er of L. W. Newkirk, Magnolia, N. C. Route 1. She moved to Washington in 1911, and has lived there ever since. She was born in Wallace and is well known here.

Because of her splendid work, Mrs. Newkirk was honored by the District Office of Civilian Defense on last Thursday a week ago. She couldn't get down to the departmental auditorium to get the award. She saves her energy for knitting and going to church, but the officials got it to her anyway.

"I like the work," she says, "and I think it's the little I can do to help. I can't do much but I can knit."

Since 1940 when for the first time since World War I, she began sending her work to the Red Cross, Mrs. Newkirk's nimble fingers have turned out the astounding total of 3,769 garments.

She said that she did not realize anybody was noting her contributions.

"I just kept on knitting and knitting without expecting any reward for it," she said.

She says she hasn't any special system. Doesn't know what kind of technique she uses. Whatever method it is, she says, she learned it while she lived at Magnolia, N. C., where she spent her girlhood days.

This war isn't her first knitting war though. She did the same in 1917 and 1918. Two of her five sons were in that war. Four sons and one daughter live in Washington. She also has nine grandchildren.
