HOEY AS TOASTMASTER AT MUNICIPAL BANQUET (Continued from Page One) Prior to the banquet, members of the League will meet in an all-day executive session to discuss and finally adopt the legislative program approved at their annual convention in Wilmington last summer.

Mayor Iseley reported today that considerable interest has been manifest in the selection of Dr. T. V. Smith of Chicago as principal speaker at the banquet. Dr. Smith, who is a member of the Illinois State Senate and Professor of Philosophy at the University of Chicago, is well-known throughout the nation for his militant, logical espousal of President Roosevelt's candidacy for re-election.

FOR 10 consecutive weeks during the late campaign, Dr. Smith appeared weekly on nation-wide broadcasts in behalf of the Demonstratic standard-bearer, and his talks are said to have elicited more "fan mail" than the efforts of any other Democratic orator.

A polished orator and a convincing commentator on today's affairs, Dr. Smith will discuss "A Philosophy of Skill in Politics" at the municipal League's banquet. His address has been outlined to afford a maximum of instruction and interest to the legislators and the municipal officials.

We can watch our own personal lives and our organization activities at least, if those show up bright and pleasing they will help the sum total for 1937 to a surprising extent.
