

2 Die Following Crash In Pender

Car and Truck Collide At Intersection; Driver of Truck Being Hunted

Two are dead and others injured as a result of an automobile and truck accident this morning at Malpass Corner, Pender county, at the intersection of highway 421 and state highway 602.

The dead are C. P. "Todd" Croom, Currie, who died in a Wilmington hospital, and Ben Davis, a Wilmington negro who was dead when he arrived at the hospital.

The accident occurred, a highway patrolman is quoted as saying, when the car driven by W. C. Bell, Currie farmer, entered the state highway without stopping, and the truck, driven by George DeVaughn, Wilmington negro who fled, crashed into it.

Bell, who is in a hospital, and DeVaughn, when taken, will be held for an inquest.

Drive carefully and save a life.

BURIAL SERVICES HELD FOR MAGNOLIA RESIDENT

Mrs. Margaret Bradshaw Culbreth, 65, died at her apartment in Magnolia Sunday afternoon, and was buried in the Magnolia Cemetery beside her late husband, Marshall A. Culbreth, Monday at three o'clock. Rev. K. D. Faculty and College Students Are Guests at Rose Hill Entertainment

Rose Hill, Sept. 7.—The College Night party, given annually by the missionary societies of the Baptist, Methodist, and Presbyterian churches of the town in honor of the young men and ladies going away to college and to teach, and the local school faculty, was held Friday evening in the basement of the Methodist church. Games and contests, directed by Miss Annie Louise Herring, Miss Ruth Murray and Mrs. L. A. Wilson, featured a day at college and ended with glee-club singing. At the close of the party punch and wafers were served to 50

Watch Your Kidneys!

Be Sure They Properly Cleanse the Blood
YOUR kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as nature intended—fail to remove impurities that poison the system when relieved. Then you may suffer troubling headaches, dizziness, empty or too frequent urination, getting up at night, puffiness under the eyes, feel nervous, miserable—all signs.

Stomach Remains On Cold Storage

State Chemist Promises to Examine Stomach of Victim in Local Dog Slaughter

The solution of the case of the deaths of near two score dogs and cats here on the night of August 22 remains at a standstill due to the delay in having the stomach of one of the deceased dogs examined by the proper authorities, local officials blaming state officials, but not being able to put the finger on any certain one.

Immediately after the wholesale deaths the stomach of one victim was sent to the State laboratories, and no report was made until a few days ago when Dr. John H. Hamilton, director of the State Laboratory of Hygiene, wrote and informed

guests.

The presidents of the missionary societies, Mrs. E. G. Murray, Mrs. C. F. Hawes, and Mrs. C. T. Fussell, were assisted in the arrangements by Mrs. D. B. Herring, Mrs. Stokes Wells, Mrs. A. B. Bland, Mrs. A. B. Wells, Mrs. W. I. Rouse, and Mrs. Clifton Alderman.

ed local officials that his department did not choose to examine a dog's stomach, and suggested that W. M. Allen, State Food and Drug Chemist, State Department of Agriculture, be contacted. Meanwhile the stomach would be kept on cold storage.

Allen was forthwith written to, and until today nothing had happened, and today's occurrence amounts to practically nothing insofar as a definite report is concerned, for the stomach will not be examined, according to a telephone conversation between Allen and local authorities, until next week. The conversation this morning resulted in the discovery that Allen had not yet taken charge of the specimen, and that he promises to look into the matter within a short time.
