

Home Agent Reports On Work During Past Month

By Miss Jamye Martin
The highlights in Home Demonstration work in April were the Adult and 4-H Spring Federations. Both proved to be a great success and boys, girls and women are looking forward to even better ones another time.

The Home Agent was very much pleased with the attendance of the women since the weather was so disagreeable. It looked as if we would have a flood at times but over 300 club women waded through it to their annual meeting. At the calling of the roll it was found that Mineral Springs, Outlaw's Bridge, Beulaville and Rockfish answered 100 percent. The most outstanding part of the program was a stunt put on by each club. A remark by Mrs. R. C. Wells of the Kenansville Woman's Club expresses, "I think the opinion of all present. She said, "Everyone of the stunts were good, in fact the best I have ever seen".

The 4-H Clubs did not have weather conditions to overcome, for it was an ideal day. So, on the dot of ten all the speakers and most of the 250 boys and girls were eager to start. The all day program consisted of speaking, recreation, song and stunt contests, display of project work (Harry Williams of Beulaville Club and Violet Kornegay of B. F. Grady Club won free trips to camp for the best piece of work) lunch, and the crowning of the Health King and Queen of Duplin.

Sixteen adult clubs were held during the month with an attendance of 368. Ten clubs scored 100. The Miller, Teachey, Rockfish and Mineral Springs Clubs had a flower or bulb exchange at their April meeting. Two Recreational Schools were held with an attendance of 285. Several others were held at the conclusion of the club program.

Duplin has twenty women who will go on a tour to the meeting of the Associated Farm Women of the World in Washington, D. C., the first week in June. Many Club women visited the Azalea Gardens in Wilmington the 13th and 14th of April.

Eight regular 4-H Clubs were held during the month with an attendance of 423. Three call meetings were held at Faison, Beulaville, and Chinquapin in regards to the Health Contest with 51 attending.

In conducting the work the agent travelled 1017 miles. Twenty homes were visited, thirty-three office calls and ten phone calls were made.

The subject for study during April was "Commercial Rugs". During the agent's demonstration the following points were demonstrated: (1). The purpose of rugs and carpets. (2). The purpose of the particular rug one wishes to buy. (3). The selection of rugs as to color and design. (4). The cleaning of rugs. (5). The kinds and quality of rugs. (6). The use of linoleum in the home. Samples of the seven main kinds of floor covering were shown and their price and quality given.

Harlow, Gable, and Loy At Palace Theatre Next Week

Clark Gable, Myrna Loy and Jean Harlow Featured in Show Next Week

Clark Gable as the husband, Myrna Loy as his wife, and Jean Harlow as the lovely secretary who innocently finds herself in the reluctant role of "the other woman", provides one of the greatest screen "triangles" in the history of romantic films, in "Wife Vs. Secretary", showing next week at the Palace Theatre.

In this new and up-to-date theme, Gable justifies himself as one of three international box-office champions, recently acclaimed by a nation-wide poll of exhibitors.

Jean Harlow, too, departs

from her usual types of roles to play Gable's secretary, the sage yet lovely business confidante who eventually prevents the total wreckage of his happy marital life.

As Gable's wife, Myrna Loy displays her ability to portray the ideal screen wife of a man of millions as capably as she did William Powell's sharp-witted spouse in several recent films.
