Why Gulf makes a new Gas for June

JUNE—MONTH OF BRIDES . . . and the month when summer officially starts. Gulf is on the job with a new summer gas—because unless your gasoline is "Kept in Step with the Calendar" it can't give you the best mileage . . . part of it blows out of your exhaust unburned, wasted. Every gallon of That Good Gulf you buy in June is specially refined for summer driving—so that all of it goes to work, none of it goes to waste. Try a tankful!
