sify all tobacco according to U. S. standard grades, these grades to be written on the warehouse tickets and announced in the auction so that buyers, warehousemen and others concerned will be informed. The Government grades will serve the farmer in a manner similar to that in which company grades aid the buyer.

Following sales, the average of each grade will be compiled, and published, and furnished every interested person in order to give a definite and reliable guide to the quality and the current market price.

Growers who have conclusive information as to the quality of tobacco offered for sale and the current market price being paid for a similar quality, are in a better position to sell to the best advantage, it was pointed out. This information also gives the warehousemen the opportunity to start each lot at the right price and prevent any grower's tobacco being overlooked in the sale.

as well as those elsewhere, came into the discussion and instead of being handled lightly, became more intense and created more interest than the organization proceedings.

Of the 25 merchants and business men present, only two stated they collected the sales tax on every sale. While there was no open condemnation of the tax, opposition was evident and the majority of the business men stated that they were put to too much trouble in its collection.

Much of the tax discussion on the matter was centered about the reputed practices of some merchants accused of selling taxable articles without

### Rid Yourself of Kidney Poisons

DO you suffer burning, scanty or too frequent urination, backache, headache, dizziness, loss of energy, leg pains, swellings and puffiness under the eyes? Are you tired, nervous—feel all unstrung and don't know what is wrong?

Then give some thought to your kidneys. Be sure they function properly for functional kidney disorder permits excess waste to stay in the blood, and to poison and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They are recommended the world over. You can get the genuine, time-tested Doan's of any drug store.

collecting the tax. Resolutions were adopted urging cooperation in future collections.

The assembled merchants agreed to two measures relative to systematic closing. Dry goods dealers will close at 7:30 o'clock every evening excepting Saturday and special seasons. Groceries will close their doors at 8:30 o'clock with the same exceptions.

Noting that a majority of local merchants and business men were present for the impromptu session, plans were nevertheless made for a poll of the remainder. The result and further developments will be discussed Wednesday night.

### ANNOUNCEMENT

To my many friends of Duplin County, this is to notify you that I will not be a candidate for member of the General Assembly in the Democratic Primary of July 4th.

I am grateful to every one who voted for me in the Democratic Primary of June 6th, and for each of you who voted for me I have a special word of thanks, for those who voted for others I have the utmost goodwill and not the slightest of criticism.

It is to be noted that the vote in our primary in Duplin County exceeds the highest Republican vote ever cast by more than two thousand. The Democratic party in our state and country was never so strong as it is today. This indicates victory in the November election.

Let us go forward now to the election in the spirit of loyalty to the party, uphold all who defend it and contend with all earnestness against those who attack it. Its character is its priceless possession, being the source of the people's confidence. Let's all unite now behind all the nominees of the Democratic party against the common and age old foe, the Republican party, for the biggest Democratic majority ever.

GEO. HEDDIE BLANTON

### ANNOUNCEMENT

I take this means of informing the Democrats of the County that the nomination for Solicitor of General County Court was conceded to Mr. Robert L. West who came out of the three cornered race Primary of June 6 with a lead of seventy, thereby waiving the right to call a Second Primary.

To those who supported me, I feel deeply grateful. To those who supported either of the other candidates I hold no ill will.

GEO. R. WARD,
