

Auction Sidelights

Thousands of crates of strawberries are moving through the block now that the season is reaching its peak. But the auctioneer's "Drive, driver, drive," as soon as the load is bid in, keeps the line on its way.

Now and then a snatch of son, in a sweet soprano voice that belongs to none other than Bill Hussey, will drift out over the heads of the assembled throng. The other day the haunting (and how) refrain of "Say, Mr. Bullfrog," brought sundry mutterings of reprisals.

Visitors who observe the auction in action for the first time are amazed at the steadily changing scene and the speed

with which the berries are handled. It seems but a moment from the time the lot comes in before it is on its way out again, sold to the highest bidder.

The following poem honoring (?) our good friend "Bill" Hussey was contributed:
"Old 'Bill' Hussey is a fine, fine man,
He sell berries hot like the frying pan,
His brain is weak, but his voice is strong,
So an auction block is the place he belongs!"

With the advent of the berry season in earnest, trucks and automobiles bearing out-of-state license may be seen in increasing number around the auction block. One day the past week cars and trucks from Delaware, Maryland, New York, Florida, New Jersey, Virginia, South Carolina, Georgia, Pennsylvania, and Connecticut were noted. There were probably others not noted. This is an excellent indication of the fame of Wallace's berry market.

The market at Chadbourne, it has been learned, is now calling itself the "Largest Klondyke Market in the World."

With the experience Auctioneer Hussey has in reading sign language, we believe he'd be a good man to take along on any expedition to the earth's wild places. But then he'd probably raise the cost of his services five cents every time someone made a gesture or friendship to him.

Rose Hill

In the absence of the pastor, Rev. J. Herman Barnes, who is ill, prayer services were held at the preaching hour Sunday morning at the local Baptist church. The services were led by W. L. Beach. Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. If kidneys malfunction in their work—do not act as Nature intended—all to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, itching of skin, getting up at night, profuse perspiration under the arms—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. The Doan's Pills, Doan's have been winning new friends for more than forty years. They have a nationwide reputation. Are recommended by grateful people the country over. Ask your neighbor!

What is the "Low-price Field"?

YOU hear a lot about "the low-price field" these days. A good many cars claim to be in it. So whenever the low-price field is mentioned, remember:

Until Ford came, no average American could own a car.

Today all Ford prices are still low — with the prices of the 60-horsepower Ford V-8 \$30 to \$60 lower than those of any other car of comparable size.

But with Ford, "low price" doesn't merely mean low figures on the price tag. It means much more than that. It means low prices and low costs all the car's long life. Low prices for service — for parts — and, above all, for operation.

Both Ford V-8 engine sizes are economical to operate. The 35 horsepower gives greater gasoline mileage this year than ever, and the "60" delivers the highest mileage in Ford history.

Private owners, cab companies, fleet operators all report that the "60" averages from 22 to 27 miles per gallon of gasoline.

Check and see how much Ford saves you.
