

Dollar-Worded W. C. Fields Comes to Wanoca Theatre

Daring Expose Higher Bracketed Politics Featured
By Robinson

By all odds the most hilarious, laugh-filled achievement of the career of America's dean of all comics is "Poppy", W. C. Fields film which opens Wednesday at the Wanoca Theatre.

The picture is the first to give fans a really satisfying quantity of the master's tomfoolery at a sitting. Though the romance of Rochelle Hudson and Richard Cromwell is skillfully woven into a dominant position in the plot, "Poppy" is pure Fields, from start to final fade-out.

The comedian appears as a patent medicine vendor who roves from carnival to carnival in the day of their prime, the 1880's. With him travels his ward, Miss Hudson, an eighteen-year-old girl who has spent all her life in the glitter of side-show business.

Edward G. Robinson's newest and most dynamic picture, "Bullets or Ballots", comes to the Wanoca Friday.

In this picture Robinson has a role as strong as that of "Little Caesar", although he is neither crook nor gunman, but one of the coldest and most hard boiled detectives of the New York police force.

Joan Blondell has the leading feminine role, playing opposite Robinson as his sweetheart.

While dealing with gangsters and their political and financial ramifications, the picture is really a story of racketeering run on a scale never dreamed of before, the higher-ups in the game, who never come out from cover, being a banker, a big politician and a wealthy society man. They have the power to crush any opposition to their rackets, by which they mulct millions from other business men, until Robinson, as "Detective Johnny Blake", becomes one of them and exposes the whole scheme.

Robert Montgomery again proves his right to stardom as the reckless young prince in "Trouble for Two", who is destined to wed a princess for whom he feels neither love nor attraction. Rosalind Russell, in the role of the charming royal lady, plays one of the most able roles of her brilliant young career.

COMMUNITY ASSOCIATIONS ARE HELD FOR PROJECTS

Raleigh, June 16.—What happens when a Resettlement project is completed? This question was answered today by Homer H. B. Mask, Regional Director of the Resettlement Administration, in response to inquiries which have come to his office.

The statement gave an indication of the ultimate disposition planned for more than a score of projects in the region composed of North Carolina, Virginia, West Virginia, Tennessee and Kentucky.

"In order to place the property on the tax rolls, and at the same time protect the large equity which the government has in the property, the communities are being conveyed to non-profit community associations which will be responsible for the supervision of the properties and for the collection of the sums due from the residents", Director Mask said.

"Upon completion of the project and after the selling price and the terms of sale have been estimated and approved these associations will take title to the property thus enabling the same way as that in any other community.

"The immediate result is to settle the problem of local taxation on federally owned projects. With the conveyance of the property to local community organizations the communities will bear their full share of the state and local taxes from which come the support of education and other public services".

The Regional official explained that arrangements now under way for the transfer and sale of twelve completed resettlement communities, with the eventual ownership to be vested in the individuals, are setting the pattern for the disposition of other rural resettlement communities.

MALICIOUS PROPAGANDA

To the voters in the Democratic Primary, held Saturday, June 6th, 1936, and to all the people of Duplin County at large:

First: I wish to thank the 1212 Men and Women (Voters) who voted for me in the above said Primary.

Second: I wish to state that during this recent campaign there were two (2) types of "dirty political propaganda" circulated against me (orally) for the purpose and with the intent to defeat me for the nomination as Solicitor of Duplin County's General County Court; which said propaganda was untrue and false in any sense of the word, and as dirty, black and as infamous a lie as anyone, "yea, as any imp of hell or even the devil himself" could have told.

The first of this series of propaganda, was concerning some 'coal' that I borrowed from Duplin County through the Proper Officials of said County, in which was told and circulated throughout the county by certain people (no friends of mine) that I stole same; I invite any and all citizens of Duplin County who are interested, to call upon those 'proper officials', who were then in office, or who may now be in office for an explanation of this transaction, which said trans-

ADVENTURES OF ROYALTY

Startling facts about career of a lord who, with wealth and social standing at his command, became an outcast. One of many illustrated stories in the June 28 issue of the American Weekly, the big magazine published with the Baltimore American. Your newsdealer has your copy.—adv.

action took place during the month of December, 1930; in reply to which, I wish to state, and 'I swear' I have paid back said coal to the County, in returning to the County, coal for coal that I had borrowed; and whoever has said anything contrary to this statement, (telling same as a fact) has told that which is untrue and false, the same being a lie.

The second series of this propaganda, was that as of June 3rd, 1936, W. R. Jones, Warsaw, RFD 2. Had the Nash Printery, Goldsboro, (which said Nash Printery, is owned and operated by A. H. Snyder, my brother-in-law) to print certain hand-bills 'political propaganda' in which was stated the fees, commissions and salary received by the County Board of Commissioners and others, (namely, Dr. John D. Robinson, Chm., Fred J. Baars and J. L. Miller; E. Walker Stevens, Atty. for said Board, and D. S. Williamson, Sheriff of Duplin County). Which said handbills (3000 of same being printed) were circulated throughout Duplin County by W. B. Jones and others as of June 4, 5, and 6, 1936. Immediately following (and almost simultaneously therewith) the distribution and circulation of these handbills, there arose and was circulated a report or rumor that I aided the promoters of said hand-bills in working

out same, and which said report or rumor went so far as to say that I even got my brother-in-law, A. H. Snyder, to print same. To which I wish to say, that same is "untrue and false". I had no more to do with the promotion of the political propaganda handbill, the publica-

Time Lost is Money Lost

It costs money to be sick. You see it directly if your pay envelope is short. You lose out on some important work if you live on a farm or if you are one of the few who are not docked for lost time. You can't afford to show up on the job unless you are feeling fit. The boss wants results—not excuses.

How many times do Gas on Stomach, Headache, Sour Stomach, "That Tired Feeling," That "Morning After" Feeling, Neuralgia, Rheumatic, Sciatic, Muscular or Periodic Pains keep you at home or interfere with your doing a full day's work?

All these troubles are caused or made worse by too much acid in your body. To correct this condition take

It is called Alka-Seltzer because it makes a sparkling alkaline drink, and as it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer is pleasant to take, effective, non-laxative. Why don't you try it? Get a drink at your drug store soda fountain for a nickel. Buy a package for home use.
