

# Stars Take Over Wanoca Programs With Full Bill

"San Francisco," which opens Monday at the Wanoca Theatre, promises to become one of the most talked-about pictures in many, many months.

First, it teams three of the most popular screen stars for the first time — Clark Gable, Jeanette MacDonald and Spencer Tracy. It is a picture brimming with romance, love, comedy, beautiful music and excitement.

Clark Gable offers one of his greatest characterizations as Blackie Norton, owner of the most popular resort on the Coast. Jeanette MacDonald is superb as the country girl who starts her singing career on the Barbary Coast and rises to greatest operatic heights, only to return to the Coast because of the man she loves. Spencer Tracy scores in an unusual role as a kindly priest who chooses the wicked street for his evangelistic work.

Dramatization of the gangland law of preservation makes it a dangerous romance that joins Margaret Callahan with Richard Dix, in the latter's starring picture, "Special Investigator."

The attractive brunette actress appears as the sister of a dangerous racketeer. Her romance with Dix is tuned to the blast of automatics when her brother's henchmen learn that the latter is a secret Government agent.

It was peculiarly fortunate that when Metro-Goldwyn-Mayer determined to produce the picture called "His Brother's Wife," W. S. Van Dyke was available to direct it.

The picture opens next week with Hollywood's most romantic team, Barbara Stanwyck and Robert Taylor, heading a remarkably fine cast.

Van Dyke, of course, is a veteran not only of the camera but of jungle adventure, and "His Brother's Wife" is a drama of the tropic wilderness.

Robert Taylor, right now the screen's most popular young star of the masculine ranks, has a daring role that he portrays with the daring it demands. He appears as a scientific explorer who falls in love with a beautiful red-headed girl on his last fling in civilization.

His brother urges the boy to forget the girl and carry on with his expedition. He agrees and in her rebellion the girl marries the brother. Return from the jungle the fever-haunted explorer finds himself in love with his brother's wife.

It would not be justice to reveal the climax but you may be assured that Taylor takes the girl back into the jungle with him. And there, in a desperate struggle against the mysterious forces of nature, he saves her life and wins her love.

### MONEY FOR LIQUOR FIGHT

For more than three years Cale K. Burgess of Raleigh, vice president of United Dry Forces of North Carolina, has devoted to the fight against the liquor traffic more than half his time. He has never accumulated any financial surplus, and has made several sacrifices to carry on the work, and has actually applied for loans on his life insurance policies to carry on the work at this critical time. He is unwilling to permit the cause of the organization to suffer, but an organization cannot be maintained and an effective fight cannot be made without financial support.

"The re-establishment of bar rooms and saloons in N. C. is tragic. If even a small number of those who profess to be Christians and those who should be interested in their homes and their children would put forth any effort prohibition could not only be retained but enforced effectively in North Carolina. The sale of intoxicating drinks in our State either legally or illegally, is a challenge to our citizenship. When ever a majority of our citizens desire to prevent this great evil, liquor will be outlawed and prohibit effectively. Will North Carolinians fight for their homes and children or will they surrender them to the forces of debauchery and destruction," says Cale Burgess.

What will Duplin County do? Are we willing for Cale Burgess to do the work and make the sacrifices he is making for the cause at large while we sit with folded hands, closed lips, and closed purses and not rally to his aid to crush the evil that is wrecking more homes, lives, businesses, breaking more hearts, disgracing righteousness and advancing poverty and the cause of the devil more than anything else on earth? Are Christians praying for the cause? We need prayer bands in every church for the drunkards and liquor dealers. We need money to finance the State and County work. Could we not find one hundred people in this big County who will send to C. E. Quinn, Kenansville, County Treasurer for Dry Force work, one big dollar? Who will be first? Send it now and don't wait. Those who can't send a dollar, send less. Pastors, will you help get this work on the hearts of your people? It is greatly effecting our churches. Miss Macy Cox, County Chm. of United Dry Forces. Magnolia.

### WHITEVILLE FILLED AS MARKET OPENS TODAY

Whiteville, Aug. 13.—With Georgia reports indicating better prices for the 1936 tobacco crop, Whiteville's progressive dependable tobacco market this week completed preparations for the opening today with a genuine air of optimism.

This morning found the city well-filled with thousands of tobacco growers from many counties and two states. By automobile, by truck, by wagon, and ox-cart they came, all intent upon availing themselves of the opportunities which the Whiteville market offers in the sale of tobacco.

Weed growers always find that the Whiteville market's 320,000 square feet of floor space, in six mammoth warehouses, affords them the constant assurance that their tobacco will be placed properly—that it will find space in well-ventilated warehouses. Three sets of buyers give Whiteville the greatest facility in marketing the farmers' tobacco.

The Whiteville tobacco market has a record of achievement during the past ten years of which it can be justly proud. An unsurpassed corps of warehousemen, one of the principal assets of any tobacco market, give Whiteville supremacy over the rest.

No pile of tobacco is sold on the floors of Whiteville warehouses which does not get the personal attention of warehousemen. They see to it that every pile nets the producer the maximum return for his product.
