### Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.  
 Creomulsion blends beachwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.  
 No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Are Returning Veterans "Different"?

During the war you heard a lot about how hard it was going to be for returning veterans to get adjusted to civilian life... how they'd be "different."

Well, plenty of them have returned to our town, and a finer, steadier bunch you couldn't ask for. Most of them are back at the same jobs... going with the same nice home-town girls (getting married, and some of them, and setting up families)... renewing the same old friendships.

Even their amusements are the

same. Nothing more exciting than fishing Seward's creek or pitching horseshoes... enjoying an outdoor barbecue with friendly wholesome beer and pleasant talk.  
 If they've changed at all it's in the direction of maturity and tolerance... tolerance for everything except dictators, and those who would destroy our democratic principles of live and let live. And from where I sit, that's another reason to be proud of them.

#### TO THE EDITOR:

Duplin County needs a County Home. There has been much dissatisfaction with doing away with our Duplin County Home and the complaint made against the County officials who did it is entirely justifiable. One very strong argument for so doing was that some times there were so few there it did not pay the County to keep the home. Face that argument with the fact that at other times it was filled and running over. Another argument was, it was right at the Prison Camp. Yes it was and the County Home was here long before the Prison Camp was put there and had first right. The Prison Camp should never have been put there. There is plenty of land in Duplin County to have a Prison Camp elsewhere than on County Home lot and Duplin County is no pauper county, it was, and is, amply able to buy what was needed. See what a difference. The County Home was to take care of aged people, and others who could not take care of themselves and most of them had no one to take care of them. The home was very sorry and poorly equipped. Not a thing attractive or amusement. Not a place to hold worship services. Just a little as would do was provided. Look at the grand building etc., for prisoners; people who had committed crime. What a difference!  
 As to placing our poor people in homes, does not always give comfort and satisfaction. In this busy age few homes can take the responsibility to take old afflicted people and give them con-

CHURCH SERVICES  
 Rev. F. M. Bain preached on Sunday a. m. reading Isaiah 5-3 and using the 5th verse as his text. But he was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed.

IF WE HAD BUT A DAY  
 We should fill the hours with the sweetest things,  
 If we had but a day;  
 We should drink alone at the purest springs.  
 In our upward way;  
 We should love with a lifetime's love in an hour,  
 If the hours were few;  
 We should rest, not for dreams, but for freasher power  
 To be and to do.  
 We should waste no moments in weak regret,  
 If the day were one;  
 If what we remember and what we forget went out with the sun;  
 We should be from our clamorous selves set free,  
 To work or pray;  
 And be what our Father would have us to be,  
 If we had but a day.

stant care. It is too great a responsibility and too confining. We need a County Home. It is going to be needed more and more. The money received for the County Home should be put in another and enough more added to build a really decent, comfortable, attractive home. The county money built the one sold and the county should have had privilege of voting to keep or sell. We need a County Home. A petition from the county should be presented to the present board to have one as early as possible, if there are others who see as I see and I have heard hosts of people so express themselves. Yes, again I say we need a County Home and I am neither ashamed or afraid to express my opinion anywhere, anytime. What do you who read this think? Do you agree that we need a County Home? If so, let's stand together and ask for it.

North Carolina has normally 2,300 active doctors, but 1,300 additional doctors are needed to provide at least one doctor for each 1,000 people.

Only four counties in North Carolina have more than four hospital beds per 1,000 population.
