Miss Bruce Wilcox has returned from Virginia where she has been spending some time with her sister who has been ill.

Miss Bruce Wilcox has returned from Virginia where she has been spending some time with her sister who has been ill.

## Popular Novel And Famed Musical Coming To Wanoca

Bob Burns and Bing Crosby Bust Broadway With Bull and Bazooka

Two radio headliners, Bing Crosby and Bob Burns, have leading roles in the newest of the Crosby musicals, "Rhythm on the Range". The picture features Frances Farmer in the cast headed by such outstanding players as Warren Hymer and George E. Stone. It also introduces for the first time to the screen audiences Martha Raye, dynamic stage comedienne who boasts an acrobatic face and a rapid-fire line of near-insanity.

"Rhythm on the Range" launches six song hits, all of them currently heard on the radio and in dance halls everywhere.

Crosby and Burns are cow-boys in the picture, which opens with the pair appearing in a Madison Square Garden rodeo. The story plot revolves around their return trip to Arizona. Crosby rides in a box car with a prize Hereford bull he has purchased—and a stow-away, Miss Farmer, who is a society girl fleeing from an undesired marriage. Burns rides in a passenger car—and has the erratic Miss Raye as traveling companion.

As rare as it is for an unknown actor or actress to win fame in a single screen performance, a similar phenomenon in

## Why, Mr. La Salle!

Robert Cavalier Le Sieur de La Salle carried no such fair passenger when he came to Texas centuries ago. This is merely Neila Goodelle, radio star, climbing the rigging of La Salle's ship in "The Cavalcade of Texas," historical drama at the Texas Centennial Exposition in Dallas.

## COAST GUARD DISPLAY IS ARRANGED FOR FAIR

Raleigh, Sept. 23.—Arrangements for a Coast Guard demonstration at the State Fair, which will be held in Raleigh the week of October 12, have been made by Congressman Lindsey C. Warren, of the First District.

His action followed many requests for a repeat performance of a breeches bouy life-saving demonstration such as a group of coast guardsmen gave at the 1934 State Fair, Manager Norman Y. Chambliss said today in announcing Congressman Warren's success in securing this additional attraction.

The Coast Guard unit to perform at the fair will be taken from the seventh district, which has headquarters at Elizabeth City. Chief Boatswain W. G. Etheridge, with a mate and seven surfmen, will have charge of the exhibition, which will be presented on three days of fair week, beginning Wednesday.

Permission for the beach apparatus drill at the fair was secured by Congressman Warren directly from Rear Admiral R. R. Woesche, commandant of the U. S. Coast Guard.

Capital aloof to proposal for inter-national economic parley.

the literary world is even more unusual.

Richard Sherman, however, accomplished the difficult task solely through his story "To Mary—With Love."

The reading world was totally unfamiliar with the name of Sherman until his novel appeared in serial form in a national weekly.

Critics everywhere acclaimed the story as the great novel of modern love and life. Scarcely had the ink dried on the first installments, than producers were bidding for the screen rights.

Warner Baxter and Myrna Loy are co-starred in the film version of "To Mary—With Love", which opens Tuesday at the Wanoca Theatre. Ian Hunter, Claire Trevor and Jean Dixon are also featured.

## Civil Service Examinations

The United States Civil Service Commission has announced open competitive examinations as follows:

Junior veterinarian, \$2,000 a year, Bureau of Animal Industry.

Associate extension home economist (4-H Club work), \$3,200 a year, Department of Agriculture.

Research associate in inter-national relations, \$3,200 a

year, Department of State. Adjudicator, \$2,300 a year, Railroad Retirement Board. Applicants for the adjudicator examination must have had certain experience with a carrier organization or as an employee-representative of an employee organization in connection with such a carrier organization.

Full information may be obtained from the Secretary of the United States Civil Service Board of Examiners at the post office or customhouse in any city which has a post office of the first or second class, or from the United States Civil Service Commission, Washington, D. C.

## MANN ASSERTS COTTON CROP LEAST IN YEARS

Raleigh, Sept. 21.—Pointing out that North Carolina's estimated cotton crop of 556,000 bales is the smallest in more than a quarter of a century, M.

G. Mann, general manager of the North Carolina Cotton Growers Cooperative Association, has warned farmers that "It is folly to dump your cotton on the market without regard for the highest price plus your full premiums for better grades and staples."

"With such a short crop staring us in the face, far-sighted farmers certainly should strive to get every dollar they can for their cotton," Mr. Mann said. "This cannot be accomplished by 'dumping'."

Showing that approximately 75 percent of the North Carolina crop is running 15-16 and better in length, Mann said that it is good business for the farmer to market his crop and in such a manner as to get the full premium for his better grades and staples.

Man who menaced King Edward gets a one-year prison term.

## FORESTERS DISTRIBUTE N. C. ROUTE BOOKLETS

A booklet suggesting automobile trips through the national forests of Georgia and North Carolina that will be useful to motorists looking for opportunities to enjoy autumn coloring in the mountains is available on request from the United States Forest Service, Glenn building, Atlanta, Ga. An illustrated map indicates thirty side trips from Clayton, Lakemont, and Franklin.

"The enlarged Forest Service program of recreational development made possible by the CCC is bringing thousands of new visitors to North Georgia and Western North Carolina," according to Southern Regional Forester Joseph C. Kircher. "Our Rabun Beach development and Glassy Mountain Lookout, altitude 3,521 feet, near Clayton have been exceedingly popular all summer with

picnic parties. "In North Carolina, we have an observation point on Wayah Bald near Franklin where one may enjoy a sweeping panorama of the mountain scenery of four states. Our register reveals visitors from Brazil, Costa Rica, Cuba, England, France, Germany, Hawaii, Ireland, Korea, Mexico, Portugal, and South Africa, as well as all the states in the Union."

Scholars at Harvard urge "court of wisdom" to guide the world.

... and change to modern OIL-PLATING

In about a minute this engine will be getting Oil-Plated and won't need any oil added for such a long time that the owner will pass up everything for Conoco Germ Processed oil. In making this oil, a patented "hyper-oily concentrate," as Science terms it, is used to alloy a most carefully refined mineral oil. That is Germ Processing! It has two sure effects . . . (1) makes the familiar type of oil-film many times stronger . . . (2) backs this far stronger film with an entirely extra Oil-Plating. Oil-Plating is an actual deposit of Germ Processed oil, fixedly Plated to every moving part. So you have oil-film sliding on Oil-Plating . . . oil-moving-on-oil! And you can't keep farther away than that, from "another quart of oil." Continental Oil Co.
