care of increased bond maturities. Tax payers in two townships also were granted some relief when the special road levy in Warsaw and Island Creek was reduced from 15 cents last year to 10 cents for the current year. The budget adopted Monday will require, for county-wide purposes, \$478,045.38. Of this amount \$278,958.32 is estimated to be available from sources other than the tax levy.
