

Arrangements For Festival Are Rapidly Rounding Out

(Continued from Page One) Cavanaugh will supply the corsages worn by Mrs. Roosevelt, the Queen and her maids of honor.

Full details attendant upon the staging of the nightly dances and the Queen's Ball on Friday night will be under the supervision of Wiley B. Knowles and R. M. Browder, Mr. Dunn stated, while the capable secretary of the festival will himself stage the fashion show on Wednesday night, as well as looking out for the arrangement of the large number of exhibition booths.

Believing that the best is none too good for the multitude of visitors Wallace will undoubtedly be called on to entertain the week of the festival, the mayor informed the Enterprise today that the services of A. A. Hill, of Danville, Va., head of the Hillco Sound Service, had been obtained to install in the warehouse and direct the operation of one of the finest sound amplifying systems available. This will make it possible, the mayor said, for people in the remotest corner of the great building to hear with ease every word spoken on the several programs arranged for the festival week. This modern sound amplifying system will be doubly appreciated by the thousands who will be on hand to hear the First Lady and other notables June 11.

The festival continues to receive a great deal of publicity through the press, and this was augmented by a visit made by Mr. Reh this past week-end to various points on the coast with a large truck, on the sides of which were displayed large banners giving the date of the festival, the picture of a tremendous red strawberry, and the names of some of the feature acts booked for the festival. The truck visited New

Bern, Jacksonville, Beaufort, Richlands, Maysville, and other towns. Mr. Reh stated that the banners attracted much attention at Morehead City and Beaufort, where the beaches drew hundreds this past Sunday.

Due to the huge crowd expected here the week of the celebration, the State Highway Commission has assured the festival committee that they will cooperate wholeheartedly in any way possible. Fifty state patrolmen have been assigned to the Wallace section for the festival, and, in addition, a state road force is at present engaged in beautifying all road approaches to the Town, and are cooperating in every other way possible with town officials.

While the outlook for this year's festival is undoubtedly of the best, Mayor Harrell confided today that by far the most heart-warming and encouraging thing he has yet come in contact with is the exceedingly friendly attitude of the municipalities through which the motorcade will pass. The mayors of Kenansville, Warsaw, Lumberton, Maxton, Windsor, Wilmington, Kinston and literally dozens of others have shown an especial interest in plans to advertise the festival and have offered escorts, entertainment, and literally every other kind of assistance imaginable to the Wallace representatives. Mayor Blair, of Wilmington, even went to the trouble to call Mayor Harrell on the phone one day this week to tell him that a place had been reserved for the motorcade in front of the city hall, and that a right royal welcome waited the unit in the sea coast city.

BERRY MARKETS

(Continued from Page One) market during the past six days were as follows: Thursday, May 6th, 5,971 crates; Friday, May 7th, 5,438; Saturday, May 8th, 7,188; Monday, May 10th, 12,364; Tuesday, May 11th, 8,834; and Wednesday, May 12, 11,831.

The Rose Hill report showed: Thursday, May 6th, 1,210; Friday, May 7th, 1,462; Saturday, May 8th, 1,605; Monday, May 10th, 3,001; Tuesday, May 11th, 1,838; and Wednesday, May 12th (estimated) 2,500.

The unofficial average for the past six days has hovered around the \$3.00 mark with prices inclined to fluctuate from day to day.

Growers and brokers alike are inclined to believe that next Monday will be the biggest day of the season in so far as volume is concerned. Estimates for this day run from 15 to 20 thousand crates.

MAYOR APPEALS TO WALLACE CITIZENS

(Continued from Page One) immediately adjacent to Wallace in the best possible condition for the occasion.

The State Highway Commission is at this time engaged with a large crew of men in repairing and beautifying all roads and approaches leading to Wallace, and are doing much in other ways to assist to their utmost the Town Board with the cleanup program. I, therefore, do earnestly appeal to each and everyone of you to begin at once to add your bit to this general beautifying campaign and never ceases until our town is in the condition that each and everyone of us would like to see it in on June Eleventh, the day designated for use to entertain our distinguished visitors.

Signed—
F. Aubrey Harrell, Mayor
Town of Wallace.
May 13, 1937.

Mother's Day Reunion

On Sunday, May 9, the children of Rev. and Mrs. C. J. Carr, of near Teachey, met for an enjoyable Mother's Day reunion at the home of their parents. There were seven children, four in-laws, and five grandchildren present in addition to other relatives.

Those present were as follows: Solicitor and Mrs. Leo Carr, and daughter, Betty Jane, of Burlington; Mr. and Mrs. Furlan Floyd, and daughter, Betty Carr, and baby, Lynn Furman, of Fairmont; Miss Maude Carr, of Wilmington; Professor and Mrs. Paul Carr and baby, Paul, Jr., of Stokes; Mr. and Mrs. DeWitt J. Carr, of Dunn; Miss Naomi Carr, of Lillington, and C. J. Carr, Jr., of Presbyterian Junior College, Maxton. Other invited guests were: Dr. and Mrs. J. A. Jer-nigan, of Dunn; Mrs. Valeria Williams, and Sally Murphy, of Wallace, and Jefferson Boney Carr, of Teachey.

All were served atasty dinner after which the hostess, Mrs. C. J. Carr, received many lovely and useful gifts.

EMPLOYMENT MEN TO VISIT DUPLIN

(Continued from Page 1) not known positively when the representatives will canvass Duplin county, but it will probably take place shortly.

As in other counties, the field men will try to find all employers who are subject to the Un-employment Compensation Act, and who have not made reports or contributions on the wages of their employees, and help them to make the proper reports and remittances.

APPEAL MADE BY SECURITY BOARD

(Continued from Page One) numbers could be recorded on the employers' records. In some of these instances, Mr. Wade said, employers have not known what to do with the cards.

In these cases, and in all others where account number cards are given to employers, Mr. Wade emphasized that they should be turned over to employees promptly.

Mr. Wade pointed out that employees, in reporting their social security account numbers to employers, need not give their account cards to employers the account numbers—not the cards.

Four purposes of the Federal old-age benefits program, employers, beginning next July, will use account numbers in reporting the amount of wages paid employees. These wages will be credited to the individual employee's social security account. The amount of old-age benefits will be based on the total amount of wages paid the individual employee in covered employment after 1936 and until he reaches age 65.

Employees in industry and commerce who do not have account numbers were urged to apply immediately at their local post offices for them. Duplicate account cards, Mr. Wade added, may be obtained in the same way by employees who have lost their cards.

Mr. Wade also called attention to the fact that counterfeit account cards were being used by some unscrupulous people to aid them in cashing

checks and as identification for other purposes, and a word of warning in this respect is in order.

FREIGHT SERVICE RESTORED BY R. R.

(Continued from Page 1) tended by representative shippers from Duplin, Pender, and Wayne counties. Similar meetings were also held in Chad-bourn where sentiment was the same as that expressed here.

With the fast freight service again available shippers will be able to make second morning delivery on a number of markets which ordinarily are not reached before the third morning.

SPECIAL EDITION OF ENTERPRISE TO BOOST SECTION

(Continued from Page One) the big celebration and to this section in general.

It is desired to make the edition truly representative of Wallace, of Duplin and this section, and to do this the liberal moral and material cooperation and support of the business public is needed and is earnestly asked. A representative of The Enterprise will call on and interview the various business firms and institution here for the purpose of enlisting this support. The edition will go into the hands of, and be read by thousands, and will be preserved by many as a souvenir of the occasion and the section it will portray. Advertisers will find that using space in this edition will not only reach to their individual commercial interests, but will be, at the same time, a cooperation that will make possible the boosting of an event and of interests that will make for the civic and commercial advancement of this section.

The Enterprise's representative will gladly cooperate with local advertisers in the preparation of their copy. Those interested are asked to Phone 242-1, in the event a representative fails to call, and those desiring extra copies of the edition are, likewise, asked to place their order for them immediately, as press work on the edition will start in the near future.

R. H. STEVENS DIES OF HEART ATTACK

(Continued from Page 1) his widow and one son, Hugh Blair Stevens, and one grand-child.

As an example of the esteem in which Mr. Stevens was held by his friends and associates, the Goldsboro News-Argus said: "Rufus H. Stevens was a man whose word had ever been as good as his bond. Honest, frank in his dealings with all men, all who knew him gave him respect."

WAIVE TERM AND HAVE CASES TRIED

(Continued from Page 1) highways of Duplin County while under the influence of intoxicating liquors and received a four-months road sentence. He was also ordered not to operate an auto in the State for a period of one year. Several strawberry pickers also faced trial on this day on charges of vagrancy following their sit-down strike and received 30-day road sentences.

WALLACE WOMAN HONORED BY PTA

(Continued from Page One) vities of the state organization. Another honor also went to Mrs. Blair when her district received, for the second succes-

ful year, the silver loving cup awarded annually to the district reporting the largest number of life memberships secured during the year. While the cup does not become the property of the district, it remains in the district president's custody until won by another.

WALLACE — WARSAW — FAISON

4 TIMES AROUND THE WORLD. A man drove his car on Gulfpride Oil 100,000 miles—without ever needing a repair, without having the head of the motor, without ever adding a drop of oil between crankcase drains.

THESE 3 BOTTLES prove Gulfpride the finest of Pennsylvanias. The first bottle contains a mixture of highly refined 100% pure Pennsylvania motor oils. The second bottle shows the oil after Alchlor refining—a full 20% discarded. The third bottle shows the 20% waste that forms carbon, sludge, and gum. This waste is not present in Gulfpride.

AUTO BUDGETS are low for Gulfpride users. For full-bodied Gulfpride not only lasts longer but it also lubricates better. Drain and refill with Gulfpride—holder of over a dozen world records and the favorite of leading airlines. Then, fill your tank with Gulf's new No-Nox Ethyl and drive a pair of real champions.

Moral:
When you change your oil
— Change to
Gulfpride
The World's
Finest Motor Oil
