEAN

(Continued from Page Six)

Herman 26.6, Mammoth Yellow 23.00. During three years of this period one of the new introductions, No. 71597 to which we have given the name "Nanking", have an average for three years of 29.0. Thus the Nanking appears to be the heaviest yielding of any of the varieties we have tried. Tokyo is probably the best all around bean, being high in seed yield and also a good average hay variety, as it is quite branching. The Herman appears to be a better yielder than Mammoth Yellow and also much earlier.

This gives you our information as to the probable yields from soybeans under our conditions here. It would be possible to fertilize for heavy production, but growing beans with such applications of fertilizer as one would normally expect of a farmer to use the records given above are about what would be expected. Much of the work to which I have referred was carried on in cooperation with Mr. P. H. Kime of the Division of Agronomy, State College Station.

In response to a request, Mr. Kime writes:

"I hardly know what can be done to increase cash returns from soybeans. In my opinion, more efficient machinery is one of the biggest problems. When farmers harvest from 12 to 15 or perhaps 20 bushels per acre, they are actually getting two-thirds or three-fourths of the crop with much of our harvesting machinery. The combine is probably the most efficient method of harvesting from the standpoint of saving a large percentage of the seed. In the eastern and northeastern part of the state combines are being used more and more each year. Where weeds are not bad, the beans are drilled solid instead of being planted in rows. This reduces the cost of growing as there is no cultivation, and in some cases the farmers are securing larger yields of seed. Of course this method cannot be followed except where a combine or small grain binder is available.

While only a small part of the North Carolina crop goes to oil mills, so long as there is a good demand for planting seed I believe that production for this purpose should be encouraged because better prices can be secured for planting seed than at oil mills.

Geo. R. Ward, Atty. Apr. 16-23-30 May 7 —804
